

Concerning all acts of creation there is one elementary truth, the ignorance of which kills countless ideas and splendid plans: That the moment one definitely commits oneself, then providence moves too.

All sorts of things occur to help one that would not have otherwise occurred. A whole stream of events issues from the decision, raising in one's favor all manner of unforeseen incidents and meetings and material assistance which no man would have dreamed would come his way.

I have learned a deep respect for one of Goethe's couplets:

"Whatever you can do, or dream you can, begin it!
Boldness has genius, magic, and power in it.
