Gatt Uruguay Round: A Negotiating History (1986-1992) Robert A. Weaver, Delphine A. Abellard, 1993-11-26 *The End Game* Terence Stewart, 1999-07-15 Volume Four of The GATT Uruguay Round A Negotiating History 1986 1994 deals with the final sessions of the world's most ambitious trade negotiations to date and its most significant accomplishment the creation of the World Trade Organization It includes the negotiating history of important modifications made during the end game in 1993 and before the signing ceremony in Marrakesh in April 1994 This period saw major changes in the text and the extent of obligations undertaken in the agriculture and services sectors as well as the final completion of negotiations in subsidies and countervailing duties customs valuation and other sectors It was also during this last period that the final agreements in trade related aspects of intellectual property rights TRIPS and trade related investment measures TRIMS emerged Like the earlier volumes in this treatise Volume Four is useful for its revelation not only of what was resolved but also of what was not resolved This work belongs in the collection of all concerned with the evolution and continuing development of international trade as a vital component of our contemporary world **China's Banking Law and the National Treatment of Foreign-Funded Banks** Wei Wang, 2016-05-23 This book assesses new developments in and reform of China's banking law system following its accession of the WTO It focuses on the relationship between GATS WTO national treatment obligations and China's banking law Tracing the history of national treatment in China the book compares the treatment of foreign funded banks with the treatment of Chinese funded banks and examines the structure and shortcomings of the existing banking law framework in China Offering suggestions as to how the framework could be restructured and analysing the economic and political bases of an integrated banking law framework the book argues that reorganization would bring about greater consistency with GATS WTO national treatment requirements The book also explores the ambiguous definition of prudential carve out the subtle relationship between GATS national treatment and market access based on WTO cases national treatment clauses in China's bilateral investment treaties and special treatment on banking in China's free trade agreements This volume is a valuable resource for academics and students as well as professionals and policy makers working in the field of banking WTO Chinese law and foreign trade *The World Trade Organization* International Trade Law Center, Arthur E. Appleton, Michael G. Plummer, 2007-12-31 The editors have succeeded in bringing together an excellent mix of leading scholars and practitioners No book on the WTO has had this wide a scope before or covered the legal framework economic and political issues current and would be countries and a outlook to the future like these three volumes do 3000 pages 80 chapters in 3 volumes cover a very interdisciplinary field that touches upon law economics and politics *The GATT Uruguay Round: Commentary* Terence P. Stewart, 1993 *WTO - Trade in Goods* Rüdiger Wolfrum, Peter-Tobias Stoll, Holger Hestermeyer, 2010-12-07 The GATT is the historical origin of the World Trade Organization and to this day remains one of its core agreements In force for over 60 years its rules have provided a

framework for trade in goods which has seen such trade grow to unprecedented size The Agreement has been referred to in roughly 200 disputes initiated under GATT 1947 and many of the currently roughly 400 WTO disputes Its provisions have inspired similar rules in many other agreements A thorough knowledge of the GATT is indispensable for practitioners and scholars alike Article by article this volume explains the GATT 1994 its Introductory Note and Annexes the Understandings on Arts II 1 lit b XVII XXIV and XXVIII GATT the Understandings on Balance of Payments Provisions and Waivers of Obligations the Enabling Clause and the Waiver on Preferential Tariff Treatment for Least Developed Countries It also covers the Agreements on Customs Valuation Preshipment Inspection and Rules of Origin The format allows the reader quick and easy access and reference both with respect to provisions which would otherwise require the parsing of innumerable documents and with respect to provisions hitherto neglected Written by distinguished practitioners and scholars the volume is an indispensable reference work for everyone working on or interested in international trade trade practitioners diplomats scholars and activists alike

Domestic Structures and International Trade Candido Tomas Garcia Molyneux, 2001-02 The author a lawyer in Brussels and lecturer at the College of Europe in Natolin places international trade law within an economic political and sociological context focusing on the US and the European Union Contending that despite globalization societies organize themselves differently and have diverse expectations of their governments and market actors he explores how these differences affect the trading partners policies in an age when nearly everything can be considered a matter of commerce He also examines how domestic structures affect trade policy when the external world has a strong impact on the domestic sphere Distributed by ISBS c Book News Inc

International Trade and Health Protection Tracey Epps, 2008-01-01 This detailed and fully referenced text is a valuable resource both for practitioners and academics Michael Blakeney International Trade Law and Regulation Interspersing law with societal context this volume by Dr Epps stands out among WTO analysis The author offers a delightfully balanced view on the nature and origin of SPS measures including references to history whilst at the same time mastering the hard law of the SPS Agreement in detail Practitioners will enjoy the detailed analysis of WTO dispute settlement A reference book for practice and academia and also a very very good read Geert Van Calster Katholieke Universiteit Leuven Belgium This book examines and critiques the WTO s Agreement on the Application of Sanitary and Phytosanitary Measures SPS Agreement asking whether it strikes an appropriate balance between conflicting domestic health protection and trade liberalization objectives It pays particular attention to situations likely to occur but not yet fully examined either in the literature or in WTO law most importantly where public opinion demands regulation in the face of scientific uncertainty as to the existence or otherwise of a health risk Tracey Epps concludes that the SPS Agreement s science based framework is capable of dealing with the differing objectives of health and trade and that it provides countries with more flexibility to respond to scientific uncertainties and public sentiment than many critics contend This conclusion is strongly influenced by a positive analysis of domestic regulatory decision making

which finds potential for regulatory capture by domestic protectionist interests and thus emphasizes the importance of ensuring that decisions are made on a sound and principled basis Including a historical overview of disputes over trade and health since the 1800s this book provides a comprehensive analysis of and new perspective on an important area of intersection between international trade law and domestic policy It will be of interest to a wide ranging audience including legal and non legal academics policy makers and analysts in the field of risk regulation trade law practitioners in governments and lawyers and analysts in international institutions Trade Negotiations in Latin America D.

Tussie,2002-11-25 Latin America has a pivotal role to play in international trade negotiations This book focuses on the key issues for Latin American countries participation in trade negotiations on the shifting ground of expanding trade agendas diversifying negotiation fora and emerging coalitions Through analysis of the management of sectors the management of competition and conflict and the interplay of interests and coalitions Diana Tussie and a team of local and international experts unravel the strands of the complex web of trade negotiations *Select Proceedings of the European Society of International Law, Volume 3, 2010* James Crawford,Sarah Nouwen,2012-01-09 This book continues the series *Select Proceedings of the European Society of International Law* containing the proceedings of the Fourth Biennial Conference organised by ESIL and the University of Cambridge in 2010 The title of the conference was International Law 1989 2010 A Performance Appraisal The highlights selected for publication in this volume cover a wide spectrum of topics in international law
