# Supplying Repression:

U.S. Support  
for Authoritarian  
Regimes Abroad

by Michael T. Klare

# Supplying Repression

**Naval War College (U.S.)**

## Supplying Repression:

**Supplying Repression** Michael T. Klare, Cynthia Arnson, Delia Miller, Daniel Volman, 1981 Michael Klare has been a pioneer researcher at the information frontier of the imperial war system for years indicating the viability and relevance of such an enterprise even in our kind of closed society This volume written in collaboration with Cynthia Arnson updates and extends his valuable study of U S support for authoritarian governments Their analysis enables us to get beyond slogans and to grasp the organic links between training repressive tactics and the anguish of torture victims This portrayal makes it unmistakably clear that the United States is and has been all along a knowing senior partner of repression on a global scale And indeed the new emerging Reagan foreign policy based on an all oceans American led alliance of right wing governments boldly acknowledges our dependence on these repressive regimes and their dependence on us for the latest off the shelf knowhow and hardware Bulletin of the Atomic Scientists, 1979-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world Bulletin of the Atomic Scientists, 1979-11 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world

**Supplying Repression** Michael T. Klare, Cynthia Arnson, Delia Miller, Daniel Volman, 1981 Michael Klare has been a pioneer researcher at the information frontier of the imperial war system for years indicating the viability and relevance of such an enterprise even in our kind of closed society This volume written in collaboration with Cynthia Arnson updates and extends his valuable study of U S support for authoritarian governments Their analysis enables us to get beyond slogans and to grasp the organic links between training repressive tactics and the anguish of torture victims This portrayal makes it unmistakably clear that the United States is and has been all along a knowing senior partner of repression on a global scale And indeed the new emerging Reagan foreign policy based on an all oceans American led alliance of right wing governments boldly acknowledges our dependence on these repressive regimes and their dependence on us for the latest off the shelf knowhow and hardware *Transforming Settler States* Ronald Weitzer, 2023-11-15 In the past two decades several settler regimes have collapsed and others seem increasingly vulnerable This study examines the rise and demise of two settler states with particular emphasis on the role of repressive institutions of law and order Drawing on field research in Northern Ireland and Zimbabwe Ronald Weitzer traces developments in internal security structures before and after major political transitions He concludes that thoroughgoing transformation of a repressive security apparatus seems to be an essential but often overlooked precondition for genuine democracy In an instructive comparative analysis Weitzer points out the divergent development of initially similar governmental systems For instance since independence in 1980 the government of Zimbabwe has retained and fortified basic features of the legal and organizational

machinery of control inherited from the white Rhodesian state and has used this apparatus to neutralize obstacles to the installation of a one party state In contrast though liberalization is far from complete The British government has succeeded in reforming important features of the old security system since the abrupt termination of Protestant Unionist rule in Northern Ireland in 1972 The study makes a novel contribution to the scholarly literature on transitions from authoritarianism to democracy in its fresh emphasis on the pivotal role of police military and intelligence agencies in shaping political developments This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **The Politics of Terrorism, Third Edition**, Michael

Stohl,2020-08-18 This book provides the reader with an introduction to the concept and practice of terrorism embedded within a firm understanding of politics and social structure It explores the major theories typologies strategies ideologies practices and responses to contemporary political terrorism **The Real Terror Network** Edward S. Herman,1982 A devastating expose of U S foreign policy which separates the myth of an international terrorist conspiracy from the reality

**American Arms Supermarket** Michael T. Klare,2014-06-30 U S arms sales to Third World countries rapidly escalated from 250 million per year in the 1950s and 1960s to 10 billion and above in the 1970s and 1980s But were these military sales so critical in their impact on Third World nations and on America s perception of its global role achieving the ends and benefits attributed to them by U S policymakers In American Arms Supermarket Michael T Klare responds to this troubling still timely question with a resounding no showing how a steady growth in arms sales places global security and stability in jeopardy Tracing U S policies practices and experiences in military sales to the Third World from the 1950s to the 1980s Klare explains how the formation of U S foreign policy did not keep pace with its escalating arms sales how instead U S arms exports proved to be an unreliable instrument of policy often producing results that diminished rather than enhanced fundamental American interests Klare carefully considers the whole spectrum of contemporary American arms policy focusing on the political economy of military sales the evolution of U S arms export policy from John F Kennedy to Ronald Reagan and the institutional framework for arms export decision making Actual case studies of U S arms sales to Latin America Iran and the Middle East provide useful data in assessing the effectiveness of arms transfer programs in meeting U S foreign policy objectives The author also rigorously examines trouble spots in arms policy the transfer of arms making technology to Third World arms producers the relationship between arms transfers and human rights and the enforcement of arms embargoes on South Africa Chile and other pariah regimes Klare also compares the U S record on arms transfers to the experiences of other major arms suppliers the Soviet Union and the big four European nations France Britain the former West Germany and Italy Concluding with a reasoned carefully drawn proposal for an alternative arms export policy Klare

vividly demonstrates the need for cautious restrained and sensitive policy

*Rent-Seeking, Institutions and Reforms in Africa* Pius Fischer, 2007-12-03 This book identifies rent seeking behaviour as one of the main causes of poor economic performance observed among other places in many countries of Africa Rent seeking describes the ability to capture incomes without producing output or making a productive contribution Since rent seekers are often an integral part of an ailing economy and resist the adoption of reforms understanding and anticipating rent seeking behaviour is crucial for designing more adequate and effective policy reforms Following a comprehensive theoretical elaboration of the causes properties and consequences of rents and rent seeking strategies in the context of economic reforms and development cooperation this book presents a detailed case study on rent seeking within the civil service parastatal sector and business community It demonstrates how rent seekers in Tanzania have systematically delayed or undermined reforms such as tax reforms trade liberalisation privatisation or any reforms that aim to restrain corruption and embezzlement The case study quantifies and evaluates the rent seeking behaviour of more than 300 parastatal companies considering their profits and losses the quality and timeliness of their accounting and the magnitude of support they obtained from 16 different sources

Democracy's Think Tank Brian S. Mueller, 2021-07-02 In *Democracy's Think Tank* Brian S Mueller places the Institute for Policy Studies IPS at the center of a network of activists involved in making the world safe for diversity Unlike defense intellectuals at the RAND Corporation and other think tanks responsible for formulating military strategy the peace intellectuals at IPS developed blueprints for an alternative to the U S led world order As the Iron Curtain fell across Eastern Europe a triumphalist Cold War narrative emerged proclaiming victory for freedom democracy and free enterprise over totalitarianism Yet for the peace intellectuals at IPS the occasion did not merit celebration Since its doors opened in 1963 IPS refused to embrace American exceptionalism and waged a battle against the Cold War and its liberal anti communist supporters As IPS founders Marcus Raskin and Richard Barnet saw it in the process of fighting communism and preserving the liberal capitalist order Cold War liberals had forsaken democracy *Democracy's Think Tank* tells the story of IPS's crusade to resurrect democracy at home and abroad Borrowing from populist progressive and New Left traditions IPS challenged elite expertise and sought to restore power to the people To this end IPS in the words of journalist I F Stone served as the institute for the rest of us Mueller tells the story of IPS's involvement in a broad range of grassroots campaigns aimed at ending the Cold War and increasing participatory democracy in the United States and across the globe Contemporary observers seeking an alternative to American empire in the twenty first century will find *Democracy's Think Tank* offers several possible paths toward a more democratic order

Naval War College Review Naval War College (U.S.), 1983

**Violence Work** Micol Seigel, 2018-08-02 In *Violence Work* Micol Seigel offers a new theorization of the quintessential incarnation of state power the police Foregrounding the interdependence of policing the state and global capital Seigel redefines policing as violence work showing how it is shaped by its role of channeling state violence She traces this dynamic by examining the formation

demise and aftermath of the U S State Department s Office of Public Safety OPS which between 1962 and 1974 specialized in training police forces internationally Officially a civilian agency the OPS grew and operated in military and counterinsurgency realms in ways that transgressed the borders that are meant to contain the police within civilian public and local spheres Tracing the career paths of OPS agents after their agency closed Seigel shows how police practices writ large are rooted in violence especially against people of color the poor and working people and how understanding police as a civilian public and local institution legitimizes state violence while preserving the myth of state benevolence

**The Rise and Decline of the American Century** William O. Walker III, 2018-10-15 In 1941 the magazine publishing titan Henry R Luce urged the nation s leaders to create an American Century But in the post World War II era proponents of the American Century faced a daunting task Even so Luce had articulated an animating idea that as William O Walker III skillfully shows in *The Rise and Decline of the American Century* would guide United States foreign policy through the years of hot and cold war The American Century was Walker argues the counter balance to defensive war during World War II and the containment of communism during the Cold War American policymakers pursued an aggressive agenda to extend U S influence around the globe through control of economic markets reliance on nation building and where necessary provision of arms to allied forces This positive program for the expansion of American power Walker deftly demonstrates came in for widespread criticism by the late 1950s A changing world epitomized by the nonaligned movement challenged U S leadership and denigrated the market democracy at the heart of the ideal of the American Century Walker analyzes the international crises and monetary troubles that further curtailed the reach of the American Century in the early 1960s and brought it to a halt by the end of that decade By 1968 it seemed that all the United States had to offer to allies and non hostile nations was convenient military might nuclear deterrence and the uncertainty of d tente Once the dust had fallen on Lyndon B Johnson s presidency and Richard M Nixon had taken office what remained was *The Rise and Decline of the American Century* shows an adulterated strategically based version of Luce s American Century

[The Concept of Human Rights in Africa](#) Issa G. Shivji, 1989 1 The dominant discourse

**Policy within and Across Developing Nations** Stuart S Nagel, 2019-01-04 First published in 1998 policy WITHIN developing nations includes 1 Economic policy such as economic growth without inflation or sectors of unemployment 2 Technology policy such as encouraging the adoption of improved technologies for health energy transportation agriculture manufacturing and the environment 3 Social policy such as education facilities and merit treatment across ethnic groups genders age groups economic classes and geographical regions 4 Political policy such as multiple sources of ideas from different government levels branches interest groups and parties 5 Legal policy such as compliance with the law by street people business people and government people Policy ACROSS developing nations includes 1 International economic policy such as trade tariffs exchange rates and factory relocation 2 International technology policy such as patents copyrights trademarks and other aspects of technology transfer 3 International social

policy such as immigration refugees and cross border ethnic friction 4 International political policy such as human rights and the role of sanctions 5 International legal policy such as the drug trade human rights business transactions torts and property rights across national boundaries

**El Salvador, the Face of Revolution** Robert Armstrong, Janet Shenk, 1982 Two of the leading U S experts on Central America provide the definitive study of the history and reality of the situation in El Salvador through the early 1980s

**Capitalism and the American Political Ideal** Edward S. Greenberg, 2016-07-08 This practical handbook has been revised to provide in depth coverage of the Office of Thrift and Supervision rules as well as those of the OCC It includes up to date information on every of trust compliance as it applies in 2000

Political Economy of Human Rights Noam Chomsky, Edward S. Herman, 1979

**The Washington Connection and Third World Fascism** Noam Chomsky, Edward S. Herman, 2015-03-20 The Political Economy of Human Rights is an important two volume work co authored with Edward Herman also co author of the classic Manufacturing Consent which provides a complete dissection of American foreign policy during the 1960s and 70s looking at the entire sweep of the Cold War during that period including events in Vietnam Cambodia Indonesia and Latin America For those looking to develop a broad understanding of American foreign policy during the 20th Century this work has been a vital resource and is now available to a new generation of scholars and activists

**The Salvadoran Crucible** Brian D'Haeseleer, 2017-12-15 In 1979 with El Salvador growing ever more unstable and ripe for revolution the United States undertook a counterinsurgency intervention that over the following decade would become Washington s largest nation building effort since Vietnam In 2003 policymakers looked to this successful undertaking as a model for US intervention in Iraq In fact Brian D Haeseleer argues in The Salvadoran Crucible the US counterinsurgency in El Salvador produced no more than a stalemate and in the process inflicted tremendous suffering on Salvadorans for a limited amount of foreign policy gains D Haeseleer s book is a deeply informed dispassionate account of how the Salvadoran venture took shape what it actually accomplished and what lessons it holds A historical analysis of the origins of US counterinsurgency policy provides context for understanding how precedents informed US intervention in El Salvador What follows is a detailed in depth view of how the counterinsurgency unfolded the nature logic and effectiveness of the policies initiatives and operations promoted by American strategists D Haeseleer s account disputes the success narrative by showing that El Salvador s achievements mainly the spread of democracy occurred as a result not of the American intervention but of the insurgents war against the state Most significantly The Salvadoran Crucible contends that the reforms enacted during the war failed to address the underlying causes of the conflict which today continue to reverberate in El Salvador The book thus suggests a reassessment of the history of American counterinsurgency and a course correction for the future

Supplying Repression: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Supplying Repression : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This mesmerizing coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
