The Mormon Jesus John G. Turner, 2016-04-25 For two centuries Jesus has connected the Latter day Saints to broader currents of Christianity even while particular Mormon beliefs have been points of differentiation From the author of the definitive life of Brigham Young comes a biography of the Mormon Jesus that enriches our understanding of The Church of Jesus Christ of Latter day Saints **The Articles of Faith** James Edward Talmage, 1909 *To Find the Path to Eternal Life Ye Must First Seek to Obtain My Word* Ivan Kent Richards, 2019-10-18 It is false assumptions and misinformation that lead to false conclusions This book will point out many of the false religious assumptions people frequently make which keep them from finding the path to true eternal life with God Several mysteries of God are unfolded in this book which will bring

people to a greater knowledge of God and his works among mankind **The Latter-Day Saints Millennial Star. Volume X.** ,1848 **Out of Obscurity** Patrick Q. Mason,John G. Turner,2016-07-01 In the years since 1945 the Church of Jesus Christ of Latter day Saints has grown rapidly in terms of both numbers and public prominence Mormonism is no longer merely a home grown American religion confined to the Intermountain West instead it has captured the attention of political pundits Broadway audiences and prospective converts around the world While most scholarship on Mormonism concerns its colorful but now well known early history the essays in this collection assess recent developments such as the LDS Church s international growth and acculturation its intersection with conservative politics in recent decades its stances on same sex marriage and the role of women and its ongoing struggle to interpret its own tumultuous history The scholars draw on a wide variety of Mormon voices as well as those of outsiders from Latter day Saints in Hyderabad India to Mormon Mommy blogs to evangelical countercult ministries Latter-day Scripture Robert M. Price,2011-03-18 This book is a series of papers presented mainly at the Book of Mormon Round Table It lays out a case for considering the Mormon scripture as the work of Joseph Smith in the nineteenth century not an ancient document written by various Israelites in ancient America But author Robert M Price argues this is merely another case of pseudepigraphy the genre of fictive as if authorship common to the Bible as well Price urges readers to a new appreciation of the intricate redaction and rewriting of the Bible in the Book of Mormon and to a positive theological estimate of this approach by Latter day Saint Christians Critical studies of several passages in the Book of Mormon are included
