The Iranian Mojahedin Ervand Abrahamian, 1989-01-01 A first rate study that not only goes far in explaining the key events of the last decade but also implicitly substantiates the classic Crane Brinton analysis Bernard Weiss History Review of New Books *The Rise and Fall of the Mojahedin Khalq, 1987-1997* Ronen Cohen, 2009 The Mojahedin Khalq Organisation is an Iranian political party that helped Khomeini's religious sect in Iran bring about the Islamic revolution of 1979 This book provides a history of the Organization and its members and addresses its relationship with western and international powers most specifically the United States **The Iranians** Sandra Mackey, Scott Harrop, 1998-04-01 Throughout its long and

insight for students and the general reader into an often misunderstood and complex country that is shrouded in mystery and misperception. Heir to a long history and a great culture and civilization, Iran embodies a rich, complex and diverse mosaic that defines its national identity. Diversity is also the operative word that describes Iranian landscapes and geography, its multiple ethnic groups and their varied cultures and traditions, as well as the uneven and vastly different levels of economic and industrial development, conflicting political tendencies and different and often contradictory social and cultural outlooks. Because of its tumultuous recent political history, Iran appears to encapsulate all of these internal differences and stark contrasts somewhat more distinctly than most of its neighbors. The 1978-1979 revolution transformed the society and culture in fundamental ways and redefined social life. It created new institutions of governance and Islamicized the culture, education and the legal system in an attempt to create a new society that would usher in the reign of piety and virtue. Yet Islamization had to come to terms with pre-Islamic and illustrious Persian history and culture, as well as the realities of an interdependent, postmodern, globalized world in which, as a developing country, Iran resides in the periphery. Within this framework, the dynamics and complexity of social life in the Islamic Republic unfold. This encyclopedia is the source for up-to-date, authoritative information on a full range of critical topics of interest. Coverage of the Islamic Republic here falls into the general categories of history, politics, economics, society and culture. The most significant aspects of the life in Iran since the revolution, the era of the Islamic Republic so far, are stressed. The wide range of entries shows the richness and complexity of Iranian society, its multiple and varied facets, its expressions and outward manifestations, and its nuanced responses to political repression, instability, war, pervasive crisis, and the chronic tension between modernity and tradition. Some of the entries designed to highlight these important phenomena revolve around the country's ethnic mosaic, the social role and position of women, veiling, the educational system, sports, intellectuals, the arts and artistic expression, literature, poetry, cuisine, healthcare, and the family. Other entries range from regionalism and urban development to the petroleum industry, agriculture, the banking system, issues of wealth and poverty, class structure, and economic mobility and the private sector. In a number of significant areas, economic, social and cultural phenomena intersect. These intersections are reflected in entries on broadcasting and communications technology, the Internet, public relations, electronic and print media, and family planning and healthcare. A chronology, selected bibliography, and photos complement the entries.

This volume is designed to place in context the passionate controversies and emotional attachments of the two billion people who live, study, work, love and die in the Middle East and South Asia. Understanding

these regions means more than annually updated details of the governments politics cultures and economies of the 24 nations and assorted territories Special chapters address significant issues of continuing international importance including access to water the role of oil and the 2011 Arab spring Both regions after all contain types of people misunderstood and often intensely disliked by others Where religion intrudes on politics the Afghan Taliban oppose educating girls Hindu fanatics rampage in India Iranian militiamen shoot demonstrators Islamic extremists impose shari a law and Jewish Ultra Orthodox send women to the back of the bus Readers bombarded with superficial news bites and slanted reporting might never sense the other accomplishments of these same societies Islamic charities and societies bring relief to the impoverished Israel s scholars win Nobel prizes and most Indians cherish long standing religious toleration The author of this volume attempts to let the reader draw conclusions from the evidence
