Elizabeth Alvarez, Principal John C Dore Elementary Chicago IL. The book is just what the doctor ordered for busy leaders: short and concise. B R Jones, Superintendent of Education Tate County School District Senatobia MS. Schools for Health and Sustainability Venka Simovska, Patricia Mannix McNamara, 2014-10-03. Schools are unique places. They play a central role in the formation of young people. The importance of how young people are educated and how they are encouraged to live and learn cannot be underestimated. This book advocates for the fostering of agency not only amongst school personnel but also amongst younger generations for health and sustainability. It provides the reader with a new lens with which to discover health promoting schools and education for sustainable development. It invites the reader to look more deeply into both and to accompany the authors on a journey of discovery of the real potential for each to enhance the practice of schooling. *Handbook of Education Policy Research* Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17. The second edition of the Handbook of Education Policy Research, the largest volume published in AERA's history, addresses a variety of policy and contextual issues in early childhood, K-12, and postsecondary education that have received extensive empirical attention during the past 15 years. With the pandemic and social turmoil as a backdrop, the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects, methods, theories, and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s. The field has become more comprehensive and inclusive, and the authors represent a diversity of racial, ethnic, and gender identities and intellectual and disciplinary orientations. Most chapters come from multiple authors, reflecting the multi-sourced development of research in education policy since the first volume was published. This compilation consists of 70 chapters and nine commentaries that map past, present, and future directions of the field and richly attend to critical issues of interest to students, researchers, policy makers, and practitioners. **Designing Professional Development for Teachers of Science and Mathematics** Susan Loucks-Horsley, Katherine E. Stiles, Susan Mundry, Nancy Love, Peter W. Hewson, 2009-11-24. The classic guide for designing robust science and mathematics professional development programs. This expanded edition of one of the most widely cited resources in the field of professional development for mathematics and science educators demonstrates how to design professional development experiences for teachers that lead to improved student learning. Presenting an updated professional development PD planning framework, the third edition of the bestseller reflects recent research on PD design, underscores how beliefs and local factors can influence PD design, illustrates a wide range of PD strategies, and emphasizes the importance of continuous program monitoring. Combining strategies to address diverse needs, building cultures that sustain learning.
