The Markoff Women:

The Markoff Women June Flaum Singer, 2014-04-21 In a shtetl in Imperial Russia we meet the first of the Markoff women beautiful rebellious red haired Eve As the new wife of David Markoff Eve confronts the tyranny of her father in law s household where women are treated as servants and men are treated as boys While the spirit of the revolution grows throughout Russia Eve sows seeds off freedom beneath her father in law s roof And as the lives of the Markoffs are increasingly threatened by Cossack flames the love between Eve and David is destined for betrayal The son born to Eve grows up to become a revolutionary forced to flee to America There he bitterly rejects his past and paves the way for his daughter s marriage into Russian aristocracy By the time Eve escapes to America the lies that divide the Markoff family have separated mother and son forever But the past must be given its due in a showdown that sets rage against love **The**

Markoff Women June Flaum Singer, 1986 **Women and States** Ann E. Discrimination Against Women: July 1 and 31, 1970 United States. Congress. House. Committee on Education and Labor. Special Subcommittee on Education, 1971 **The Myth of Superwoman** Resa L. Dudovitz, 2019-10-01 Reviled by critics but loved by the readers the bestseller has until recently provoked little serious critical interest In *The Myth of Superwoman* originally published in 1990 Resa Dudovitz looks at this international phenomenon particularly at the origins of the bestseller system in the United States and France Her cross cultural study including interviews with publishers literary agents and bestselling authors gives a lively picture of the contrasting ways in which the bestseller is produced marketed and received in two countries It pays special attention to the international bestsellers of the 1980s to writers like Judith Krantz Colleen McCullough and Barbara Taylor Bradford all of whose novels are published in the United States Britain France Germany and Italy The book presents a general analysis of women s bestsellers ranging over a wide variety of novels from popular nineteenth century texts in France and the United States to the novels of today Dudovitz shows how women s bestselling fiction has over the last two hundred years kept pace with the social evolution of contemporary women culminating in the myth of superwoman in women s bestsellers of the 1980s This fascinating account of an important aspect of popular culture will be of great value to students of women s studies and cultural studies especially those interested in the myths which structure women s bestselling fiction **Schizophrenia: the Bearded Lady Disease Volume Two** , 2010-08-24 Man has

long searched for the cause and meaning of mental illness This second book continues in an attempt to answer those questions The author compiler has spent 47 years investigating these problems and his conclusion is that severe unconscious bisexual conflict and confusion lie at the root of all mental illness as difficult to comprehend as this idea may be The book itself consists of 773 quotations from a variety of sources all of which point to the unshakable truth of this hypothesis This is

a fixed law of nature unassailable and constantly operative in every case No other species but man is afflicted with mental illness because no other species has either the intellectual power to repress their sexual feelings nor the motivation to do so The disease we call schizophrenia is but an arbitrary name which is used to designate the end stage of a process beginning with a slight neurosis The more severe the bisexual conflict and confusion in the individual the more severe the degree of the mental illness which is experienced Several other investigators in the past have reached this same conclusion but unfortunately their wisdom went largely unheeded Hopefully this book will remedy that ill advised neglect

Women and the Vote Jad Adams, 2014-09-18 Before 1893 no woman anywhere in the world had the vote in a national election A hundred years later almost all countries had enfranchised women and it was a sign of backwardness not to have done so This is the story of how this momentous change came about The first genuinely global history of women and the vote it takes the story of women in politics from the earliest times to the present day revealing startling new connections across time and national boundaries from Europe and North America to Asia Africa Latin America and the Muslim world post 9 11 A story of individuals as well as of wider movements it includes the often dramatic life stories of women s suffrage pioneers from across the world painting vivid biographical portraits of everyone from Susan B Anthony and the Pankhursts to hitherto lesser known activists in China Latin America and Africa It is also the first major post feminist history of women s struggle for the vote Controversially Jad Adams rejects the widely accepted idea that success was primarily a result of the pressure group politics of the suffragists and their supporters Ultimately he argues it was nationalism not feminism that was the most important factor in winning women the vote Personnel Bibliography Series United States Civil Service Commission. Boston University medical student who came to be known as the Craigslist Killer How was he able to conceal his dark side to all who knew him even his sweet and trusting fiancé What was his motivation to use the online bulletin board to find his victims And what were the clues pieces of an astonishing puzzle that led Boston police to arrest the clean cut all American young man with no criminal record who was in reality an out of control thrill seeker hiding a lethal sexual life

Evidence-Based Practice With Women Martha Markwardt, Bonnie Yegidis, 2010-12-09 Social Work Practice with Women An Evidence Based Approach is a key text for courses on Social Work Practice and Women in Social Work Women constitute a large proportion of clients seeking treatment and often present with issues that are unique This book focuses on the major mental health issues faced by women in social care and it will present empirically validated ways of assessing and treating clients This is the first book to focus broadly on women in treatment and evidence based approaches in social work The book will focus on assessing and treating women with the following mental health issues 1 generalized anxiety disorder 2 PTSD and Trauma including sexual abuse 3 Treating depression 4 substance abuse treatment 5 Eating disorders

Gender-Competent Legal Education Dragica Vujadinović, Mareike Fröhlich, Thomas Giegerich, 2023-02-03 Male dominated law and legal knowledge essentially characterized the whole of pre modern history in that the patriarchy represented the axis of social relations in both the private and public spheres Indeed modern and even contemporary law still have embedded elements of patriarchal heritage even in the secular modern legal systems of Western developed countries either within the content of legislation or in terms of its implementation and interpretation This is true to a greater or lesser extent across legal systems although the secular modern legal systems of the Western developed countries have made great advances in terms of gender equality The traditional understanding of law has always been self evidently dominated by men but modern law and its understanding have also been more or less malestreamed Therefore it has become necessary to overcome the given maskulinity of legal thought In contemporary legal and political orders gender mainstreaming of law has been of the utmost importance for overcoming deeply and persistently embedded power relations and gender based unequal social relations At the same time and equally importantly the gender mainstreaming of legal education to which this book aims to contribute can help to gradually eliminate this male dominance and accompanying power relations from legal education and higher education as a whole This open access textbook provides an overview of gender issues in all areas of law including sociological historical and methodological issues Written for students and teachers around the globe it is intended to provide both a general overview and in depth knowledge in the individual areas of law Relevant court decisions and case studies are supplied throughout the book

An Internet for the People Jessa Lingel, 2022-06-14 How craigslist champions openness democracy and other vanishing principles of the early web Begun by Craig Newmark as an e mail to some friends about cool events happening around San Francisco craigslist is now the leading classifieds service on the planet It is also a throwback to the early internet The website has barely seen an upgrade since it launched in 1996 There are no banner ads The company

doesn't profit off your data An Internet for the People explores how people use craigslist to buy and sell find work and find love and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web Drawing on interviews with craigslist insiders and ordinary users Jessa Lingel looks at the site's history and values showing how it has mostly stayed the same while the web around it has become more commercial and far less open She examines craigslist's legal history describing the company's courtroom battles over issues of freedom of expression and data privacy and explains the importance of locality in the social relationships fostered by the site More than an online garage sale job board or dating site craigslist holds vital lessons for the rest of the web It is a website that values user privacy over profits ease of use over slick design and an ethos of the early web that might just hold the key to a more open transparent and democratic internet
