*The Making of a Man* Audrey Savage,1992      **It's A Guy Thing** David Deida,1997-05 In a lively question and answer format this text attempts to tell women why men act the way they do There are chapters on sex work relationships and communication interspersed with quick insights on the many facets of men      **The Bedtrick** Wendy Doniger,2022-08-22 Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln s truly terrible poem about a bedtrick You will learn that in Hong Kong the film *The Crying Game* was retitled *Oh No My Girlfriend Has a Penis* And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can t people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover      *Sex and Suits* Anne Hollander,2016-08-25 Since the dawn of western fashion in the Middle Ages women s dress has never stopped evolving yet menswear has seen far fewer style revolutions At the centre of the male wardrobe is the suit relatively unchanged since the 17th century its cut and cloth suggest athleticism seriousness sexuality and strength qualities which contrasted with the perceived superficiality and frivolity of female dress and eventually led to the adoption of the suit into the female wardrobe where it remains to this day In *Sex and Suits* brilliant essayist and art critic Anne Hollander charts the development of men s and women s fashion from their divergence in the medieval period to their convergence through to the late 20th century Challenging the idea that the suit s success is merely down to its practicality this trailblazing book argues that men have been fashion s true style setters and that as women s fashion has taken on elements of men s style through tailoring so men have reclaimed the embellishment and colour of past eras First published in 1994 to great acclaim this classic text is as fresh and provocative as ever and remains a must read for students scholars and anyone fascinated by the history of fashion and gender      *The Columbia Reader on Lesbians and Gay Men in Media, Society, and Politics* Larry P. Gross,James D. Woods,1999 More than 100 articles essays letters and primary documents cover the formation of gay identity religious scientific medical and legal perspectives the mainstream media lesbian and gay media and community prospects and tactics      *Noble Savages* R. J. Rushdoony,2014-10-29 This 57 billion dollar industry is swallowing peoples worldwide as

its revenues exceed that of professional football baseball and basketball combined Statistics reveal that upwards of 40 million American adults regularly visit over 372 million published pornographic web pages How did we get here In the free love decade of the 1960s the New Left refashioned pornography into a new image the symbol of moral freedom What was once sold under the counter as filth was now celebrated as the literary symbol of liberation from God and His law word This refashioning was nothing new It was but an echo of the liberation theology of the Marquis de Sade the 19th century pervert de France 1740 1814 In 1974 R J Rushdoony wrote T his new pornography first conceived by Sade will not be eliminated by moral indignation or by legislation Rushdoony recognized that the roots of pornography in modern culture are essentially religious and must be combated religiously In this powerful book Noble Savages formerly The Politics of Pornography Rushdoony demonstrates that in order for modern man to justify his perversion he must reject the Biblical doctrine of the fall of man If there is no fall the Marquis de Sade argued then all that man does is normative Rushdoony concluded T he world will soon catch up with Sade unless it abandons its humanistic foundations In his conclusion Rushdoony wrote Symptoms are important and sometimes very serious but it is very wrong and dangerous to treat symptoms rather than the underlying disease Pornography is a symptom it is not the problem What is the problem It s the philosophy behind pornography the rejection of the fall of man that makes normative all that man does Learn it all in this timeless classic Originally title Politics of Pornography

Gérard Pommier, 2024-10-25 What Does It Mean to Make Love shows how the choice of gender does not conform to anatomy and is based on an often unrecognised psychic bisexuality Everyone chooses a gender by repressing another gender which becomes the site of both an attraction and a conflict a war of the sexes the contingencies of which animate desire G rard Pommier explores phantasy desire and perversion and their role in sexual machinery before considering the question of orgasm Pommier's work demonstrates that the analysis of orgasm brings out a political dimension and that aspects of both social and personal life are illuminated by the study of how we think consciously and unconsciously about orgasm and the role we ascribe to it This book makes valuable contributions to the study of sexuality and will be of interest to all psychoanalysts and students of psychoanalysis as well as those in the fields of gender studies anthropology and psychology Pedophilia and Adult-Child Sex Stephen Kershner, 2015-05-20 This book provides a philosophical analysis of adult child sex and pedophilia It looks at how the law should respond to such sex given the above analyses *Tracking King Kong* Cynthia Erb, 2009-04-01 Studies the cultural impact and audience reception of King Kong from the 1933 release of the original film until today In *Tracking King Kong* Cynthia Erb charts the cultural significance of the character of King Kong from the early 1930s when Merian C Cooper and Ernest B Schoedsack's classic film King Kong was first released to Peter Jackson's 2005 remake Although King Kong has received much academic attention over the past twenty five years the bulk of these analyses deal with the film's human characters rather than Kong himself In this revised edition of an influential study Erb argues that King Kong is a particular kind of cultural outsider who represents a cross penetration of American notions of exoticism and monstrosity *Tracking King Kong* considers problems such as race and gender in the King Kong tradition as well as historical international and contemporary audience and fan responses to this classic film and its popular protagonist Erb begins her examination of King Kong in the 1930s when the original film was produced and released extending through the 1970s when the film and its hero reached the height of their cultural visibility in a remake by Dino De Laurentiis and concluding with a look at Peter Jackson's version in 2005 The book includes a detailed production history of the original 1933 film based on primary historical and archival sources a genre study examining Kong's relations to horror jungle adventure and travel documentary genres an analysis of Kong's influence on the Japanese film Godzilla and a look at sequels remakes and spinoffs related to King Kong such as *Mighty Joe Young* Erb also analyzes Jackson's remake of King Kong to determine how and why Jackson revised the main character casting him as a melancholy hero The revised edition of *Tracking King Kong* updates a groundbreaking study of King Kong as the iconic character enters the twenty first century Scholars of film and television studies as well as general readers interested in film and popular culture

**Fictions** Lisa Maria Hogeland,2016-11-11 During the 1970s thousands of American women met regularly in small groups to talk about the injustices they experienced in their private lives and how those personal injustices related to the broad based political oppression of women They called this cultural work consciousness raising Women s and feminist fiction of the 1970s was dominated by a new kind of novel whose content and form were shaped by the practice of consciousness raising Lisa Maria Hogeland contends that consciousness raising novels both reflected and furthered the Women s Liberation Movement s analyses of sexuality gender race and political responsibility and that through their narrative structure the novels actually engaged in consciousness raising with their readers Using a broad range of fiction including works by Erica Jong Marilyn French Marge Piercy Alix Kates Shulman Alison Lurie Joanna Russ and Joan Didion Hogeland explores the ways in which consciousness raising novels addressed some of the most important questions raised by second wave feminism **Making Gender, Culture, and the Self in the Fiction of Samuel Richardson** Bonnie Latimer,2016-05-13 Proposing that Samuel Richardson s novels were crucial for the construction of female individuality in the mid eighteenth century Bonnie Latimer

shows that Richardson's heroines are uniquely conceived as individuals who embody the agency and self-determination implied by that term. In addition to placing Richardson within the context of his own culture, recouping for contemporary readers the influence of Grandison on later writers including Maria Edgeworth, Sarah Scott, and Mary Wollstonecraft is central to her study. Latimer argues that Grandison has been unfairly marginalised in favor of *Clarissa* and *Pamela* and suggests that a rigorous rereading of the novel not only provides a basis for reassessing significant aspects of Richardson's fictional oeuvre but also has implications for fresh thinking about the eighteenth-century novel. Latimer's study is not a specialist study of Grandison but rather a reconsideration of Richardson's novelistic canon that places Grandison at its centre as Richardson's final word on his re-envisioning of the gendered self.
