When Ruth McBain becomes a widow in her mid forties she decides to make a drastic change in her life Her twenty five year marriage to Tom McBain a prominent lawyer in Avalon Maryland a small town on the Eastern Shore of Chesapeake Bay had eased their empty nest syndrome when their son and daughter left for college and later for marriages in distant states While Tom was alive Ruth's world had orbited smoothly in familiar paths His sudden death from a heart attack leaves a vacuum which friends and customary activities fail to fill She brushes aside well meaning friends advice to sell the house which she and Tom have spent their entire married life a home which stands a half mile down a quiet country road with only one house next door to keep it company She dismisses suggestions that she move into one of the new suburbs which are popping up like rabbit warrens on land once sacred to soybeans and corn Ruth McBain is a conventional person with conventional views Houses like friendships must pass the test of time to be accepted Ruth's unconventional decision to become a foster mother to a little girl about whom she knew nothing other than that the child had been in and out of several foster homes during the six years she had lived disturbs her friends who remind her of the problems and perils that even two parent families find difficult to handle in the anything goes decade of the 1990's She soothes her friends apprehensions by assuring them that Miss Winters the social worker assigned to Lark's case will instantly be on call if needed She rarely is None of the dire predictions made by Ruth's friends materialize The lies Lark tells are small and promptly admitted her tendency to pocket a bit of loose change lessens Lark was not a thief in the harsh sense of the word She was an indiscriminate little rat pack a female Artful Dodger who immediately pled guilty to petty thefts and cheerfully returned the purloined articles without apology denial or excuses The child was not into grand larceny she pilfered articles which Ruth would gladly have given her had she asked for them inexpensive clip on earrings which Ruth hadn't worn since he got her ears pierced in honor of the diamond earrings Tom had given her on their tenth anniversary A fake garnet bracelet with a broken clasp an amber candy

dish last summer's sequinned sunglasses and every once in a while an all out emptying of the small change kept in a small piggy bank on the shelf above the sink At first it had been hard for Ruth to keep Miss Winter's advice and stay cool when Lark helped herself to the small change in the piggy bank but as the weeks passed Ruth slowly adjusted to Miss Winter's explanation that to Lark coins were just trinkets on par with earrings and sunglasses and always returned in full to the piggy bank The only problem which Ruth finds hard to accept is the child's determination to keep Ruth at arm's length she resists Ruth's attempts to hug her moves aside if Ruth reaches out for her Ruth tells herself that if Lark was consistent in her withdrawal from everyone her reaction could be a holdover from something which happened in the child's troubled past But the withdrawal of physical and emotional contact is not consistent it does not extend to Mary Burdock the woman who lives in the only other house on the lane In Ruth's opinion Mark Burdock is pleasant enough but definitely not a spell binder A woman who is a bit too plump a bit too average a bit too reserved to merit the attention let alone the adoration of an unusual child like Lark It just didn't make sense that Lark fluttered across the two yards drawn to Mary Burdock like a gnat to a lightbulb What did a woman who appeared to be getting perilously close to the thirty year mark have in common with a child who had just recently blown out six candles on a birthday cake Ruth's attempt to understand the strang

Greenwood,2020-06-03 This book examines how and why practitioners of nature religion Western witches druids shamans seek to relate spiritually with nature through magical consciousness Magic and consciousness are concepts that are often fraught with prejudice and ambiguity respectively Greenwood develops a new theory of magical consciousness by arguing that magic ultimately has more to do with the workings of the human mind in terms of an expanded awareness than with socio cultural explanations She combines her own subjective insights gained from magical practice with practitioners in depth accounts and sustained academic theory on the process of magic She also tracks magical consciousness in philosophy myth folklore story telling and the hi tech discourse of postmodernity and asks important questions concerning nature religion's environmental credentials such as whether it is inherently ecological as many of its practitioners claim      *Magic Slays* Ilona Andrews,2011-05-31 In this novel in the 1 New York Times bestselling urban fantasy series war plagued Atlanta has never been so deadly Good thing Kate Daniels is on the job Kate Daniels may have quit the Order of Knights of Merciful Aid but she's still knee deep in paranormal problems Or she would be if she could get someone to hire her Starting her own business has been more challenging than she thought it would be now that the Order is disparaging her good name Plus many potential clients are afraid of getting on the bad side of the Beast Lord who just happens to be Kate's mate So when Atlanta's premier Master of the Dead calls to ask for help with a vampire on the loose Kate leaps at the chance of some paying work But it turns out that this is not an isolated incident and Kate needs to get to the bottom of it fast or the city and everyone dear to her may pay the ultimate price      **How to Wake a Sleeping Beauty** Kevin Scally,      *LIFE* ,1957-04-22
