The Geography Of Desire:

The Geography of Desire Robert Boswell,1989 Geography of Desire Robert Boswell,1990-11-01 *The Philosopher Fish* Richard Adams Carey,2024-09-19 In *Philosopher Fish* Carey immerses himself in the world of sturgeon the fish that lays these golden eggs Ancient shrouded in mystery inexplicable in several of its behaviors the sturgeon has a fascinating biologic past and a very uncertain future This new edition brings the story up to date Poetic Castles in Spain Diego Saglia,2021-12-28 British culture of the Romantic period is distinguished by a protracted and varied interest in things Spanish The climax in the publication of fictional and especially poetical narratives on Spain corresponds with the intense phase of Anglo Iberian exchanges delimited by the Peninsular War 1808 14 on the one hand and the Spanish experiment of a constitutional monarchy that lasted from 1820 until 1823 on the other Although current scholarship has uncovered and reconstructed several foreign maps of British Romanticism from the Orient to the South Seas exotic European geographies have not received much attention Spain in particular is one of the most neglected of these imaginary Romantic geographies even if between the 1800s and the 1820s and beyond it was a site of wars and invasions the object of foreign economic interests relating to its American colonies and a geopolitical area crucial to the European balance designed by the post Waterloo Vienna settlement This study considers the various ways in which Spain figured in Romantic narrative verse recovering the discursive materials employed in fictional representation and assessing the relevance of this activity in the context of the dominant themes and preoccupations in contemporary British culture The texts examined here include medievalizing and chivalric fictions Orientalist adventures set in Islamic Granada and modern day tales of the anti Napoleonic campaign in the Peninsula Recovering some of the outstanding works and issues elaborated by British Romanticism through the cultural geography of Spain this study shows that the Iberian country was an inexhaustible source of imaginative materials for British culture at a time when its imperial boundaries were expanding and its geopolitical influence was increasing in Europe and overseas *Geography of Desire* Random House,1997-05-01 **Becoming of the Body** Amaleena Damle,2014-04-09 No detailed description available for *The Becoming of the Body* The Plausible World B. Westphal,2016-04-30 In *The Plausible World* the intersections of literature and cartography enable readers to understand that place is anything but purely geographic a plausible world is created as a strategy to fill the void Innovative in his approach Westphal challenges the view that perceptions and representations of space are stable or straightforward

Learning Desire Sharon Todd,2013-10-31 What role can desire play in pedagogical interaction In *Learning Desire* contributors from the fields of education cultural studies psychoanalysis and literary theory explore the many ways desire intersects with knowledge recognition fantasy and embodiment and what this can mean for transformative pedagogical practice While acknowledging the productive and destructive force desire can have on the learning experience the authors offer engaging innovative modes of thinking about teaching and thinking about desire as an education tool This volume

rooted in theory is one also geared towards practice in taking a fresh look at the limits and possibilities of a transformative pedagogy it will also give teachers and students new languages for articulating their experiences in the classroom and beyond **Proceedings of the Alaskan Boundary Tribunal** Alaskan Boundary Tribunal,1904 The Second Wave Linda J.
