Volume 6, Part 2 Justin Glenn,2014-09-05 This is the sixth volume of Dr Justin Glenn s comprehensive history that traces the Presidential line of the Washingtons Volume One began with the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington It continued the record of their descendants for a total of seven generations

Volume Two highlighted notable family members in the next eight generations of John and Anne Washington's descendants. Volume Three traced the ancestry of the early Virginia members of this Presidential Branch back in time to the aristocracy and nobility of England and continental Europe. Volume Four resumed the family history where Volume One ended and it contained Generation Eight of the immigrant John Washington's descendants. Volume Five treated Generation Nine. Volume Six now presents Generation Ten and it includes over 12 000 descendants. Future volumes will add generations eleven through fifteen making a total of over 63 000 descendants. Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives. These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country. ADVANCE PRAISE: I am convinced that your work will be of wide interest to historians and academics as well as members of the Washington family itself. Although the surname Washington is perhaps the best known in American history and much has been written about the Washington family for well over a century it is surprising that no comprehensive family history has been published. Justin M Glenn's *The Washingtons: A Family History* finally fills this void for the branch to which General and President George Washington belonged, identifying some 63 000 descendants. This is truly a family history, not a mere tabulation of names and dates, providing biographical accounts of many of the descendants of John Washington who settled in Westmoreland County, Virginia, in 1657. Each individual section is followed by extensive listings of published and manuscript sources supporting the information presented and errors of identification in previous publications are commented upon as appropriate. John Frederick Dorman, editor of *The Virginia Genealogist* 1957-2006 and author of *Adventurers of Purse and Person: Decades of reviewing Civil War books* have left me surprised and delighted when someone applies exhaustive diligence to a topic not readily accessible. Dr Glenn surely meets that standard with the meticulous research that unveils the Washington family in gratifying detail, many of them Confederates of interest and importance. Robert K Krick, author of *The Smoothbore Volley that Doomed the Confederacy and Stonewall Jackson at Cedar Mountain*. *PS, the Preventive Maintenance Monthly*, 1963. The *Preventive Maintenance Monthly* is an official publication of the Army providing information for all soldiers assigned to combat and combat duties. The magazine covers issues concerning maintenance procedures and supply problems. Department of Bibliography, 1980. **Modest Major General** Rupert Litherland, 2020-10-09. Colonel Rupert Litherland's last published work was a highly regarded biography of Major General Bunny Burnett and he has now returned to the fray with a biography of Major General Ronnie McAlister. Both men were 10th Gurkhas, both held the post of Major General Brigade of Gurkhas but were very different personalities. With Burnett what you saw was what you got, scruffy laid

back extrovert hail fellow well met humorous a smoker who enjoyed a drink all of which did nothing to hide a great deal of common sense tremendous professional competence and much operational experience that had won him an MC and a DSO McAlister was much less of an extrovert outwardly reserved not at all showy impeccably mannered and a modest drinker but with a sharp and perceptive brain with the ability to reduce the most complicated situations to its basics that could be understood by all In terms of authorship this biography was probably much more difficult to write than that of Burnett if only because Ronnie McAlister was much more of a private person Commissioned into the 3rd Gurkhas in 1942 and a temporary major three years later he transferred to 10th Gurkhas when his own 3rd Gurkhas went to the army of the newly independent India McAlister swiftly gained a reputation as a superb trainer and staff officer Litherland traces this phase of his career in detail and shows how McAlister's reputation for being able to shine in any demanding staff appointment reduced his experience of operations That may well be so but as this book shows admirably when Ronnie Mac took command of 1 10th Gurkha Rifles that battalion achieved more in the course of the Borneo campaign than any other Gurkha battalion and that bar was very high indeed Of particular value not just to the Brigade but to military historians generally is the account of the events on the Hong Kong border in 1967 when McAlister was in command of 1 10 GR Litherland has gone to great lengths to uncover previously unpublished sources and to interview leading participants and he has produced what is certainly the most accurate account to date and which is unlikely to be surpassed As Litherland says those of us who knew General Ronnie and had served under him would have liked to acknowledge his service and his friendship at a memorial service but it is the measure of the man that when he knew he was dying at the very respectable age of ninety two he insisted that there was to be no fuss and no memorial service This is an excellent book which well captures the character of a fine officer and a man of great kindness and humility who even when achieving high rank never lost the human touch Gordon Corrigan Author *Mud Blood and Poppycock Britain and the First world War* *Cold War Berlin: An Island City* Andrew Long, 2024-12-31 *Cold War Berlin An Island City* Volume 4 US Forces in Berlin Preparing For War 1945 1994 examines how the troops of the US Army's Berlin Brigade prepared for war the units that made up the brigade how it trained how it was equipped how it planned to defend the city and also looks at the Special Forces units that served alongside it At the end of the Second World War the victors split Germany into three zones of occupation and Berlin was divided into four sectors one each for the British Americans French and Soviets The western part of the city lay well within eastern Germany cut off from immediate friendly military support and as the Cold War developed was surrounded by around 420 000 Soviet troops of the Group of Soviet Forces in Germany GSFG the shock troops who would lead the invasion of Western Europe in the event of a war against NATO There were also 180 000 East German troops of the Nationale Volksarmee supported by tens of thousands of paramilitary police and the infamous East German Border Guards Grenztruppen der DDR US Forces in Berlin Preparing For War looks at how the Berlin Brigade the 5 000 strong American component of the Western military presence in the city

prepared to defend West Berlin from the communist threat and examines what is known of Operation Stoss or Zentrum the East German plan to occupy Berlin in the event of war This volume also looks at the work of the United States Military Liaison Mission USMLM US Forces in Berlin Preparing For War is the second of two volumes covering US forces in Berlin during the Cold War from their arrival in July 1945 through to the departure of American Berlin Brigade in 1994 The text is richly illustrated with photographs illustrations diagrams tables maps plans and color profiles and is printed in full color throughout
