Mudhouse Sabbath Lauren F. Winner, 2015-08-01 Winner's original Mudhouse Sabbath has sold 45 000 copies been translated into three languages and spawned a successful video study series After her conversion from Orthodox Judaism to Christianity Winner found that her life was indelibly marked by the rich traditions and spiritual practices of Judaism She here presents eleven Jewish practices that can transform the way Christians view the world and God including attentive eating mourning candle lighting and Sabbath keeping Since first publishing the book Lauren has earned her MDiv and PhD and become an Episcopal priest Her thought has deepened and developed This new Study Edition incorporates the complete original text plus primary texts from Jewish and Christian sources and new material on each of the eleven topics The result is a powerful work for Christians wanting to explore in depth and understand the Jewish origins of Christianity At a time when we are so aware of the differences between Judaism and Christianity Lauren Winner's book on what we can learn from each other is so refreshingly welcome Rabbi Harold Kushner author of When Bad Things Happen to Good People *John: An Earth Bible Commentary* Margaret Daly-Denton, 2017-07-13 This volume in the Earth Bible Commentary Series suggests how John's Gospel might motivate and resource a Christian response to the ecological crisis Margaret Daly Denton shows how aptly Mary Magdalene recognized the risen Jesus as the gardener Jn 20 15 completing his day's work in the garden of the Earth The Johannine story of Jesus offers his present day followers a paradigm with considerable potential to inspire Earth care sustainable living and commitment to eco justice The Fourth Evangelist believes that Jesus fulfils the Jewish hope for a restoration envisaged as a return of humankind to Eden Keeping this theme continually in mind Daly Denton reads the gospel with sensitivity to the role of the more than human world in the narrative and with particular attention to the scriptural underlay that repeatedly brings this world into the foreground The commentary begins with an exploration of the memories and associations that the garden setting would have evoked for the intended audience It then follows the gospel's spiral path that eventually leads to the garden of Mary's encounter Each chapter concludes by asking how believers might do God's work Jn 6 28 in today's ecologically damaged world and by offering practical suggestions indicative of the reflection that readers of the commentary will be able to do in their own setting *A Place at The Table* Jo Swinney, Miranda Harris, 2022-09-15 At a time when loneliness and isolation have reached unprecedented levels it has never been more important for Christians to embrace the practice of hospitality For many it is a lost art a practice we have forgotten neglected or distorted beyond all recognition Amid material comforts and rife individualism practising hospitality can often hold unrealistic expectations and insurmountable pressure But what if the practice of hospitality was simpler and yet more profound than we imagined From the simple act of preparing vegetables to the warm welcome of a stranger co authors

Miranda Harris and her daughter Jo Swinney re define hospitality for the modern age Drawing on biblical insights and a deep well of experience most significantly within the community in the A Rocha family this is a warm invitation to embrace the loving kindness of others To be hospitable doesn t require culinary excellence or matching cutlery it doesn t even require a home of one s own true hospitality offers a welcome into imperfection and messiness a place to belong and be embraced Following the progression of a meal from its planning to the moment every guest has departed A PLACE AT THE TABLE is a heart warming invitation into a life of thoughtful food preparation shared meals and meaningful conversation

A History of Cooks and Cooking Michael Symons, 2004 Never has there been so little need to cook Yet Michael Symons maintains that to be truly human we need to become better cooks practical and generous sharers of food Fueled by James Boswell s definition of humans as cooking animals for no beast can cook Symons sets out to explore the civilizing role of cooks in history His wanderings take us to the clay ovens of the prehistoric eastern Mediterranean and the bronze cauldrons of ancient China to fabulous banquets in the temples and courts of Mesopotamia Egypt and Persia to medieval English cookshops and southeast Asian street markets to palace kitchens diners and modern fast food eateries Symons samples conceptions and perceptions of cooks and cooking from Plato and Descartes to Marx and Virginia Woolf asking why cooks despite their vital and central role in sustaining life have remained in the shadows unheralded unregarded and underappreciated People think of meals as occasions where you share food he notes they rarely think of cooks as sharers of food Considering such notions as the physical and political consequences of sauce connections between food and love and cooking as a regulator of clock and calendar Symons provides a spirited and diverting defense of a cook centered view of the world
