what is it She pointed at my feet Don t those things hurt you re feet She was asking about the boots I was wearing Why no Mam they don t She turned with look of not understanding and went back to her car which I noticed was wearing Ohio license plates That was in 1942 and I still remember what my friend and I talked about later You reckon that lady never saw cowboy boots before I don t know Maybe she never saw a horse before So many years later the same fellow sees people and customs that are completely strange They speak English and eat with a knife and fork most do and they want to imitate the western world very much Of course I m speaking of those that I came in personal contact with As a reader you must remember their country was only born in 1932 It had no means of entering seriously into world commerce until oil was discovered Then suddenly they as a country became very rich almost over night The King made decisions without the help of a Legislature So he decided where the money went The Royal Family got an early cut and infrastructure was on the early list as well If there was a need for a road he just told some contractor to build the road And make it out of concrete That asphalt stuff just melts and runs away over here in the desert Well if you have roads then you need cars so the King calls Japan and says Send me over a boat load of those little pickups you make Well ok your Highness What color do you want I don t know just mix them up Ok The Japanese boat arrived and the King tried to give them to the Bedouins from the desert The nomads only accepted the white ones all other colors were sent back to Japan Everyone know that dark colors are no good in the heat Do you find that humorous Well I do But what do you expect A tall apartment building in downtown Riyadh is standing empty on the day of my arrival and on the day of my departure The King had it built for the Bedouins to use for free The occasion of celebrating the gift from the King the Bedouins asked Where do we put our camels and goats Well you won t need them here The gift was rejected straight away as the Brits say Do you find that interesting Well I do How about this I asked one of my Saudi copilots What is your goal What do you mean I mean what are you working for What do you hope for in the future Oh I see what you mean Well I m saving my money to buy a camel and move out on the desert You mean you would leave your job in aviation living in a house with indoor plumbing electricity and air conditioning to move into a tent in the desert Sure what s wrong with that Well the time

There's only one problem. The Fifth Age is not supposed to exist. Terek's dreams are shattered and all he has left are schemes of vengeance and a plan that may yet doom all life on Verdan. Once again the Rising Circle surfaces with a plan so subversive that it is both reviled and embraced by those in power. The Fifth Age will take the reader from a prison in Emdon to the palace in Seahaven to the swamps of Kyrotha and to no less than three godly realms. The heroes of the world will suffer losses along the way but will move forward with grim determination toward a cataclysmic conclusion that will help shape not only the future of Verdan but of the entire universe.
