The Irish Crisis:

The Irish Crisis Charles Edward Trevelyan, 1848 **The Irish Crisis** Charles E 1807-1886 Trevelyan, 2023-07-18 First published in 1848 The Irish Crisis is a landmark work that examined the root causes of the famine that devastated Ireland in the mid 19th century Author Charles Edward Trevelyan was a leading civil servant responsible for implementing British policy in Ireland and his analysis of the crisis remains one of the most insightful and well researched accounts of this tragic period in Irish history This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Irish Crisis* Sir Charles Edward Trevelyan, 1880 **The Irish Crisis** Sir Charles Edward Trevelyan (1st Baronet.), 1830 **The Irish Crisis** Charles Edward Trevelyan, 1848 The Irish Crisis by Charles Edward Trevelyan first published in 1848 is a rare manuscript the original residing in one of the great libraries of the world This book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation Restoration Editors mission is to bring long out of print manuscripts back to life Some smudges annotations or unclear text may still exist due to permanent damage to the original work We believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it **The Irish Crisis** C. Desmond Greaves, 1972 **The Irish Crisis (Classic Reprint)** C. E. TREVELYAN, 2017-10-12 Excerpt from The Irish Crisis The time has not yet arrived at which any man can with confidence say that he fully appreciates the nature and the bearings of that great event which will long be inseparably associated with the year just departed Yet we think that we may render some service to the public by attempting thus early to review with the calm temper of a future generation the history of the great Irish famine of 1847 Unless we are much deceived posterity will trace up to that famine the commencement of a salutary revolution in the habits of a nation long singularly unfortunate and will acknowledge that on this as on many other occasions Supreme Wisdom has educated permanent good out of transient evil About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works [The Irish Crisis](#) Charles Edward Trevelyan, 2013-09 This historic book may have

numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1848 edition Excerpt only in these kingdoms but almost in every civilised part of the globe has so added to its importance that any information respecting it has become valuable With the exception of wheat and rice it is now certainly the vegetable most employed as the food of man and it is probable that the period is at no great distance when its extensive use will even place it before those which have hitherto been considered the chief staples of life The effect of the unlimited extent to which its cultivation may be carried on the human race must be a subject of deep interest to the political economist The extension of population will be as unbounded as the production of food which is capable of being produced in very small space and with great facility and the increased number of inhabitants of the earth will necessarily induce changes not only in the political systems but in all the artificial relations of civilised life How far such changes may conduce to or increase the happiness of mankind is very problematical more especially when it is considered that since the potato when in cultivation is very liable to injury from casualties of season and that it is not at present known how to keep it in store for use beyond a few months a general failure of the year s crop whenever it shall have become the chief or sole support of a country must inevitably lead to all the misery of famine more dreadful in proportion to the numbers exposed to its ravages The important influence which has been exercised by this root over the destinies of the human race arises from the fact that it yields an unusually abundant produce as compared with the extent of ground cultivated and with the labour capital and skill bestowed upon its
