Hawaiian Surfing John R. K. Clark, 2011-05-31 Hawaiian Surfing is a history of the traditional sport narrated primarily by native Hawaiians who wrote for the Hawaiian language newspapers of the 1800s An introductory section covers traditional surfing including descriptions of the six Hawaiian surf riding sports surfing bodysurfing canoe surfing body boarding skinning and river surfing This is followed by an exhaustive Hawaiian English dictionary of surfing terms and references from Hawaiian language publications and a special section of Waikiki place names related to traditional surfing The information in each of these sections is supported by passages in Hawaiian followed by English translations The work concludes with a glossary of English Hawaiian surfing terms and an index of proper names place names and surf spots

The Oxford Handbook of Sports History Robert Edelman, Wayne Wilson, 2017-04-06 Orwell was wrong Sports are not war without the shooting nor are they war by other means To be sure sports have generated animosity throughout human history but they also require rules to which the participants agree to abide before the contest Among other things those rules are supposed to limit violence even death More than anything else sports have been a significant part of a historical civilizing process They are the opposite of war As the historical profession has taken its cultural turn over the last few decades scholars have turned their attention to subject once seen as marginal As researchers have come to understand the centrality of the human body in human history they have come to study this most corporeal of human activities Taking early cues from physical educators and kinesiologists historians have been exploring sports in all their forms in order to help us answer the most fundamental questions to which scholars have devoted their lives We have now seen a veritable explosion excellent work on this subject just as sports have assumed an even greater share of a globalizing world s cultural political and economic space Practiced by millions and watched by billions sports provide an enormous share of content on the Internet This volume combines the efforts of sports historians with essays by historians whose careers have been devoted to more traditional topics We want to show how sports have evolved from ancient societies to the world we inhabit today Our goal is to introduce those from outside this sub field to this burgeoning body of scholarship At the same time we hope here to show

those who may want to study sport with rigor and nuance how to embark on a rewarding journey and tackle profound matters that have affected and will affect all of humankind
