The Music of Razors Cameron Rogers, 2007-05-01 Dark disturbing and filled with moments of real charm and magic The Music of Razors is the best first novel I ve seen this year Locus In nineteenth century Boston a young doctor on the run from the law falls in with a British confidence artist Together and with dire consequences they bring back to the light something meant to be forgotten A world away in London an absent father haunted by the voice of a banished angel presents his daughter with an impossible friend a clockwork ballerina For two centuries a bullet removal specialist has wielded instruments of angel bone in service to a forgotten power and now he vows to find someone else to shoulder the

The Literature of Food Nicola Humble, 2020-02-06 Why are so many literary texts preoccupied with food? The Literature of Food explores this question by looking at the continually shifting relationship between two sorts of foods: the real and the imagined. Focusing particularly on Britain and North America from the early 19th century to the present, it covers a wide range of issues including the politics of food, food as performance and its intersections with gender, class, fear and disgust. Combining the insights of food studies and literary analysis, Nicola Humble considers the multifarious ways in which food both works and plays within texts and the variety of functions: ideological, mimetic, symbolic, structural, affective, which it serves. Carefully designed and structured for use on the growing number of literature of food courses, it examines the food of modernism, post modernism, the realist novel and children's literature and asks what happens when we treat cook books as literary texts. From food memoirs to the changing role of the servant, experimental cook books to the cannibalistic fears in infant picture books, The Literature of Food demonstrates that food is always richer and stranger than we think.

Aziza's Secret Fairy Door and the Birthday Present Disaster Lola Morayo, 2022-02-17 Aziza's Secret Fairy Door and the Birthday Present Disaster is the third title in a fun and inclusive young magical adventure series for readers of 6-8 from Lola Morayo.
