

The Jonah Kit

Ian Watson

The Jonah Kit:

The Jonah Kit Ian Watson, 2011-09-29 When a young Russian boy disappears from a top secret Soviet research establishment and turns up in Tokyo he presents a major problem for the American security officials For the boy appears to be part of a sophisticated experiment and to have the mind of a supposedly dead astronaut imperfectly imprinted on his own If the boy is to be believed then the experiment has been extended to a whale In Mexico ground breaking research by Nobel Prize winner Paul Hammond has shown that what we perceive as the Universe is no more than the ghost of the real thing Signals received by his radio telescope have shown him that the Universe God created no longer exists Winner of the BSFA Award for best novel 1977

The Jonah Kit Ian Watson, 1976

Posthuman Becoming Narratives in Contemporary Anglophone Science Fiction Zhang Na, 2022-09-02 This book explores the integration of narratology with posthumanism by examining a large scope of narratives in science fiction over nearly half a century in a range of major Anglophone countries Based on the rhizome of posthumanism analysis of the posthuman narrative embodiments in selected contemporary Anglophone science fiction it investigates Ursula K Le Guin s *The Left Hand of Darkness* 1969 Ian Watson s *The Jonah Kit* 1975 Iain Banks *The Bridge* 1986 and Richard Powers *Galatea 2.2* 1995 as exemplifying various aspects of posthuman becoming other The book shows that in the reactive logic of nihilism the becoming other posthuman rather than posing a threat proves to be the companion and savior of human beings whose apocalyptic sacrifice brings back the all too human humanity to the chaotic world of presence

Science Fiction Adam Charles Roberts, 2006 Science Fiction offers a critical account of the phenomenon of science fiction illustrating the critical terminology and following the contours of its continuing history The impact of technological advances on the genre is discussed

The Dead are Rising Jeff Norton, 2012-11-01 The Changsphere offers a safe haven for the Uploaded and with more processing power than the Southern Corner could ever offer the Uploaded begin to grow develop and yearn to be alive again With the Changsphere offering competition to the Metasphere more and more avatars take up residency in it But the Uploaded begin to prey on live avatars infecting them and their users with their personalities and becoming reborn in the real world The dead are rising Now reborn into the real world the once dead avatars will not let anyone shut down the Changsphere the source of their rebirth Meanwhile Jonah Sam and Axel struggle to keep the Metasphere safe from Granger s assault on the Western Corner which is housed in the old subway lines under New York City But Jonah struggles with whether they are doing the right thing in fighting Granger they face a more dangerous virtual world where millions of Uploaded now roam freely stalking users for their virtual avatars and their real bodies

The Fire Worm Ian Watson, 2011-09-29 Psychiatrist John Cunningham is secretly also Jack Cannon author of popular horror novels Under hypnotic regression John s patient Tony reveals a bizarre and horrifying tale of a past life lived on Tyneside in the 1950s involving two schoolboys and a weird creature with paranormal powers lurking in caves beneath Tynemouth Castle As John regresses Tony through earlier lives as far back as the 14th century it begins to seem that the

local legend captured in folksong of a malevolent Lambton Worm may have had a basis in fact that it was in fact the salamander of alchemical belief summoned by an alchemist known as Raymond Lully and possibly still locked below Tynemouth Castle And while John Cunningham is exploring Tony s multiple personalities he begins to experience personality problems of his own as Jack Cannon begins to assert his own individuality [The Year's Best Science Fiction: Twentieth Annual Collection](#) Gardner Dozois,2007-04-01 Widely regarded as the one essential book for every science fiction fan The Year s Best Science Fiction Winner of the 2002 Locus Award for Best Anthology continues to uphold its standard of excellence with more than two dozen stories representing the previous year s best SF writing This year s volume includes Ian R MacLeod Nancy Kress Greg Egan Maureen F McHugh Robert Reed Paul McAuley Michael Swanwick Robert Silverberg Charles Stross John Kessel Gregory Benford and many other talented authors of SF as well as thorough summations of the year and a recommended reading list *Where the Wild Books Are* Jim Dwyer,2010-04-01 As interest in environmental issues grows many writers of fiction have embraced themes that explore the connections between humans and the natural world Ecologically themed fiction ranges from profound philosophical meditations to action packed entertainments *Where the Wild Books Are* offers an overview of nearly 2 000 works of nature oriented fiction The author includes a discussion of the precursors and history of the genre and of its expansion since the 1970s He also considers its forms and themes as well as the subgenres into which it has evolved such as speculative fiction ecodefense animal stories mysteries ecofeminist novels cautionary tales and others A brief summary and critical commentary of each title is included Dwyer s scope is broad and covers fiction by Native American writers as well as ecofiction from writers around the world Far more than a mere listing of books *Where the Wild Books Are* is a lively introduction to a vast universe of engaging provocative writing It can be used to develop book collections or curricula It also serves as an introduction to one of the most fertile areas of contemporary fiction presenting books that will offer enjoyable reading and new insights into the vexing environmental questions of our time

The Routledge Concise History of Science Fiction Mark Bould,Sherryl Vint,2011-02-23 The term science fiction has an established common usage but close examination reveals that writers fans editors scholars and publishers often use this word in different ways for different reasons Exploring how science fiction has emerged through competing versions and the struggle to define its limits this Concise History provides an accessible and clear overview of the development of the genre traces the separation of sf from a broader fantastic literature and the simultaneous formation of neighbouring genres such as fantasy and horror shows the relationship between magazine and paperback traditions in sf publishing is organised by theme and presented chronologically uses text boxes throughout to highlight key works in sf traditions including dystopian apocalyptic and evolutionary fiction includes a short overview and bullet pointed conclusion for each chapter Discussing the place of key works and looking forward to the future of the genre this book is the ideal starting point both for students and all those seeking a better understanding of science fiction **The Mammoth Encyclopedia of Science Fiction** George

Mann,2012-03-01 This encyclopedia is the most up to date concise clear and affordable guide to all aspects of science fiction from its background to generic themes and devices from authors established and new to films Science fiction has evolved into one of the most popular cutting edge and exciting fiction genres with a proliferation of modern and classic authors themes and ideas movies TV series and awards Arranged in an A Z format and featuring a comprehensive index and cross referencing system The Mammoth Encyclopedia of Science Fiction is also the most accessible and easy to use encyclopedia of its kind currently available
