*Handbook of the American Novel of the Twentieth and Twenty-First Centuries* Timo Müller,2017-01-11 Increasing specialization within the

discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts. These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading. As a result, students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s, much of which relies on dated methodological and ideological presuppositions. The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate, from James's *The Ambassadors* to McCarthy's *The Road*. These readings do not revert naively to a time before theory. Instead, they distill the insights of literary and cultural theory into concise introductions to the historical background, the themes, the formal strategies, and the reception of influential literary texts, and they do so in a jargon-free language accessible to readers on all levels of qualification. *Books in Print*, 1991 **Billboard**, 1994-12-03 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events brand, content, and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. New York Magazine, 1988-06-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.
