Mamoulian David Lührssen, 2013-01-25 An Armenian national raised in Russia Rouben Mamoulian 1897 1987 studied in the influential Stanislavski studio renowned as the source of the method acting technique Shortly after immigrating to New York in 1926 he created a sensation with an all black production of Porgy 1927 He then went on to direct the debut Broadway productions of three of the most popular shows in the history of American musical theater Porgy and Bess 1935 Oklahoma 1943 and Carousel 1945 Mamoulian began working in film just as the sound revolution was dramatically changing the technical capabilities of the medium and he quickly established himself as an innovator Not only did many of his unusual camera techniques become standard but he also invented a device that eliminated the background noises created by cameras and dollies Seen as a rebel earlier in his career Mamoulian gradually gained respect in Hollywood and the Directors Guild of America awarded him the prestigious D W Griffith Award for Lifetime Achievement in 1983 In this meticulously researched biography David Lührssen paints the influential director as a socially conscious artist who sought to successfully combine art and commercial entertainment Lührssen not only reveals the fascinating personal story of an important yet neglected figure but he also offers a tantalizing glimpse into the extraordinarily vibrant American film and theater industries during the twenties thirties and forties **Mamoulian** Tom Milne, 2019-07-25 The great Armenian American director Rouben

Mamoulian 1897 1987 remains a favourite among film makers his films combining great technical originality with a uniquely poetic visual style Mamoulian s technical innovations are evident from his first film Applause 1923 in which he incorporated two separate soundtracks into one printing thus overcoming the difficulty of sound levels which had frustrated the pioneer directors of talkies and in Dr Jekyll and Mr Hyde 1931 in which he used synthetic sound painted directly onto the soundtrack Such inventive solutions to film making challenges were linked to Mamoulian s abiding sense of the magic of the cinema He used colour as a dramatic ingredient in the first three strip Technicolour film Becky Sharp 1935 and his musicals Summer Holiday 1948 and Silk Stockings 1957 were remarkable in their time for the way in which the dance was used to enhance the drama and to illuminate character And for Garbo in Queen Christina 1933 he created the framework for her greatest role Tom Milne s classic study first published in 1969 provides a film by film analysis of Mamoulian s career and challenges widespread critical assumptions about the director s oeuvre In his foreword to this new edition Geoff Andrew recognises Milne s careful and insightful analysis of Mamoulian s expressive and imaginative style and asks whether this unique director ought to be considered as an auteur Andrew also pays tribute to Milne s elegant witty and eclectic critical style and hails him

Cinema Treasures Ross Melnick, Andreas Fuchs, 2004 More than 100 years after the first movie delighted audiences movie theaters remain the last great community centers and one of the few amusements any family can afford While countless books have been devoted to films and their stars none have attempted a truly definitive history of those magical venues that have transported moviegoers since the beginning of the last century In this stunningly illustrated book film industry insiders Ross Melnick and Andreas Fuchs take readers from the nickelodeon to the megaplex and show how changes in moviemaking and political social and technological forces e g war depression the baby boom the VCR have influenced the way we see movies Archival photographs from archives like the Academy of Motion Picture Arts and Sciences and movie theater ephemera postcards period ads matchbooks and even a barf bag sourced from private collections complement Melnick s informative and engaging history Also included throughout the book are Fuchs profiles detailing 25 classic movie theaters that have been restored and renovated and which continue to operate today Each of these two page spreads is illustrated with marvelous modern photographs many taken by top architectural photographers The result is a fabulous look at one way in which Americans continue to come together as a nation A timeline throughout places the developments described in a broader historical context We ve had a number of beautiful books about the great movie palaces and even some individual volumes that pay tribute to surviving theaters around the country This is the first book I can recall that focuses on the survivors from coast to coast and puts them into historical context Sumptuously produced in an oversized format on heavy coated paper stock this beautiful book offers a lively history of movie theaters in America an impressive array of photos and memorabilia and a heartening survey of the landmarks in our midst from the majestic Fox Tucson Theatre in Tucson Arizona to the charming jewel box that is the Avon in Stamford Connecticut I don t know why but I never tire of gazing at black they evoke the era of

moviemaking and moviegoing I care about the most and this book is packed with them Cinema Treasures is indeed a treasure and a perfect gift item for the holiday season Leonard Maltin Humble or grandiose stand alone or strung together movie theaters are places where dreams are born Once upon a time they were treated with the respect they deserve In their heyday historian Ross Melnick and exhibitor Andreas Fuchs write in Cinema Treasures openings of new motion picture pleasure palaces that would have dazzled Kubla Khan received enormous attention in newspapers around the country On top of the publicity they generated their debuts were treated like the gala openings of new operas or exhibits with critics weighing in on everything from the interior and exterior design to the orchestra Handsomely produced and extensively illustrated Cinema Treasures is detailed without being dull and thoroughly at home with this often neglected subject matter Its title would have you believe it is a celebration of the golden age of movie theaters But this book is something completely different an examination of the history of movie exhibition which the authors accurately call a vastly under researched topic Los Angeles Times
