The Japanese Print Jack Ronald Hillier, 1975 **The Japanese Print** J. Hillier, 1979 **The Japanese Print** Jack Hillier, 1960 **The Prints of Isoda Koryūsai** Allen Hockley, Koryūsai Isoda, 2003 He may very well be the most productive artist of the eighteenth century Refuting outmoded paradigms of connoisseurship and challenging the assumptions of conventional print scholarship Allen Hockley elevates this important figure from the status of a minor Edo period artist He argues that Koryusai excelled by the most significant measure he was a highly successful creator of popular commodities Employing an active audience model Hockley reshapes the study of ukiyo e as a *The Japanese Print* Hugo Munsterberg, 1998 This straightforwardly written and highly informative book is designed as an introductory history and guide to Japanese prints for the student and the beginning collector Not limited to ukiyo e it also discusses medieval Buddhist prints and the prints of the modern era from the Meiji period to the present Thus such modern luminaries as Onchi Hiratsuka and Munakata are presented alongside the Edo master printmakers Harunobu Kiyonaga Utamaro Sharaku Hokusai and Hiroshige A major virtue of the book is the attention it gives to the aesthetics of the prints and to the lives of the printmakers themselves Illustrated with 14 prints in full color and 86 in black and white it also offers a thoroughly useful chapter on the collection and care of Japanese prints a glossary and a valuable selected bibliography From publisher s description 日本美術全集 日本美術全集, 1986 **Japanese Costume & Makers** Helen Minnich, 2012-11-13 With dozens of photographs and expertly written text this Japanese clothing book is the authoritative guide on the kimono Japanese Costume invites the reader to explore the world of Japan s textile arts and costume decoration from its origins in legendary times through its brilliant development in the intervening centuries to its emergence into the modern era The book which is the first in English to present the full sweep of Japanese achievement in the costume arts is essential the story of the kimono and its evolution The text is accompanied by a generous selection of fine illustrations and photographs 54 in full color 119 in black and white and 12 line drawings They include not only pictures from contemporary sources such as the picture scrolls and woodblock prints but also photographs of kimono masterpieces and representative textiles [Japanese Art in Detail](#) John Reeve, 2005 What is Japanese art This book supplies an answer that gives a reader both a true picture and a fine understanding of Japanese art Arranged thematically the book includes chapters on nature and pleasure landscape and beauty all framed by themes of serenity and turmoil the two poles of Japanese culture ancient and modern **Japan Encyclopedia** Louis-Frédéric, 2002 Knowing Japan and the Japanese better Louis Fr d ric states in the introduction to this encyclopedia is one of the necessities of modern life The Japanese have a profound knowledge of every aspect and detail of Western societies Unfortunately we in the West cannot say the same about our knowledge of Japan We tend to see Japan through a veil of exoticism as a land of ancient customs and exquisite arts or we view it as a powerful contributor to the global economy the source of cutting edge electronics and innovative management techniques To go beyond these clich s we

must begin to see how apparently contradictory aspects of modern Japanese culture spring from the country's evolution through more than two millennia of history. This richly detailed yet concise encyclopedia is a guide to the full range of Japanese history and civilization from the dawn of its prehistory to today, providing clear and accessible information on society and institutions, commerce and industry, sciences, sports, and politics, with particular emphasis on religion, material culture, and the arts. The volume is enhanced by maps and illustrations along with a detailed chronology of more than 2,000 years of Japanese history and a comprehensive bibliography. Cross references and an index help the reader trace themes from one article to the next. Japan Encyclopedia will be an indispensable one-volume reference for students, scholars, travelers, journalists, and anyone who wishes to learn more about the past and present of this great world civilization. **Japan Report**, 1967
