McLaren, 2008-04-08 Offers an introduction to the politics of Italy Spain and Turkey providing a comparative case study analysis of why democratization outcomes vary across the three countries **Parties, Conflicts and Coalitions in Western Europe** Moshe Maor, 2002-11 Explores the impact intraparty conflicts have on a party's coalition bargaining Focusing on the UK Denmark Norway Italy and France it analyses whether organizational imperatives of political parties feature in intraparty competition European Monetary Integration & Domestic Politics James I. Walsh, 2000 Three nations in similar economic situations since the 1970s have pursued different monetary strategies Walsh argues that monetary policies produce predictable winners and losers and that policy choice is a function of how industrial firms banks and unions use their political resources Eurocommunism Ioannis Balampanidis, 2018-11-09 Eurocommunism constitutes a moment of great transformation connecting the past and the present of the European Left a political project by means of which left wing politics in Europe effected a definitive transition to a thoroughly different paradigm It rose in the wake of 1968 that pivotal year of social revolt and rethinking that caused a divide between radical progressive and socialist thinking in western and southern Europe and the Soviet model Communist parties in Italy France Spain and Greece changed tack drew on the dynamics of social radicalism of the time and came to be associated with political moderation liberal democracy and negotiation rather than contentious politics forging a movement that would hold influence until the early 1980s Eurocommunism thus wove an original political synthesis delineated against

both the revolutionary Left and the social democracy party of struggle and party of governance

Political Parties and Coalitional Behaviour in Italy Geoffrey Pridham, 2013-07-04 Coalitional behaviour is central to the Italian system of government but has been largely neglected by research As a result coalitions in post war Italy have

been viewed as simply unstable short lived and incohesive In this book the author corrects this one sidedness by analysing Italian coalition politics as a continuous and dynamic process His comprehensive interpretative approach takes account of other new developments in coalition studies and relates his subject both to the literature on Italian politics and to the comparative study of party systems in liberal democracies An introductory section places Italian coalitional behaviour in a theoretical and comparative context This inductive framework is then used as a reference for examining the historical institutional motivational internal socio political and environmental dimensions of the phenomenon **Italy** Spencer M.
