Visitation Jennifer DeClue, 2022-10-24 In *Visitation* Jennifer DeClue shows how Black feminist avant garde filmmakers draw from historical archives in order to visualize and reckon with violence suffered by Black women in the United States DeClue argues that these filmmakers including Kara Walker Kara Lynch Tourmaline and Ja Tovia Gary create spaces of mourning and reckoning rather than voyeurism and pornotropy Through their use of editing performance and cinematic experimentation these filmmakers intervene in the production of Blackness and activate new ways of seeing Black women and telling their stories Theorizing these films as a form of conjure work DeClue shows how these filmmakers raise the specters of Black women from the past and invite them to reveal history from their point of view In so doing Black feminist avant garde filmmakers channel spirits that haunt archives and create cinematic arenas for witnessing Black women battling for survival during pivotal and exceedingly violent moments in US history Duke University Press Scholars of Color First Book Award recipient

Legacies of Lynching Jonathan Markovitz, 2004 Between 1880 and 1930 thousands of African Americans were lynched in the United States Beyond the horrific violence inflicted on these individuals lynching terrorized whole communities and became a defining characteristic of Southern race relations in the Jim Crow era As spectacle lynching was intended to serve as a symbol of white supremacy Yet Jonathan Markovitz notes the act s symbolic power has endured long after the practice of lynching has largely faded away *Legacies of Lynching* examines the evolution of lynching as a symbol of racial hatred and a metaphor for race relations in popular culture art literature and political speech Markovitz credits the efforts of the antilynching movement with helping to ensure that lynching would be understood not as a method of punishment for black rapists but as a terrorist practice that provided stark evidence of the brutality of Southern racism and as America s most vivid symbol of racial oppression Cinematic representations of lynching from *Birth of a Nation* to *Do the Right Thing* he contends further transform the ways that American audiences remember and understand lynching as have disturbing recent cases in which alleged or actual acts of racial violence reconfigured stereotypes of black criminality Markovitz further reveals how lynching imagery has been politicized in contemporary society with the example of Clarence Thomas who condemned the Senate s investigation into allegations of sexual harassment during his Supreme Court confirmation hearings as a high tech lynching Even today as revealed by the 1998 dragging death of James Byrd in Jasper Texas and the national soul searching it precipitated lynching continues to pervade America s collective memory Markovitz concludes with an analysis of debates about a recent exhibition of photographs of lynchings suggesting again how lynching as metaphor remains always in the background of our national discussions of race and racial relations Jonathan Markovitz is a lecturer in sociology at the University of California San Diego

**Imprisoned by the Past** Jeffrey L. Kirchmeier, 2015 In 1987 the United States Supreme Court decided a case that could have ended the death penalty in the United States Imprisoned by the Past Warren McCleskey and the American Death Penalty examines the long history of the American death penalty and its connection to the case of Warren McCleskey revealing how that case marked a turning point for the history of the death penalty In this book Jeffrey L Kirchmeier explores one of the most important Supreme Court cases in history a case that raised important questions about race and punishment and ultimately changed the way we understand the death penalty today McCleskey's case resulted in one of the most important Supreme Court decisions in U S history where the Court confronted evidence of racial discrimination in the administration of capital punishment The case currently marks the last time that the Supreme Court had a realistic chance of completely striking down capital punishment As such the case also marked a turning point in the death penalty debate in the country Going back nearly four centuries this book connects McCleskey's life and crime to the issues that have haunted the American death penalty debate since the first executions by early settlers through the modern twenty first century death penalty Imprisoned by the Past ties together three unique American stories First the book considers the changing American death penalty across centuries where drastic

changes have occurred in the last fifty years Second the book discusses the role that race played in that history And third the book tells the story of Warren McCleskey and how his life and legal case brought together the other two narratives     *A State-by-State History of Race and Racism in the United States* Patricia Reid-Merritt,2018-12-07 Providing chronologies of important events historical narratives from the first settlement to the present and biographies of major figures this work offers readers an unseen look at the history of racism from the perspective of individual states From the initial impact of European settlement on indigenous populations to the racial divides caused by immigration and police shootings in the 21st century each American state has imposed some form of racial restriction on its residents The United States proclaims a belief in freedom and justice for all but members of various minority racial groups have often faced a different reality as seen in such examples as the forcible dispossession of indigenous peoples during the Trail of Tears Jim Crow laws crushing discrimination of blacks and the manifest unfairness of the Chinese Exclusion Act Including the District of Columbia the 51 entries in these two volumes cover the state specific histories of all of the major minority and immigrant groups in the United States including African Americans Hispanics Asian Americans and Native Americans Every state has had a unique experience in attempting to build a community comprising multiple racial groups and the chronologies narratives and biographies that compose the entries in this collection explore the consequences of racism from states perspectives revealing distinct new insights into their respective racial histories     *Disposable Americans* Paul Buchheit,2017-03-31 Inequality has dramatically increased in America with few solutions on the horizon Serious social inequalities persist For example the 14 richest Americans earned enough money from their investments in 2015 to hire two million preschool teachers while the USA ranks low among developed countries in preschool enrollment Following the Great Recession the richest one percent took 116 percent of the new income gains a statistic caused by so many middle class Americans moving backward many losing investments in property and experiencing interruptions in work Author Paul Buchheit looks hopefully to solutions in a book that vividly portrays the rapidly changing inequality of American society More Americans have become disposable as middle class jobs have disappeared at an alarming rate Buchheit presents innovative proposals that could quickly begin to reverse these trends including a guaranteed basic income drawn from new revenues such as a Financial Speculation Tax and a Carbon Tax Discussing the challenges and obstacles to such measures he finds optimism in past successes in American history Ideal for classroom assignment the book uniquely pairs historical events with current real life struggles faced by citizens pointing to measures that can improve personal and social well being and trust in government     *Devour Us Not* Arnold P. Powers,2013-12 To stand in silence when they should be protesting makes cowards out of men Abraham Lincoln To be inhuman is to watch the inhumane treatment of others in silence Arnold P Powers Tis better to be silent and be thought a fool than to speak and remove all doubt Abraham Lincoln In the end we will remember not the words of our enemies but the silence of our friends Rev Dr Martin Luther King Jr This Book has taken five years to complete but it s really incomplete

There are still elements of our family's history that has been hidden from us and still remains to be researched. The complexity of information concealed by Whites is not alone. Just as many Blacks for whatever reason has also concealed information for the sole purpose of who knows. But it gives me a sense of who we are as people, the genealogy research bug. Where you go back into our forefathers' lives and the puzzles wait, anyone daring to put the pieces together is worth the assured disappointment of dissatisfaction that will assuredly come. But it never taints the curiosity. Photo on the front cover is a newspaper article from The Pensacola Journal dated December 16, 1906. **Coalition Literature** Francisco E. Robles, 2025-03-11. In a series of incisive readings, Francisco E. Robles provides a literary history of midcentury US multiethnic literature, tracing the shift from coalitional aesthetics to multiculturalism by focusing on how migrancy and labor politics shape literary innovation. Along the way, Robles shows how writers kept the Popular Front's legacy of coalitional aesthetics alive through literary practices of what he calls speaking with, whereby authors undo their authority as scribes, audiences become participatory interpreters, and texts emerge as places of communal and collaborative work. Beginning with significant unexpected connections between Zora Neale Hurston and Muriel Rukeyser and delving deeply into the work of Sanora Babb, Woody Guthrie, Gwendolyn Brooks, poets of the Memphis Sanitation Strike, Carlos Bulosan, Tom's Rivera, and authors included in *This Bridge Called My Back*, Robles examines texts whose range of experimental strategies deliberately engage figurations of movement, migration, and coalition. The experimentation these works display emerges from the particular methods of speaking with that they contain, whether it's overcoming exclusion by finding new ways of representing migrants through word and sound or in the astonishing ways these authors conceive of migrancy as neither static nor statistical but as a modality that necessitates writerly innovation. The result is a genealogy of coalitional aesthetics as a significantly important branch of American midcentury multiethnic writing that sustained and indeed extended the Popular Front and its legacies.

*They Left Great Marks on Me* Kidada E. Williams, 2012-03-12. Well, after slavery was abolished, its legacy of violence left deep wounds on African Americans' bodies, minds, and lives. For many victims and witnesses of the assaults, rapes, murders, night rides, lynchings, and other bloody acts that followed, this violence engendered was at once too painful to put into words yet too horrible to suppress. Despite the trauma it could incur, many African Americans opted to publicize their experiences by testifying about the violence they endured and witnessed. In this evocative and deeply moving history, Kidada Williams examines African Americans' testimonies about racial violence. By using both oral and print culture to testify about violence, victims and witnesses hoped they would be able to graphically disseminate enough knowledge about its occurrence that federal officials and the American people would be inspired, bear witness to their suffering, and support their demands for justice. In the process of testifying, these people created a vernacular history of the violence they endured and witnessed as

well as the identities that grew from the experience of violence This history fostered an oppositional consciousness to racial violence that inspired African Americans to form and support campaigns to end violence The resulting crusades against racial violence became one of the political training grounds for the civil rights movement Book Cover **The Advocate**

*Stand Your Ground* Caroline Light, 2017-02-14 A history of America s Stand Your Ground gun laws from Reconstruction to Trayvon Martin After a young white gunman killed twenty six people at Sandy Hook Elementary School in Newtown Connecticut in December 2012 conservative legislators lamented that the tragedy could have been avoided if the schoolteachers had been armed and the classrooms equipped with guns Similar claims were repeated in the aftermath of other recent shootings after nine were killed in a church in Charleston South Carolina and in the aftermath of the massacre

in the Pulse nightclub in Orlando Florida Despite inevitable questions about gun control there is a sharp increase in firearm sales in the wake of every mass shooting Yet this kind of DIY security activism predates the contemporary gun rights movement and even the stand your ground self defense laws adopted in thirty three states or the thirteen million civilians currently licensed to carry concealed firearms As scholar Caroline Light proves support for good guys with guns relies on the entrenched belief that certain bad guys with guns threaten us all Stand Your Ground explores the development of the American right to self defense and reveals how the original duty to retreat from threat was transformed into a selective right to kill In her rigorous genealogy Light traces white America s attachment to racialized lethal self defense by unearthing its complex legal and social histories from the original castle laws of the 1600s which gave white men the right to protect their homes to the brutal lynching of criminal Black bodies during the Jim Crow era and the radicalization of the NRA as it transitioned from a sporting organization to one of our country s most powerful lobbying forces In this convincing treatise on the United States unprecedented ascension as the world s foremost stand your ground nation Light exposes a history hidden in plain sight showing how violent self defense has been legalized for the most privileged and used as a weapon against the most vulnerable

**Imagery of Lynching** Dora Apel, 2004 Outside of the classroom and scholarly publications lynching has long been a taboo subject Nice people it is felt do not talk about it and they certainly do not look at images representing the atrocity In Imagery of Lynching Dora Apel contests this adopted stance of ignorance Through a careful and compelling analysis of over one hundred representations of lynching she shows how the visual documentation of such crimes can be a central vehicle for both constructing and challenging racial hierarchies She examines how lynching was often orchestrated explicitly for the camera and how these images circulated on postcards but also how they eventually were appropriated by antilynching forces and artists from the 1930s to the present She further investigates how photographs were used to construct ideologies of whiteness and blackness the role that gender played in these visual representations and how interracial desire became part of the imagery Offering the fullest and most systematic discussion of the depiction of lynching in diverse visual forms this book addresses questions about race class gender and dissent in the shaping of American society Although we may want to avert our gaze Apel holds it with her sophisticated interpretations of traumatic images and the uses to which they have been put
