Velavancorresponding**

The Making Of A Christian Empire Lactantius And Rome:

The Making of a Christian Empire Elizabeth DePalma Digeser, 2000 The Making of a Christian Empire is the first full length book to interpret the Divine Institutes as a historical source Exploring Lactantius s use of theology philosophy and rhetorical techniques Digeser perceives the Divine Institutes as a sophisticated proposal for a monotheistic state that intimately connected the religious policies of Diocletian and Constantine both of whom used religion to fortify and unite the Roman Empire BOOK JACKET *Forbearance and Compulsion* Maijastina Kahlos, 2013-03-14 Most surveys of religious tolerance and intolerance start from the medieval and early modern period either passing over or making brief mention of discussions of religious moderation and coercion in Greco Roman antiquity Here Maijastina Kahlos widens the historical perspective to encompass late antiquity examining ancient discussions of religious moderation and coercion in their historical contexts The relations and interactions between various religious groups especially pagans and Christians are scrutinized and the stark contrast often drawn between a tolerant polytheism and an intolerant Christianity is replaced by a more refined portrait of the complex late antique world **The Donatist Church in an Apocalyptic Age** Jesse A. Hoover, 2018 The Donatist Church in an Apocalyptic Age examines an apocalypse that never happened seen through the eyes of a dissident church that no longer exists Jesse A Hoover considers Donatists members of an ecclesiastical communion that for a brief moment formed the majority church in Roman North Africa modern Tunisia Algeria and Libya before fading away sometime between the fifth and seventh centuries Hoover studies how Donatists perceived the end of the world to offer a glimpse into the inner life of the dissident communion what it valued whom it feared and how it defined its place in history while on the cusp of history s end By recovering these appeals to apocalyptic themes in surviving Donatist writings this study uncovers a significant element within the dissident movement s self perception that has so far gone unexamined In contrast to previous assessments it argues that such eschatological expectations are not out of sync with the wider world of Latin Christianity in late antiquity and that they functioned as an effective polemical strategy designed to counter their opponents claim to be the true church in North Africa Moment of Reckoning Ellen Muehlberger, 2019-03-01 Late antiquity saw a proliferation of Christian texts dwelling on the emotions and physical sensations of dying not as a heroic martyr in a public square or a judge s court but as an individual at home in a bed or in a private room In sermons letters and ascetic traditions late ancient Christians imagined the last minutes of life and the events that followed death in elaborate detail The majority of these imagined scenarios linked the quality of the experience to the moral state of the person who died Death was no longer the happy ending in Judith Perkins s words it had been to Christians of the first three centuries an escape from the difficult and painful world Instead death was most often imagined as a terrifying desperate experience This book is the first to trace how in late ancient Christianity death came to be thought of as a moment of reckoning a physical ordeal whose pain is followed by an immediate judgment of one s actions by angels and demons and after that fitting punishment Because late ancient

Christian culture valued the use of the imagination as a religious tool and because Christian teachers encouraged Christians to revisit the prospect of their deaths often this novel description of death was more than an abstract idea. Rather its appearance ushered in a new ethical sensibility among Christians in which one's death was to be imagined frequently and anticipated in detail. This was at first glance meant as a tool for individuals; preachers counted on the fact that becoming aware of a judgment arriving at the end of one's life tends to sharpen one's scruples. But as this book argues, the change in Christian sensibility toward death did not just affect individuals. Once established, it shifted the ethics of Christianity as a tradition. This is because death repeatedly and frequently imagined as the moment of reckoning created a fund of images and ideas about what constituted a human being and how variances in human morality should be treated. This had significant effects on the Christian assumption of power in late antiquity, especially in the case of the capacity to authorize violence against others. The thinking about death traced here thus contributed to the seemingly paradoxical situation in which Christians proclaimed their identity with a crucified person yet were willing to use force against their ideological opponents.

The Cambridge World History of Genocide: Volume 1, Genocide in the Ancient, Medieval and Premodern Worlds Ben Kiernan, T. M. Lemos, Tristan S. Taylor, 2023-05-04. Volume I offers an introductory survey of the phenomenon of genocide. The first five chapters examine its major recurring themes while the further nineteen are specific case studies. The combination of thematic and empirical approaches illuminates the origins and long history of genocide, its causes, consistent characteristics, and the connections linking various cases from earliest times to the early modern era. The themes examined include the roles of racism, the state, religion, gender, prejudice, famine, and climate crises, as well as the role of human decision making in the causation of genocide. The case studies cover events on four continents ranging from prehistoric Europe and the Andes to ancient Israel, Mesopotamia, the early Greek world, Rome, Carthage, and the Mediterranean. It continues with the Norman Conquest of England, the North, the Crusades, the Mongol Conquests, medieval India, and Viet Nam, and a panoramic study of pre-modern China, as well as the Spanish conquests of the Canary Islands, the Caribbean, and Mexico.

Images of Joshua in the Bible and Their Reception Zev Farber, 2016-07-11. The central theme of the book is the relationship between a hero or cultural icon and the cultures in which he or she is venerated. On one hand, a hero cannot remain a static character if he or she is to appeal to diverse and dynamic communities. On the other hand, a traditional icon should retain some basic features in order to remain recognizable. Joshua, son of Nun, is an iconic figure of Israelite cultural memory, described at length in the Hebrew Bible and venerated in numerous religious traditions. This book uses Joshua as a test case. It tackles reception and redaction history, focusing on the use and development of Joshua's character and the deployment of his various images in the narratives and texts of several religious traditions. I look for continuities and discontinuities between traditions, as well as cross-pollination and polemic. The first two chapters look at Joshua's portrayal in biblical literature using both synchronic literary analysis as well as diachronic *berlieferungsgeschichte* and redaction source criticism.

methodologies The other four chapters focus on the reception history of Joshua in Second Temple and Hellenistic Jewish literature in the medieval Arabic Samaritan Book of Joshua in the New Testament and Church Fathers and in Rabbinic literature

Papers Presented at the Fifteenth International Conference on Patristic Studies Held in Oxford 2007

Jane Baun,2010 **Rethinking Constantine** Edward L. Smither,2014-02-14 What happens to the church when the emperor becomes a Christian Seventeen hundred years after Constantine's victory at Milvian Bridge scholars and students of history continue to debate the life and impact of the Roman emperor who converted to faith in the Christian God and gave peace to the church This book joins that conversation and examines afresh the historical sources that inform our picture of Constantine the theological developments that occurred in the wake of his rise to power and aspects of Constantine's legacy that have shaped church history

Constantine and the Divine Mind Kegan A. Chandler,2019-12-18 Constantine's conversion to Christianity marks one of the most significant turning points in the epic of Western civilization It is also one of history's most controversial and hotly debated episodes Why did Constantine join a persecuted sect When did he convert And what kind of Christian did he ultimately become Such questions have perennially challenged historians but modern scholarship has opened a new door towards understanding the fourth century's most famous and mysterious convert In *Constantine and the Divine Mind* Chandler offers a new portrait of Constantine as a deeply religious man on a quest to restore what he believed was once the original religion of mankind monotheism By tracing this theological quest and important historical trends in Roman paganism Chandler illuminates the process by which Constantine embraced Christianity and how the reasons for that embrace continued to manifest in his religious policies In this we discover not only Constantine's personal religious journey but the reason why Christianity was first developed into a world power

A Threat to Public Piety Elizabeth DePalma Digeser,2012-04-15 In *A Threat to Public Piety* Elizabeth DePalma Digeser reexamines the origins of the Great Persecution AD 303-313 the last eruption of pagan violence against Christians before Constantine enforced the toleration of Christianity within the Empire Challenging the widely accepted view that the persecution enacted by Emperor Diocletian was largely inevitable she points out that in the forty years leading up to the Great Persecution Christians lived largely in peace with their fellow Roman citizens Why Digeser asks did pagans and Christians who had intermingled cordially and productively for decades become so sharply divided by the turn of the century Making use of evidence that has only recently been dated to this period Digeser shows that a falling out between Neoplatonist philosophers specifically Iamblichus and Porphyry lit the spark that fueled the Great Persecution In the aftermath of this falling out a group of influential pagan priests and philosophers began writing and speaking against Christians urging them to forsake Jesus worship and to rejoin traditional cults while Porphyry used his access to Diocletian to advocate persecution of Christians on the grounds that they were a source of impurity and impiety within the empire The first book to explore in depth the intellectual social milieu of the late third century *A Threat to Public Piety* revises our understanding of the period by revealing the extent to which Platonist

philosophers Ammonius Plotinus Porphyry and Iamblichus and Christian theologians Origen Eusebius came from a common educational tradition often studying and teaching side by side in heterogeneous groups *Papers Presented at the Fifteenth International Conference on Patristic Studies Held in Oxford 2007: Tertullian to Tyconius; Egypt before Nicaea; Athanasius and his opponents* Jane Baun, M. Edwards, Markus Vinzent, 2010 Papers presented at the Fifteenth International Conference on Patristic Studies held in Oxford 2007 see also *Studia Patristica* 44 45 47 48 and 49 The successive sets of *Studia Patristica* contain papers delivered at the International Conferences on Patristic Studies which meet for a week once every four years in Oxford they are held under the aegis of the Theology Faculty of the University Members of these conferences come from all over the world and most offer papers These range over the whole field both East and West from the second century to a section on the *Nachleben* of the Fathers The majority are short papers dealing with some small and manageable point they raise and sometimes resolve questions about the authenticity of documents dates of events and such like and some unveil new texts The smaller number of longer papers put such matters into context and indicate wider trends The whole reflects the state of Patristic scholarship and demonstrates the vigour and popularity of the subject **The Oxford Handbook of Early Christian Studies** Susan Ashbrook Harvey, David G. Hunter, 2008-09-05 The Oxford Handbook of Early Christian Studies responds to and celebrates the explosion of research in this inter disciplinary field over recent decades As a one volume reference work it provides an introduction to the academic study of early Christianity c 100 600 AD and examines the vast geographical area impacted by the early church in western and eastern late antiquity It is thematically arranged to encompass history literature thought practices and material culture It contains authoritative and up to date surveys of current thinking and research in the various sub specialties of early Christian studies written by leading figures in the discipline The essays orientate readers to a given topic as well as to the trajectory of research developments over the past 30 50 years within the scholarship itself Guidance for future research is also given Each essay points the reader towards relevant forms of extant evidence texts documents or examples of material culture as well as to the appropriate research tools available for the area This volume will be useful to advanced undergraduate and post graduate students as well as to specialists in any area who wish to consult a brief review of the state of the question in a particular area or sub specialty of early Christian studies especially one different from their own [Reading Patristic Texts on Social Ethics](#) Johan Leemans, Brian J. Matz, Johan Verstraeten, 2011-04 The contributions for this volume emerged out of an expert seminar on the theme of the Church Fathers and Catholic social thought held in Leuven in 2007 p vii [Essays in Renaissance Thought and Letters](#), 2015-07-14 *Essays in Renaissance Thought and Letters* is a volume dedicated to John Monfasani renowned scholar of Latin and Greek rhetoric and philosophy These essays range from Antiquity to the Enlightenment in genre from learned notes to editiones principes and in discipline from intellectual to socio economic history An introduction to Monfasani's life and works and a list of his opera open the volume Contributors include Michael J B Allen Sándor Bene Concetta Bianca Robert

Black Christopher Celenza Brian Copenhaver John Demetracopoulos James Hankins Martin Hinterberger Thomas Izbicki David Jacoby Peter Mack Lodi Nauta David Rundle David Rutherford Chris Schabel April Shelford and Thomas M Ward

The Care of the Dead in Late Antiquity Éric Rebillard, 2012-04-06 In this provocative book Eric Rebillard challenges many long held assumptions about early Christian burial customs For decades scholars of early Christianity have argued that the Church owned and operated burial grounds for Christians as early as the third century Through a careful reading of primary sources including legal codes theological works epigraphical inscriptions and sermons Rebillard shows that there is little evidence to suggest that Christians occupied exclusive or isolated burial grounds in this early period In fact as late as the fourth and fifth centuries the Church did not impose on the faithful specific rituals for laying the dead to rest In the preparation of Christians for burial it was usually next of kin and not representatives of the Church who were responsible for what form of rite would be celebrated and evidence from inscriptions and tombstones shows that for the most part Christians didn't separate themselves from non Christians when burying their dead According to Rebillard it would not be until the early Middle Ages that the Church gained control over burial practices and that Christian cemeteries became common In this translation of *Religion et Sépulture. L'église, les vivants et les morts dans l'Antiquité tardive* Rebillard fundamentally changes our understanding of early Christianity *The Care of the Dead in Late Antiquity* will force scholars of the period to rethink their assumptions about early Christians as separate from their pagan contemporaries in daily life and ritual practice [The Life and Legacy of Constantine](#) M. Shane Bjornlie, 2016-07-15 The transformation from the classical period to the medieval has long been associated with the rise of Christianity This association has deeply influenced the way that modern audiences imagine the separation of the classical world from its medieval and early modern successors The role played in this transformation by Constantine as the first Christian ruler of the Roman Empire has also profoundly shaped the manner in which we frame Late Antiquity and successive periods as distinctively Christian The modern demarcation of the post classical period is often inseparable from the reign of Constantine The attention given to Constantine as a liminal figure in this historical transformation is understandable Constantine's support of Christianity provided the religion with unprecedented public respectability and public expressions of that support opened previously unimagined channels of social political and economic influence to Christians and non Christians alike The exact nature of Constantine's involvement or intervention has been the subject of continuous and densely argued debate Interpretations of the motives and sincerity of his conversion to Christianity have characterized with various results explanations of everything from the religious culture of the late Roman state to the dynamics of ecclesiastical politics What receives less frequent attention is the fact that our modern appreciation of Constantine as a pivotal historical figure is itself a direct result of the manner in which Constantine's memory was constructed by the human imagination over the course of centuries This volume offers a series of snapshots of moments in that process from the fourth to the sixteenth century *The Apologists and Paul* Todd D. Still, David E. Wilhite, 2024-06-13

This volume examines the use of Paul's writing within the work of ante-Nicene apologetic writers. It takes apologetics as a broad genre in which many early Christian writers participated offering rhetorical defenses for emerging aspects of doctrine rooted in understanding of the scriptures and often specifically the writings of Paul. The volume interacts with the writings of many significant apologetic writers including Melito of Sardis, Clement of Alexandria, Tatian, Tertullian, Hippolytus, and Cyprian. The chapters examine how these early Christian writers used the letters of Paul to develop their own philosophical ideas and defenses of aspects of the emerging Christian faith. The internationally renowned contributors have all been specially commissioned for this volume and an afterword by Todd D. Still considers the question of whether or not Paul was an apologist himself.

Religion and World Civilizations Andrew Holt, 2023-06-30. An indispensable resource for readers investigating how religion has influenced societies and cultures, this three-volume encyclopedia assesses and synthesizes the many ways in which religious faith has shaped societies from the ancient world to today. Each volume of the set focuses on a different era of world history ranging through the ancient, medieval, and modern worlds. Every volume is filled with essays that focus on religious themes from different geographical regions. For example, volume one includes essays considering religion in ancient Rome, while volume three features essays focused on religion in modern Africa. This accessible layout makes it easy for readers to learn more about the ways that religion and society have intersected over the centuries, as well as specific religious trends, events, and milestones in a particular era and place in world history. Taken as a whole, this ambitious and wide-ranging work gathers more than 500 essays from more than 150 scholars who share their expertise and knowledge about religious faiths, tenets, people, places, and events that have influenced the development of civilization over the course of recorded human history.

Documents of the Rise of Christianity Kevin W. Kaatz, 2019-03-14. An introduction to the history of early Christianity, this reference provides roughly 60 primary source documents from the first five centuries of the Christian Era, each accompanied by explanatory material. Christianity has been one of the most powerful influences on world history, and for this reason, the world of the early Christians figures prominently in film, fiction, and popular culture. The first centuries of Christianity provided the foundation for the faith institutions of today; this book examines the history of early Christianity through its use of primary texts written by early Christians. In doing so, it helps readers to understand that multiple sects of Christianity competed for dominance and it sheds light on the struggles of early Christians that their differences entailed. The book covers the first five centuries of the Christian Era with sections devoted to each century. Some 60 primary source documents appear within those sections, and each is accompanied by background information. This chronological arrangement helps readers to understand how Christianity evolved over time and it provides insights into the theological debates and persecutions that marked the lives of early Christians and characterized the early Church.

Reconsidering Eusebius Sabrina Inowlocki, Claudio Zamagni, 2011-06-22. Drawing on history, philology, literature, archeology, and theology, this book offers new approaches to Eusebius' well- and less-known writings, as well as to his unique

contribution to late antique culture
