Economics of Cooperation and the Labour-Managed Economy J. Bonin, L. Putterman, 2013-09-27 Discusses the theory of labour managed firms or producers cooperatives and of economies companies principally of such firms Wealth, Welfare and the Global Free Market Ibrahim Ozer Ertuna, 2016-02-11 Can the free market system continue to operate in a traditional way in a world that is now globally connected financially dysfunctional and becoming environmentally damaged by excessive consumption Can an alternative approach that respects human culture and values at least as much as it does profit be readily identified In this rigorous critique the author who is a former member of a World Bank mission and adviser to the Turkish Prime Minister suggests that the answer to both questions is No Emphasizing the distinction between wealth and welfare Ozer Ertuna recognises that the search for a helpful way forward based on classical economic concepts models and arguments is likely to prove fruitless In this challenging book you are invited to consider that different approaches are needed Using a mixture of theory and practical examples Professor Ertuna examines markets and international trade in the era of globalization from scientific economic cultural philosophical and faith based viewpoints He explains how what he describes as The Science of the 21st Century may be part of any new emergent order His survey of the different perspectives details what is being proposed by the Post Autistic Economics movement the Nobel laureates of the Santa Fe Institute critical theoreticians environmentalists and others Vedic philosophy other belief systems and the significance of Anatolian culture may not be part of the usual discourse for business leaders but as the role of business in society becomes ever more critical an understanding of the range of perspectives brought to us by this book becomes increasingly essential Those with an academic interest in the issues addressed here as well as business and community leaders policy makers and those in government and non governmental organizations will want to read this valuable addition to Gower s highly respected Corporate Social Responsibility Series **The General Theory of Labor-managed Market Economics** Jaroslav Vanek, 1970 **The Labor-Managed Firm** Gregory K. Dow, 2018-04-05 This book uses economic theory to argue that

worker controlled firms are rare due to market failures rather than inherent organizational defects The book will be of interest to scholarly researchers graduate students and advanced undergraduates in economics especially in industrial organization labor economics comparative economics organizational economics and finance Employees and Corporate Governance Margaret M. Blair, Mark J. Roe, 2010-12-01 Most scholarship on corporate governance in the last two decades has focused on the relationships between shareholders and managers or directors Neglected in this vast literature is the role of employees in corporate governance Yet human capital embodied in the employees is rapidly becoming the most important source of value for corporations and outside the United States employees often have a significant formal role in corporate governance This volume turns the spotlight on the neglected role of employees by analyzing many of the formal and informal ways that employees are actually involved in the governance of corporations in U S firms and in large corporations in Germany and Japan Examining laws and contexts the essays focus on the framework for understanding employees role in the firm and the implications for corporate governance They explore how and why the special legal institutions in German and Japanese firms by which employees are formally involved in corporate governance came into being and the impact these institutions have on firms and on their ability to compete They also consider theoretical and empirical questions about employee share ownership The result of a conference at Columbia University the volume includes essays by Theodor Baums Margaret M Blair David Charny Greg Dow Bernd Frick Ronald J Gilson Jeffrey N Gordon Nobuhiro Hiwatari Katharina Pistor Louis Putterman Edward B Rock Mark J Roe and Michael L Wachter Margaret M Blair is a senior fellow in Economic Studies at the Brookings Institution and author of *Ownership and Control Rethinking Corporate Governance for the Twenty first Century* Brookings 1995 Mark J Roe professor of business regulation and director of the Sloan Project on Corporate Governance at Columbia Law School is the author of *Strong Managers Weak Owners The Political Roots of American Corporate Finance* Princeton 1996
