The Goddeb In Glastonbury:

The Goddess in Glastonbury Kathy Jones, 1990 Handbook of New Age James Lewis, Daren Kemp, 2007-05-30 The Handbook of New Age is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research **The Tourist as a Metaphor of the Social World** Graham Dann, 2002 This book contains a selection of papers from the prestigious Research Committee on International Tourism presented at the World Congress of the International Sociological Association Brisbane Australia July 2002 It provides a sociological and anthropological critique of existing tourism theory as well as some directions for its future development and research While much of the present understanding of the tourist and tourism is grounded in metaphor e g tourism as a sacred journey tourism as play the tourist as a child etc such analogies need to be linked to transformations in tourism generating and receiving societies Hence the focus on the tourist and everyday life socio psychological dimensions of the tourist experience the tourist and conflicting expectations and the tourist in a changing world Religious Statues and Personhood Amy R. Whitehead, 2013-09-12 Objects such as statues and icons have long been problematic in the study of religion especially in European Christianities Through examining two groups the contemporary Pagan Glastonbury Goddess religion in the Southwest of England and a cult of the Virgin Mary in Andalusia Spain Amy Whitehead asserts that objects can be more than representational or symbolic In the context of increasing academic interest in materiality in religions and cultures she shows how statues or things are not always interacted with as if they are inert material against which we typically define ourselves as modern humans Bringing two distinct cultures and religions into tension animism and the fetish are used as ways in which to think about how humans interact with religious statues in Western Europe and beyond Both theoretical and descriptive the book illustrates how religions and cultural practices can be re examined as performances that necessarily involve not only human persons but also objects **The Handbook of Contemporary Animism** Graham Harvey, 2014-09-11 The Handbook of Contemporary Animism brings together an international team of scholars to examine the full range of animist worldviews and practices The volume opens with an examination of recent approaches to animism This is followed by evaluations of ethnographic cognitive literary performative and material culture approaches as well as advances in activist and indigenous thinking about animism This handbook will be invaluable to students and scholars of Religion Sociology and Anthropology The Enduring Fantastic Anna Höglund, Cecilia Trenter, 2021-06-09 Fantastic fiction is traditionally understood as Western genre literature such as fantasy science fiction and horror Expanding on this understanding these essays explore how the fantastic has been used in Western societies since the Middle Ages as a tool for organizing and materializing abstractions in order to make sense of the present social order Disciplines represented here

include literature studies gender studies biology ethnology archeology history religion game studies cultural sociology and film studies Individual essays cover topics such as the fantastic creatures of medieval chronicle mummy medicine in eighteenth century Sweden how fears of disease filtered through the universal and adaptable vampire the gender aspects of goddess worship in the secular West ecocentrism in fantasy fiction how videogames are dealing with the remediation of heritage and more

Glastonbury K S Nikakis, 2025-09 What is the sacred Where can we

find it And why do we need it The pure notes of dawn s first birdsong the spark of stars into the night sky the setting sun s fiery path across ocean waves can all make us stop hold our breath and know deep within ourselves we are in the presence of the sacred For some people the sacred is found within ornate buildings crowned with crosses crescents or stars spaces that bring them closer to their god For others the sacred resides in humbler temples or under the spreading branches of hallowed trees Glastonbury has long been revered as a sacred space that like all sacred spaces elicits a sense of something greater grander and infinitely more meaningful than our everyday lives In my wanders through Glastonbury s cobbled streets and over its rolling fields I discovered the sacred was everywhere and often many layered with church built upon temple and temple built upon spring and so in my meditations on its nature I came to call it the Goddess in homage to the ancient over arching regenerative source of all things
