Source-book of English History Elizabeth Kimball Kendall, 1900 **The Massacre in History** Mark Levene, Penny Roberts, 1999 The role of massacre in history has been given little focused attention either by historians or academics in related fields This is surprising as its prevalence and persistence surely demands that it should be a subject of serious and systematic exploration What exactly is a massacre When and why does it happen Is there a cultural as well as political framework within which it occurs How do human societies respond to it What are its social and economic repercussions Are massacres catalysts for change or are they part of the continuity of the human saga These are just some of the questions the authors address in this important volume Chronologically and geographically broad in scope *The Massacre in History* provides in depth analysis of particular massacres and themes associated with them from the 11th century to the present Specific attention is paid to 15th century Christian Jewish relations in Spain the St Bartholemew s Day massacre England and Ireland in the civil war era the 19th century Caucasus the rape of Nanking in 1937 and the Second World War origins of the Serb Croat conflict The book explores the subject of massacre from a variety of perspectives its relationship to politics culture religion and society its connection to ethnic cleansing and genocide and its role in gender terms and in relation to the extermination of animals The historians provide evidence to suggest that the massacre is often central to the course of human development and societal change **Sources of English History of the Seventeenth Century, 1603-1689, in the University of Minnesota Library; with a Selection of Secondary Material** , 1921 **English History Illustrated from Original Sources ... 1660-1715** John Neville Figgis, 1902 **My Revision Notes: OCR GCSE (9-1) History A: Explaining the Modern World, Second Edition** Aly Boniface, Catherine Priggs, Lizzy James, Harriet Salkeld, Martin Spafford, 2020-12-28 Updated Edition for students taking their exams in 2021 onwards Exam board OCR Level GCSE Subject History First teaching September 2019 First exams Summer 2021 Target success in OCR GCSE 9 1 History A with this proven formula for effective structured revision Key content coverage is combined with exam style questions revision tasks and practical tips to create a revision guide that students can rely on to review strengthen and test their knowledge With My Revision Notes every student can Plan and manage a successful revision programme using the topic by topic planner Enjoy an interactive approach to revision with clear topic summaries that consolidate knowledge and related activities that put the content into context Build practise and enhance exam skills by progressing through revision tasks and Test Yourself activities Improve exam technique through exam style questions and sample answers with commentary from expert authors and teachers Get exam ready with extra quick quizzes and answers to the activities available online This title covers the following options Period study International Relations the changing international order 1918 c 1975 Non British depth studies Germany 1925 1955 The USA 1919 1948 The USA 1945 1974 British thematic studies Power Monarchy and Democracy in Britain c 1000 to 2014 War and British Society c 790 to c 2010 Migration to Britain c 1000 to c 2010 British depth studies
