Carty,2006-01-01

My attention was drawn to Ireland by footnotes writes the author Over and over again the literature of comparative politics noted simply except in Ireland The question that puzzled me was Why should this be so Professor Carty s answers to the question appear in this detailed study that sheds new light on the question of establishing democratic politics after a war of independence on the impact of electoral laws on party competition on the social bases of political competition and on the way political machines work in modern democracies As a case study the book also analyzes the peculiarly conservative syndrome into which Irish politics has fallen Carty concludes that political institutions and the activities of politicians make a considerable difference to the organization and conduct of public life The book will interest students of comparative politics history and political sociology as well as those concerned with the shape and direction of society and politics in contemporary Ireland A New History of Ireland Volume VII J. stagnation especially the depression of the thirties and the Second World War Preventing the Future argues that the situation was aggravated by internal circumstances The key domestic factor was the failure to extend higher and technical education and training to larger sections of the population This derived from political stalemates in a small country which derived in turn from the power of the Catholic Church the strength of the small farm community the ideological wish to preserve an older society and later gerontocratic tendencies in the political elites and in society as a whole While economic growth did accelerate after 1960 the political stand off over mass education resulted in large numbers of young people being denied preparation for life in the modern world and arguably denied Ireland a sufficient supply of trained labour and educated citizens Ireland's Celtic Tiger of the nineties was in great part driven by a new and highly educated and technically trained workforce The political stalemates of the forties and fifties delayed the initial incomplete take off until the sixties and resulted in the Tiger arriving nearly a generation later than it might have
