The Making Of A Choreographer Ninette De Valois And Bar Aux Foliesbergere:

The Making of a Choreographer Beth Genné, 1996 Centering on Ninette de Valois's formative years as a choreographer and a shaper of British ballet this book closely examines her 1934 ballet *Bar aux Folies Bergère* which was inspired by the famous Edouard Manet painting and created for Marie Rambert's company then known as the Ballet Club *The Grotesque Dancer on the Eighteenth-century Stage* Rebecca Harris-Warrick, Bruce Alan Brown, 2005 Italian ballet in the eighteenth century was dominated by dancers trained in the style known as grotesque a virtuoso style that combined French ballet technique with a vigorous athleticism that made Italian dancers in demand all over Europe Gennaro Magri's *Trattato teorico pratico di ballo* the only work from the eighteenth century that explains the practices of midcentury Italian theatrical dancing is a starting point for investigating this influential type of ballet and its connections to the operatic and theatrical genres of its day *The Grotesque Dancer on the Eighteenth Century Stage* examines the theatrical world of the ballerino grottesco Magri's own career as a dancer in Italy and Vienna the genre of pantomime ballet as it was practiced by Magri and his colleagues across Europe the relationships between dance and pantomime in this type of work the music used to accompany pantomime ballets and the movement vocabulary of the grotesque dancer Appendices contain scenarios from eighteenth century pantomime ballets including several of Magri's own devising an index to the step vocabulary discussed in Magri's book and an index of dancers in Italy known to have performed as grotteschi Illustrations music examples and dance notations also supplement the text *The Royal Ballet: 75 Years* Zoë Anderson, 2011-02-17 This book is a perceptive and critical account of the first 75 years of The Royal Ballet tracing the company's growth and its great cultural importance an indispensable book for all lovers of ballet In 1931 Ninette de Valois started a ballet company with just six dancers Within twenty years The Royal Ballet as it became was established as one of the world's great companies It has produced celebrated dancers from Margot Fonteyn to Darcey Bussell and one of the richest repertoires in ballet The company danced through the Blitz won an international reputation in a single New York performance and added to the glamour of London's Swinging Sixties It has established a distinctive English school of ballet a pure classical style that could do justice to the 19th century repertory and to new British classics Leading dance critic Zo Anderson vividly portrays the extraordinary personalities who created the company and the dancers who made such an impact on their audiences She looks at the bad times as well as the good examining the controversial directorships of Norman Morrice and Ross Stretton and the criticism fired at the company as the Royal Opera House closed for redevelopment *Modernism after the Ballets Russes* Gabriela Minden, 2025-07-14 Serge Diaghilev's Ballets Russes holds a renowned position in the history of modernism across various arts The company's daring productions brought together leading artists working in diverse fields from Igor Stravinsky to Pablo Picasso from Bronislava Nijinska to Coco Chanel redefining the possibilities of artistic collaboration and shaping the trajectories of dance music fashion and the visual arts But what of the Ballets Russes's role in the text based theatre Despite the intrinsic link

between dance and theatre as performance arts the company's contributions to dramatic literature and dramaturgy have remained surprisingly elusive This book establishes the Ballets Russes as a powerful force in the development of modernist theatre in Britain revealing how the company's avant garde repertoire inspired the creation of new composition strategies and performance techniques that privileged the immediacy of expression offered by the moving dancing body Modernism after the Ballets Russes examines the philosophical conditions of early twentieth century Britain's theatrical landscape marked by growing interest in Nietzschean interpretations of classical drama and Wagnerian notions of the Gesamtkunstwerk to illuminate the allure of the Ballets Russes's re-centring of dance as the foundation of theatre art It shows that Diaghilev ballets provided new ways of thinking about the relationship between the literary and embodied aspects of dramatic performance fueling collaborations between eminent dramatists and theatre practitioners Harley Granville Barker J M Barrie Terence Gray and W H Auden and lesser known choreographers Cecil Sharp Tamara Karsavina Ninette de Valois and Rupert Doone Through the prism of the Ballets Russes this group of artists crafted distinctive new theatrical forms including a whimsical terpsichorean fantasia and a politically subversive poetic dramatic satire as well as new methods of staging Shakespearean comedy and Attic tragedy Together this book contends these literary and dramaturgical innovations represent a previously neglected strand of modernism one that saw the dramatic power of the moving body expand the expressive resources of the period's theatrical arts
