Religious Dissent in the Roman Empire Vasily Rudich, 2015-03-24 Religious Dissent in the Roman Empire is the third
installment in Vasily Rudich s trilogy on the psychology of discontent in the Roman Empire at the time of Nero Unlike his
earlier books it deals not with political dissidence but with religious dissent especially in its violent form Against the broad
background of Second Temple Judaism and Judaea s history under Rome s rule Rudich discusses various manifestations of
religious dissent as distinct from the mainstream beliefs and directed against both the foreign occupier and the priestly
establishment This book offers the methodological framework for the analysis of the religious dissent mindset which it
considers a recurrent historical phenomenon that may play a major role in different periods and cultures In this respect its
findings are also relevant to the rise of religious violence in the world today and provide further insights into its persistent
motives and paradigms Religious Dissent in the Roman Empire is an important study for people interested in Roman and
