The Italians And The Creation Of America

AN Whitehead

The Italians And The Creation Of America:

The Italians & the Creation of America John Carter Brown Library, 1981 Italian Americans: Bridges to Italy, Bonds to America , In this volume attesting to the Italian American influence on the United States nine professors of Italian American studies and a curator of an ethnic museum provide original essays on the Italian American experience using the theme bridges to Italy and bonds to America Drawing from a wide variety of primary sources such as census tracts local directories diaries voting records newspaper accounts personal interviews and scholarly and polemical books and articles the authors show how Italian Americans adapted through work prejudice strife and advancement to the social and political life in America while still retaining an element of Italianita A bibliography of the colonial period reveals how Italians and Italian Americans impacted the creation exploration and settlement of America While many studies are concentrated in the eastern United States Italian Americans settled early in the west including Arizona Their history in Arizona parallels the labor strife religion music and entrepreneurship that engaged their countrymen in the East Italian Americans responded in a massive way to help their families that were devastated by the earthquake that leveled Messina Sicily and Reggio Calabria A study of a sculptor who settled in Pittsburgh shows how he produced works depicting American and Italian themes often on a grand scale suitable for outdoor placement and mingled with native born community leaders and clubs and fraternal organizations Tracing the life of a controversial Brooklyn politician Francis B Spinola the authors show how he was elected to local and state political office and fought in the U S Civil War Italian Americans were key components in the early years of jazz history in the 1920s and 1930s This study adds some balance to the development of jazz by tracing the bonds that Italian Americans formed with Black musicians and their pioneering use of the guitar and violin An obvious example of the theme of this book is a study of Italian prisoners of World War II who were transported to the United States and settled in a camp in Texas The author shows how they helped farmers by their work and how artists among them helped decorate a local church with paintings and murals A comparison of the Italian and Mexican immigration to the United States shows the similarity and differences of these two groups over time An examination of the proposition that Mexicans are like Italians is examined in detail A bibliographical study of the southern question in Italian history shows the explosive forces that erupted during and after Italian unification Italians and Italian Americans are still debating whether this incorporation of the Italian south into the kingdom of Italy was detrimental to the people who lived there and contributed to the massive emigration that followed This study is an outgrowth of a desire by scholars to honor the passing of Professor Salvatore Mondello coauthor of the national bestseller *The Italian Americans* One of a few historians of Italian American immigration who appeared on the scene in the late 1950s and early 1960s he approached the subject with enthusiasm passion and a relentless search for relevant material marked by digging into primary sources rooting out individuals who had lived through the immigrant experience and pouring over the contemporary accounts found in newspapers and magazines Sal was one of the first to see the

important link between railroads and Italian American settlements He saw that the rail lines accelerated the Italians movement beyond the large cities in the coastal areas They used the railroads as the means to establish new lives in many urban and rural communities across the country In many ways the articles presented in this book reflect the Mondello approach The authors continue as pioneers by dealing with important topics that have been overlooked ignored and or newly arisen They add a dimension to Italian immigration which focuses on the interaction of American and immigrant cultures and shows them as much American as Italian if not more so Having the advantage of living and teaching in smaller towns the authors write with conviction and verve Whether treating subjects old or new the authors writing is clean fresh often imaginative and well documented producing a fine example of good scholarship solid research clear expository writing and expert analysis They move Italian American history beyond the corpus of work which usually includes radicalism labor strife crime religion and the current blossoming of literature and poetry framing Italian American themes This book will serve to inspire the group of scholars appearing on the scene today to carry on in opening new paths in the Italian American experience This book will be of interest to scholars and lay people alike Scholars will find particularly useful the information in the bibliographical articles and the book s usefulness as a reader in an immigration history or sociology course The younger scholar is sure to be challenged and possibly richly rewarded The book s human interest will appeal to a diverse audience young and old Exposed to nine subjects the general reader is sure to be drawn to one or more of them

Remembering Italian America Laurie Buonanno, Michael Buonanno, 2021-03-11 Remembering Italian America Memory Migration Identity examines the life of Italians in the United States and the role of migration and collective memory in the history of the construction of Italian American identity Employing the concept of communicative memory the authors explain the processes that gave shape to Italian identity in America and the ways in which a symbolic identity became concretized in Italian American oral histories The text explores the Italy migrants left behind transatlantic networks the welcome received by the Italian newcomers the socioeconomic fabric of Italian America and the singular worldview that grew out of the immigrant experience In exploring the role of memory in the construction of Italian American identity the book analyzes the commonalities in the lives of immigrants allowing the Italian American experience to speak to the circumstances of newer immigrant communities and allowing these new immigrant communities to speak to the Italian migrant history Looking at Italian American culture from a multidisciplinary perspective this volume brings various theoretical perspectives to bear on what why and how questions concerning the Italian American experience This book will be of interest to students of ethnic studies immigration studies and American transnational studies as well as American history Winner of the 2022 Italian American Studies Association Book Award

The History of America William Robertson, 1805

The Italians and the Creation of America John Carter Brown Library, Samuel J. Hough, 1980

The Military History of America Richard W. Stewart, U.S. Army Center of Military History, 2022-11-13 The Military History of America serves as a comprehensive

exploration of the United States complex military past This anthology skillfully navigates a diverse array of literary styles from detailed historical analysis to evocative narrative prose creating a tapestry of perspectives that illuminate the multifaceted nature of military history The collection does not shy away from examining both triumphs and tragedies offering readers insight into pivotal battles strategic innovations and the profound socio political impacts of military conflicts Each piece contributes to a broader understanding of how America s military engagements have shaped the nation s identity and values over time Edited by Richard W Stewart from the U S Army Center of Military History the compilation features a distinguished assembly of contributors each bringing a wealth of knowledge and expertise The authors collectively draw from rich historical tapestries that align with significant cultural and literary movements lending their voices to both well known and obscure narratives By revealing personal stories strategic analyses and shifts in military doctrines the contributors enrich the dialogue around America s military legacy and broaden perspectives on how these historical events continue to resonate today Readers are invited to engage deeply with *The Military History of America* seizing the chance to gain insights from a multitude of viewpoints This anthology offers not only an educational journey but also an opportunity to appreciate the nuanced discourse fostered through diverse literary techniques and thematic explorations Exploring this collection promises an enlightening encounter with America s storied military past making it an essential read for historians students and those keen to understand the enduring legacy of military forces in shaping societal and cultural landscapes

The History of America ... A New Edition; to which is Added, a Continuation, Comprising the History of the Colonies from 1652 to the Present Time ... By David McIntosh, LL.D. [With Maps and Engraved Plates, Including a Portrait.] William Robertson, 1817

America in Italy Axel Körner, 2017-06-13 *America in Italy* examines the influence of the American political experience on the imagination of Italian political thinkers between the late eighteenth century and the unification of Italy in the 1860s Axel Körner shows how Italian political thought was shaped by debates about the American Revolution and the U S Constitution but he focuses on the important distinction that while European interest in developments across the Atlantic was keen this attention was not blind admiration Rather America became a sounding board for the critical assessment of societal changes at home Many Italians did not think the United States had lessons to teach them and often concluded that life across the Atlantic was not just different but in many respects also objectionable In America utopia and dystopia seemed to live side by side and Italian references to the United States were frequently in support of progressive or reactionary causes Political thinkers including Cesare Balbo Carlo Cattaneo Giuseppe Mazzini and Antonio Rosmini used the United States to shed light on the course of their nation s political resurgence Concepts from Montesquieu Rousseau and Vico served to evaluate what Italians discovered about America Ideas about American domestic manners were reflected and conveyed through works of ballet literature opera and satire Transcending boundaries between intellectual and cultural history *America in Italy* is the first book length examination of the influence of America s political formation on modern

Italian political thought **The Italians in America Before the Revolution** Giovanni Ermenegildo Schiavo, 1976

America in Italian Culture Guido Bonsaver, 2024-02-10 When Italy unified in 1861 America was emerging as a world power and advances in communication allowed Italians a view of American life to which they could aspire America in Italian Culture traces this huge cultural shift looking at how US fiction comics music and film came to dominate Italian culture even as the countries went to war
