The Maias:

The Maias Eça de Queirós, 2007 Carlos heir to a great fortune becomes a doctor and drifts along spending time at the theater reading and having affairs until he falls deeply in love but has to hide a terrible secret **The Maias** Eça de Queirós, 1965 *The Freethinker*, 1918 **The Literary and Cultural Reception of Charles Darwin in Europe** Thomas F. Glick, Elinor Shaffer, 2014-05-22 Beyond his pivotal place in the history of scientific thought Charles Darwin's writings and his theory of evolution by natural selection have also had a profound impact on art and culture and continue to do so to this day *The Literary and Cultural Reception of Charles Darwin in Europe* is a comprehensive survey of this enduring cultural impact throughout the continent With chapters written by leading international scholars that explore how literary writers and popular culture responded to Darwin's thought the book also includes an extensive timeline of his cultural reception in Europe and bibliographies of major translations in each country **Ecological Diversity in Sustainable Development** Chris Maser, 1999-05-04 Our world is filled with unseen wonders the most phenomenal of which is the often hidden beauty of the diversity that surrounds us Apart from the beauty diversity brings to our lives it is also absolutely necessary to the sustainability of life itself The importance of diversity is overlooked in the social realm yet decisions made in that realm affect all of society for generations Planners tend to ignore ecological diversity because they don't understand it *Ecological Diversity in Sustainable Development The Vital and Forgotten Dimension* makes that clear The author tackles this difficult problem how are we to maintain sustainable diversity in the Earth's ecosystems and our cultural systems He provides examples of how natural and cultural diversity have been reduced by altering the linkages between climate soil water air forests animals and people The book is divided into three parts Part one examines diversity as it is found in nature part two considers how culture affects diversity through its evolution and part three explores the diversity of Nature as seen through culture in an attempt to guide culture toward social environmental sustainability Anyone who is interested in the quality of life on Earth will want this book Maser writes in easy to read lucid prose providing a holistic overview of environmental issues that 21st century decision makers must address in shaping our destiny *A Naturalist in Borneo* Robert Walter Campbell Shelford, 1916 Identity Mediations in Latin American Cinema and Beyond Cecilia Nuria Gil Mariño, Laura Miranda, 2019-09-12 The appearance of sound film boosted entertainment circuits around the world drawing cultural cartographies that forged images of spaces nations and regions By the late 1920s and early 30s film played a key role in the configuration of national and regional cultural identities in incipient mass markets Over the course of the twentieth and early twenty first centuries this transmedia logic not only went unthreatened but also intensified with the arrival of new media and the development of new technologies In this respect this book strikes a dialogue between analyses that reflect the flows and transits of music films and artists mainly in the Ibero American space although it also features essays on Soviet and Asian cinema with a view to exploring the processes of configuration of cultural identities As such this work views national borders

as flexible spaces that permit an exploration of the appearance of transversal relations that are part of broader networks of circulation as well as economic social and political models beyond the domestic sphere *Natural Language Processing and Information Systems* Gosse Bouma, Ashwin Ittoo, Elisabeth Métais, Hans Wortmann, 2012-06-22 This book constitutes the refereed proceedings of the 17th International Conference on Applications of Natural Language to Information Systems held in Groningen The Netherlands in June 2012 The 12 full papers 24 short papers and 16 poster papers presented in this volume together with a full paper length invited talks were carefully reviewed and selected from 90 submissions The rapidly evolving state of the art in NLP and the shifting interest to applications targeting document and data collections available on the Web including an increasing amount of user generated content is reflected in the contributions to this book Topics covered are information retrieval text classification and clustering summarization normalization of user generated content forensic NLP ontologies and natural language sentiment analysis question answering and information extraction terminology and named entity recognition and NLP tools development

Interiors and Narrative Estela Vieira, 2012-12-17 Interiors and Narrative shows how crucial interiors are for our understanding of the nature of narrative A growing cultural fascination with interior dwelling so prevalent in the late nineteenth century parallels an intensification of the rhetorical function interior architecture plays in the development of fiction The existential dimension of dwelling becomes so intimately tied to the novelistic project that fiction surfaces as a way of inhabiting the world This study illustrates this through a comparative reading of three realist masterpieces of the Luso Hispanic nineteenth century Machado de Assis's *Quincas Borba* 1891 Eça de Queiroz's *The Maias* 1888 and Leopoldo Alas's *La Regenta* 1884 1885 The first full length study to juxtapose the renowned writers Interiors and Narrative analyzes the authors spatial poetics while offering new readings of their work The book explores the important links between interiors and narrative by explaining how rooms furnishings and homes function as metaphors for the writing of the narrative reflecting on the complex relation between private dwellings and human interiority and arguing that the interior design of rooms becomes a language that gives furnishings and decorative objects a narrative life of their own The story of homes and furnishings in these narratives creates a semiotic language that both readers and characters rely on in order to make sense of fiction and reality

Quarterly Journal of Science, and Annals of Mining, Metallurgy, Engineering, Industrial Arts, Manufactures, and Technology James Samuelson, William Crookes, 1883 **Quarterly Journal of Science, and Annals of Mining, Metallurgy, Engineering, Industrial Arts, Manufactures, and Technology**, 1883 "The" Journal of science and annals of biology, astronomy, geology, industrial arts, manufactures, and technology, 1883

Quarterly Journal of Science, 1883 **The Journal of Science and Annals of Astronomy, Biology, Geology, Industrial Arts, Manufactures and Technology**, 1883 **The Journal of Science**, 1883 Illiberal Practices Jacqueline Behrend, Laurence Whitehead, 2016-06-15 What drives the uneven distribution of democratic practices at the subnational level Within subunits of a democratic federation lasting political practices that restrict choice limit debate and

exclude or distort democratic participation have been analyzed in recent scholarship as subnational authoritarianism. Once a critical number of citizens or regions band together in these practices they can leverage illiberal efforts at the federal level. This timely data driven book compares federations that underwent transitions in the first, second and third waves of democratization and offers a substantial expansion of the concept of subnational authoritarianism. The eleven expert political scientists featured in this text examine the nature and scope of subnational democratic variations within six large federations including the United States, India, Mexico, Brazil, Argentina, and Russia. *Illiberal Practices* makes the case that subnational units are more likely to operate by means of illiberal structures and practices than as fully authoritarian regimes. Detailed case studies examine uneven levels of citizenship in each federal system. These are distributed unequally across the different regions of the country and display semi democratic or hybrid characteristics. Appropriate for scholars and students of democratization, authoritarianism, federalism, decentralization, and comparative politics, *Illiberal Practices* sheds light on the uneven extension of democracy within countries that have already democratized. Contributors: Jacqueline Behrend, Andr  Borges Juli n Durazo Herrmann, Carlos Gervasoni, Edward L. Gibson, Desmond King, Inga A. L. Saikkonen, Celina Souza, Maya Tudor, Laurence Whitehead, Adam Ziegfeld.

The Mandarin (and other stories) Jose Maria Eca de Queiroz, 2011-03-16. Eca de Queiroz 1845-1900 is considered to be Portugal's greatest novelist and one of its finest prose writers. In *The Mandarin* he turns his satirical eye on the sin of avarice and asks the following question: In the depths of China there lives a mandarin who is richer than any king spoken of in fable or in history. You know nothing about him: not his name, his face, or the silks that he wears. In order for you to inherit his limitless wealth, all you have to do is to ring the bell placed on a book by your side. In that remote corner of Mongolia he will utter a single sigh. He will then be a corpse and at your feet you will see gold beyond the dreams of avarice. Mortal reader, will you ring the bell? When Teodoro, our timid, lowly narrator says Yes, he finds that fabulous wealth brings with it unexpected problems. The three very different stories that complete the collection: *The Idiosyncrasies of a Young Blonde Woman*, *The Hanged Man*, and *Jos Mat  s* are all tales of obsessive love, each told with Eca's irrepressible wit and originality. A brilliant mischievous essay in fantasy chinoiserie irreverently subverting the trope created half a century earlier by Balzac in *La Peau de chagrin* of the Oriental curse masquerading as a blessing. In the same Dedalus collection of Eca's short fiction lies a late gem, *Jose Matias*, a love story told at a funeral by a Hegelian philosopher in which the issue of the narrator's own relationship with reality adds a comically ambiguous layer to the tale. Jonathan Keates in *The Times Literary Supplement*.

The Outlook, 1917. E  ca de Queiroz Maria Filomena M  nica, 2005. The first literary biography in English of Eca de Queiroz, the Portuguese Dickens.

Politics and Parentela in Para  ba Linda Lewin, 2014-07-14. This richly documented work focuses on the parentela (extended family) including Epit  cio's to illustrate the role bonds of blood, marriage, and friendship played in formal politics at local, state, and national levels throughout the Old Republic, 1889-1930.
