Kunze, 2023-09-15 In the early 1980s Walt Disney Productions was struggling largely bolstered by the success of its theme parks Within fifteen years however it had become one of the most powerful entertainment conglomerates in the world *Staging a Comeback* Broadway Hollywood and the Disney Renaissance argues that far from an executive feat this impressive turnaround was accomplished in no small part by the storytellers recruited during this period Drawing from archival research interviews and textual analysis Peter C Kunze examines how the hiring of theatrically trained talent into managerial and production positions reorganized the lagging animation division and revitalized its output By Aladdin it was clear that animation not live action was the center of a veritable renaissance at Disney and the animated musicals driving this revival

laid the groundwork for the company's growth into Broadway theatrical production. The Disney Renaissance not only reinvigorated the Walt Disney Company but both reflects and influenced changes in Broadway and Hollywood more broadly.

The Theatre of Kander and Ebb Robert Gordon, 2025-07-24 Discover John Kander and Fred Ebb the most artistically and commercially successful musical theatre writing team since Rodgers and Hammerstein in a brand new way. Identifying the theatrical approach that renders their musical dramaturgy unique, this book explores their importance within and contribution to musical theatre history. Through their biggest hits *Cabaret* 1966 and *Chicago* 1975, Kander and Ebb have been performed on the stage more times both within and outside of the USA than any other American musical theatre writers. Unlike Sondheim whose work from 1964 increasingly aspired towards the avant garde, Kander and Ebb located their projects in a nexus between art and commercial entertainment, seeking to deconstruct popular forms in order to expose their ideological function. This book investigates the full range of Kander and Ebb's collaboration from the pure comic entertainment of *70 Girls* 1970 and *Curtains* 2006 to more overtly serious musicals such as *Kiss of the Spiderwoman* 1992, *The Scottsboro Boys* 2010 and *The Visit* 2014, which were less commercially successful precisely because they addressed disturbing subjects. It explores how the difficult material inspired beautiful though challenging scores. It also probes how the ironic counterpointing of luscious music with witty and demotic lyrics challenges the desire of a Broadway audience for escapist entertainment devoid of critical self-reflection in order to create complex yet popular masterpieces of the genre. This is the first volume to explicitly analyse the recurrent theatrical tropes and dramaturgical forms in Kander and Ebb's musicals, offering an in-depth introduction to their oeuvre.
