gifted author and historian chronicles an astonishing age of culture commerce and scientific innovation in multicultural Spain
during the seven century epoch before Columbus set sail in 1492 Virgins, Harlots and Sex David Chesney, 2011-02-14 AN
Earthy Look At Christianity Many biblical terms have a consistent symbolic significance from Genesis to Revelation eg nudity
light and darkness virgins harlots Nudity occurs in three of the most significant events in the whole Bible and in every case it
is best understood symbolically This book demonstrates that symbolism is so powerful it can for example change the status of
Isaiah's virgin birth prophecy from an absurdity to an astonishing fulfilment of prophecy Harlots described in the book as
God's warning lights also figure very prominently in the biblical coverage of both Jews and Christians Another key theme is
to show that the raw seed concepts of the Hebrew Bible evolve so neatly into the Christian New Testament viewpoint over a
1000 years that readers may conclude uninspired biblical script writers could not have organized it Here are some quotes
from the book that introduce intriguing and or provocative new trains of thought 1 If you think linking sex with religious
experience is a bit rich then you need to do some more Bible study 2 Indulgence in adultery is the most obvious of the sins
proscribed in the Ten Commandments that could trace directly to hormonal influences 3 Should we be joining Haters
Anonymous Schadenfreude Anonymous or Egotists Anonymous in order to qualify for a better land and to actually enjoy it 4
Some of our excretory functions are less than ideal for a brand new earth the creator team could have done better by us if
they wanted to 5 It is tacitly assumed God did not conduct experiments in His creation efforts No need to He knows the end
from the beginning But Other challenging insights emerge in connection with Lot's use of his daughters as sex sops the

possible symbolic significance of the Mosaic decree to cut off a lady's hand if she squeezed testicles the massaging of data in St Matthew's genealogies a religious uncertainty principle and the reason God doesn't do something to stop the frightful things happening in the world This is not a book built on hype and emotion It makes extensive use of scholarly sources but has a light hearted journalistic approach and is easy to read In exploring the spiritual import of sexual issues in nature and revelation it offers fresh perspectives on the bitter creation evolution debate the gross and genocidal behavior of the chosen people the currently unacceptable biblical restrictions on human sexual behavior and the decidedly low key role of women in organized religion Innovative succinct engaging thought provoking and sometimes shocking *Sexual Misbehavior in the Civil War* Thomas P. Lowry, 2006-10-12 Over three million young men left home shouldered rifles and set about killing one another in the 1860s Behind they left wives and sweethearts The 50 000 books about the war have told us in meticulous detail about the strategy tactics weapons uniforms canteens famous generals religious beliefs personality quirks fortifications battles sieges gunboats medical care and recruiting policies The causes of the war have been endlessly analyzed The surviving veterans wrote hundreds of memoirs sometimes inflating their own heroism and importance What rarely appears in this literature is any mention of sex in spite of most soldiers being in their early twenties a time of manly vigor The late 19th century brought the ascendancy of Victorian prudishness and hypocrisy The Comstock laws sent men to prison for mailing contraceptive advice Just advice Whatever willingness there might have been to reveal wartime hanky panky evaporated in the tenor of the time and the admiring gaze of the veteran's growing grandchildren The following scene would be unimaginable the old veteran sits by the stove in the country store His long white beard covers his tattered vest A faded medal graces his chest On the floor are the shavings from his most recent whittling A tiny child pipes up Tell us about the war grandpa Well Jimmy there was this pretty little whore in Memphis Never happen Material collected twenty years ago resulted in the author's 1994 book *The Story the Soldiers Wouldn't Tell Sex in the Civil War* which presented everything that was then known on the subject There had been no previous book on Civil War sex Since then the author and his wife Beverly have read over 90 000 court martials and countless letters and diary entries What emerges is that sexual activity was far more common and public than our previous research or any memoir had ever revealed The records come from literally every corner of the country Key West Washington Territory Los Angeles and Maine The malfeasants are both officers and enlisted men The victims range from six year girls to sixty year old grandmothers The soldiers carried with them lewd books and obscene photos Even more striking is the universality of houses of prostitution Every village and every city neighborhood has at least one such and everybody knew it They knew the addresses of the houses They knew the names of the madams and the names of many of the girls Most of the witnesses for the trials had visited the houses for the usual reasons The military police tramped through the houses looking for deserters Rape thought to be rare during the war was not that rare An unexpected finding was that Union soldiers who were supposedly freeing the slaves were quick to rape black women An even more

surprising finding was that the Confederate army had a policy of not prosecuting rapists whether the victim was black or white The inventor of the Graham cracker had in 1834 written a book claiming that masturbation caused severe illness even death This idea had taken root in the medical profession and many army doctors testified that a defendant was not guilty because of insanity from self abuse The Union army s largest hospital listed dozens men dead from masturbation The famous ship Monitor had a thick iron turret In other such ships the sound proof turret proved a convenient place for old sailors to rape young boys A Union cavalry colonel was tried for sexually assaulted both men and women Evidence for Civil War homosexuality was unknown until now Even more astonishing stories appear in the records sex with horses sheep even with chickens and turkeys There are records of obscene tattoos foul cursing by Winfield Scott Hancock black and white mistresses of Confederate generals even many records of fornication and bastardy in the little village of Gettysburg Ads fo
