Catalogue Dobell, P.J. & A.E., booksellers, London,1914 Clothing Robert Ross,2013-05-02 In virtually all the countries of the world men and to a lesser extent women are today dressed in very similar clothing This book gives a compelling account and analysis of the process by which this has come about At the same time it takes seriously those places where for whatever reason this process has not occurred or has been reversed and provides explanations for these developments The first part of this story recounts how the cultural political and economic power of Europe and from the later nineteenth century North America has provided an impetus for the adoption of whatever was at that time standard Western dress Set against this Robert Ross shows how the adoption of European style dress or its rejection has always been a political act performed most frequently in order to claim equality with colonial masters more often a male option or to stress distinction from them which women perhaps under male duress more frequently did The book takes a refreshing global perspective to its subject with all continents and many countries being discussed It investigates not merely the symbolic and message bearing aspects of clothing but also practical matters of production and equally importantly distribution The Sexual Life of Our Time in Its Relations to Modern Civilization Iwan Bloch,1909 **The Sexual Life of Our Time in Its Relations to Modern Civilization** Ivan Bloch,2021-04-22 The author s aim in writing this book was to write a complete Encyclop dia on the sexual sciences and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner and in such form as to be of great value to the professions for whom this translation is intended The subject is no doubt one which appeals to and affects the interests of all adult persons but the publishers have after very serious and careful consideration come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of abnormals should be ascertained so that they may be guided in the future in their investigations into and the practice of attempts to mitigate the evil which undoubtedly exists and to bring about a more healthy class of beings It is the first time that the subject has been so carefully and fully gone into in the English language and it is believed that the very exhaustive examination which the author has made into the matter and the various cases to which he has called attention will be of considerable use to the medical practitioner and also to the lawyer in criminal and quasi criminal matters and probably in matrimonial disputes and cases of insanity **The Reference Catalogue of Current Literature** ,1902 **Reference Catalogue of Current Literature** ,1913 **NET Bible, Full-notes Edition, Cloth over Board, Gray, Comfort Print** Zondervan,2019-10-01 Ever feel lost in translation With the NET Full notes Edition of the Holy Bible you don t need to be Modern readers can find it challenging to connect with the ancient words and cultural contexts of the biblical writers The NET offers a completely new solution pairing a readable everyday English translation with the largest set of translators notes ever created for a Bible The NET s 60 000 notes bring
