The Generation Of 1914

Edmond C. Gruss

The Generation Of 1914:

The Generation of 1914 Robert Wohl, 1980 A study of the generation of French German English Spanish and Italian young men who fought in World War I

An Avant-garde Theological Generation Jon Kirwan, 2018-03-09 An Avant garde Theological Generation examines the Fourvi re Jesuits and Le Saulchoir Dominicans theologians and philosophers who comprised the influential reform movement the nouvelle th ologie Led by Henri de Lubac Jean Dani lou Yves Congar and Marie Dominique Chenu the movement flourished from the 1930s until its suppression in 1950 It aims to remedy certain historical deficiencies by constructing a history both sensitive to the wider intellectual political economic and cultural milieu of the French interwar crisis and that establishes continuity with the Modernist crisis and the First World War Chapter One examines the modern French avant garde generations that have shaped intellectual and political thought in France providing context for a historical narrative of the nouvelle th ologie Chapters Two and Three examine the influential older generations that flourished from 1893 to 1914 such as the Dreyfus generation the generation of Catholic Modernists and two generations of older Jesuits and Dominicans which were instrumental in the Fourvi re Jesuits development Chapter Four explores the influence of the First World War and the years of the 1920s during which the Jesuits and Dominicans were in religious and intellectual formation relying heavily on unpublished letters and documents from the Jesuits archives in Paris Vanves Chapter Five analyses the crises of the interwar period and the emergence of the wider generation of 1930 to which the nouveaux th ologiens belonged and its intellectual thirst for revolution Chapter Six examines the emergence of the ressourcement thinkers during the tumultuous years of the 1930s The decade of the 1940s explored in Chapter Seven saw the rise to prominence of the members of the generation of 1930 who thanks to their participation in the resistance emerged from the Second World War with significant influence on the postwar French intellectual milieu Finally the monograph concludes in Chapter Eight with an examination of the triumph of French Left Catholicism and the nouvelle th ologie during the 1960s at the Second Vatican Council

Jehovah's Witnesses Edmond C. Gruss, 2001

The French Generation of 1820 Alan Barrie Spitzer, 2014-07-14 Alan Spitzer approaches the history of the French Restoration by examining the experience of a particular age group born between 1792 and 1803 the generation of 1820 A predominantly male middle class educated minority of this group was perceived as representing all that was most promising and specifically youthful in the period Their response to the pressures of transition was expressed in the fractious behavior of the youth of the schools and in voluntary associations masonic lodges conspiratorial cells and influential journals which depended on a dense network of personal relationships Professor Spitzer portrays these connections in a set of sociograms using new techniques for the visual representation of social networks Originally published in 1987 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and

hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **A History of the Apocalypse** Catalin Negru,2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history

The Orwellian World of Jehovah's Witnesses Heather Denise Harden Botting,Gary Botting,1984-01-01 Discusses the history and religious doctrines of the Jehovah s Witnesses and examines the parallels between the religion and George Orwell s novel 1984 **The German Unemployed (Routledge Revivals)** Richard J. Evans,Dick Geary,2015-06-05 Unemployment

was perhaps the major problem confronting European society at the time in which this book was first published in 1987 and is arguably still the case today This collection of essays by British and German historians contributes to the debate by taking a close look at unemployment in the Weimar Republic What groups were most severely affected and why How did they react How effective were welfare and job creation schemes Did unemployment fuel social instability and political extremism How far was unemployment a cause of the collapse of the Weimar Republic and the triumph of the Third Reich Did the Nazis solve the unemployment problem by peaceful Keynesianism or through massive rearmament This book is ideal for students of history sociology and economics **History Of Australia (Volumes 5 & 6)** Manning Clark,1999-09-13 Manning Clark s six

volume history is one of the masterpieces of Australian writing It is also one of the most passionately debated visions of Australian history in which the struggle to realise an Australian nation is played out on an epic scale A History of Australia 1888 1945 covers Federation the Boer War and World War I s Gallipoli It finishes with the story of an emerging Australian identity at the point of its greatest trial the outbreak of World War II This is not a general Australian history it does not attempt to cover all aspects and it is not a definitive or quantitative analysis It is a work of art a living and breathing account of the remaking of a primitive continent history come alive **Shutting the Door to the Kingdom of God** Eric Michael

Wilson,2022-08-20 This book uses the New World Translation of the Holy Scriptures to prove that all the teachings of Jehovah s Witnesses concerning the Last Days and the good news of salvation are unscriptural The author an elder of Jehovah s Witnesses for 40 years shares the results of the last ten years of his research into such Watch Tower teachings as the 1914 invisible presence of Christ the overlapping generation doctrine the failed prophecies of 1925 and 1975 the fact

that the Governing Body had evidence long ago showing that 607 BCE was not the date of the Babylonian exile and most important of all the abundant evidence that the salvation hope offered to the JW Other Sheep is a Rutherford invention wholly without support in Scripture He also shares his experience on how Witnesses who continue to believe in Jehovah and Jesus can move beyond JW org without sacrificing their faith This is a must read for any Jehovah s Witness who is a seeker of truth and unafraid to put his or her beliefs to the test

Romain Rolland and the Politics of the Intellectual Engagement

David Fisher, 2017-07-05 This intellectual portrait of Romain Rolland 1866 1944 French novelist musicologist dramatist and Nobel prizewinner in 1915 focuses on his experiments with political commitment against the backdrop of European history between the two world wars Best known as a biographer of Beethoven and for his novel Jean Christophe Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War and who consciously worked to discredit and reshape that society in the interwar period Analyzing Rolland s itinerary of engaged stands David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement Moving from text to context Fisher organizes the book around a series of debates Rolland s public and private collisions over specific committed stands introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual Fisher presents Rolland s private ruminations extensive research and reexamination of the function and style of the French man of letters He observes that Rolland experimented with five styles of commitment oceanic mysticism linked to progressive democratic politics free thinking linked to antiwar dissent pacifism and ultimately Gandhism antifacism linked to anti imperialism antiracism and all out political resistance to fascism and most controversially fellow traveling as a form of socialist humanism and the positive side of antifascism Fisher views Rolland s engagement historically and critically showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties David James Fisher makes a case for the committed writer and hopes to re ignite the debate about commitment For him Romain Rolland sums up engagement in a striking dialectical formula

Ignite the flame of optimism with Crafted by is motivational masterpiece, **The Generation Of 1914** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
