

The Itinerant

A HEARTLAND STORY

JAMES D. NOWLAN

The Itinerant A Heartland Story

Timothy Egan

The Itinerant A Heartland Story:

The Itinerant James Dunlap Nowlan, 2000 This novel tells the story of a journeyman printer Jake Trickle who stepped off the bus in Williamstown Illinois and found love community and the challenge of politics He learned that road oil and romance don't mix through a series of discoveries tumbling one after another that changed lives all over Williamstown including his This insightful look at mid 20th century life in central Illinois will provide a walk down memory lane that touches your heart while it broadens your feeling for people and politics Your view of small town America will never be quite the same but you will be richer in understanding people everywhere This is a perfect choice for book discussion clubs of whatever generation or geographic location While fiction the novel also portrays an historically accurate description of the time culture and social dynamic of its setting

Financial Disclosure Reports of Members of the U.S. House of Representatives of the ... Congress from ... Submitted to the Clerk of the House Pursuant to 2 U.S.C. [section] 703(a). United States.

Congress. House, 2001 *Township* Michael D. Sublett, 2004 The contemporary method of township government arrived in Illinois in the middle of the nineteenth century Replacing the commission method of county government which Illinois had employed since statehood in 1818 the township innovation spread south and westward across Illinois almost completely ousting the county commissioners Today the commission format survives only in seventeen peripheral and largely rural Illinois counties This book asserts that townships have persisted partly because they offer vital services at a reasonable cost to taxpayers but also because of a vigorous defense of the method made by township officials with political connections in the Illinois general assembly Discussing the successes and failures of attempts by abolition minded citizens to eliminate all or individual townships in various counties Township focuses on the spatial diffusion periodic threats to and determined persistence of the township system

Financial Disclosure Reports of Members of the U.S. House of Representatives for the Period Between January 1, 2001 to December 31, 2001 United States. Congress House, 2002

Hero of the Heartland Robert F. Martin, 2002-09-17 Robert F Martin demonstrates nicely that beneath all of Billy Sunday's flamboyance the orphan turned baseball player turned evangelist embodied the tensions of his age Martin's prodigious research has yielded a wealth of anecdotal material that adds flavor and spice to his keen analysis Randall Balmer author of *Mine Eyes Have Seen the Glory A Journey into the Evangelical Subculture in America* William Ashley Billy Sunday was the most popular and influential evangelist of his time Between 1896 and 1935 the colorful Iowa born evangelist toured first his native Midwest and then the nation preaching in tent and tabernacle espousing a simplistic but for many deeply satisfying interpretation of Christianity Embodying the traditional values and attitudes of the heartland and at home in an increasingly diverse urban industrial America Sunday won the hearts and the pocketbooks of millions of Americans *Hero of the Heartland* is an interpretive biography that focuses on the ways in which the man and his career resonated with the hopes and fears of his contemporaries as they coped with the economic social and cultural changes around the start of the 20th century Robert

F Martin shows how Sunday and his revivalism helped his followers bridge the gap between the traditional past and the progressive future and made more comfortable the transition from the old order to the new

Degraded Heartland Maria Farland, 2025-11-18 How did rural America come to be viewed as backward and inferior and how did literary modernism respond to and critique this perception What happens when rural America long romanticized in pastoral literature becomes associated with deficiency degradation and decline Maria Farland's *Degraded Heartland* is the first critical study of US literary antipastoral a mode that exposes the stark realities of rural poverty and ecological devastation while highlighting the jagged process of modernization in the countryside It provides a historical account of how ideas of rural backwardness developed in US literary culture Positioned against idealized visions of rural life the antipastoral interrogates ideas of rural backwardness and deficiency emphasizing the perceived need for reform through capital investment mechanization and education Antipastoral literature reflects the modernizing impulse embodied in machinery scientific agriculture and incipient agribusiness while exposing the disruptions these changes provoked It responds to the nineteenth century panic around wastelands and disturbing episodes like the Eugenics Survey of Vermont and its fascination with rural degeneracy *Degraded Heartland* reveals how writers like Emily Dickinson Walt Whitman Robert Frost and W E B Du Bois grappled with the uneven transformation of the American countryside In dialogue with agricultural and rural reform discourse their works underscore the tension between persistent stereotypes of rural stagnation and the realities of a rapidly evolving heartland This book challenges the dominance of metropolitan modernism and enriches our understanding of the rural modern as a vital and contested space in American culture

Horror in the Heartland Keven McQueen, 2017-06-16 A spooky history of the American Midwest from grave robbers to ghost sightings and more by the author of *Creepy California* Most people think of the American Midwest as a place of wheat fields and family farms cozy small towns and wholesome communities But there's more to the story of America's Heartland a dark history of strange tales and unsettling facts hidden just beneath its quaint pastoral image In *Horror in the Heartland* historian Keven McQueen offers a guided tour of terrible crimes and eccentric characters haunted houses and murder suicides mad doctors body snatchers and pranks gone comically and tragically wrong From tales of the booming grave robbing industry of late 19th century Indiana to the story of a Michigan physician who left his estate to his pet monkeys McQueen investigates a spooky and twisted side of Indiana Ohio Kansas Nebraska Iowa Minnesota Wisconsin and Michigan Exploring burial customs unexplained deaths ghost stories premature burials bizarre murders peculiar wills and much more this creepy collection reveals the region's untold stories and offers intriguing if sometimes macabre insights into human nature

Remaking the Heartland Robert Wuthnow, 2010-12-28 The social transformation of the American Midwest in the postwar era For many Americans the Midwest is a vast unknown In *Remaking the Heartland* Robert Wuthnow sets out to rectify this He shows how the region has undergone extraordinary social transformations over the past half century and proven itself surprisingly resilient in the face of such hardships as the Great

Depression and the movement of residents to other parts of the country He examines the heartland's reinvention throughout the decades and traces the social and economic factors that have helped it to survive and prosper Wuthnow points to the critical strength of the region's social institutions established between 1870 and 1950 the market towns farmsteads one room schoolhouses townships rural cooperatives and manufacturing centers that have adapted with the changing times He focuses on farmers struggles to recover from the Great Depression well into the 1950s the cultural redefinition and modernization of the region's image that occurred during the 1950s and 1960s the growth of secondary and higher education the decline of small towns the redeployment of agribusiness and the rapid expansion of edge cities Drawing his arguments from extensive interviews and evidence from the towns and counties of the Midwest Wuthnow provides a unique perspective as both an objective observer and someone who grew up there Remaking the Heartland offers an accessible look at the humble yet strong foundations that have allowed the region to endure undiminished Breaking the Heartland John D. Fowler, David B. Parker, 2011 The Civil War was arguably the watershed event in the history of the United States forever changing the nature of the Republic and the relationship of individuals to their government The war ended slavery and initiated the long road toward racial equality The United States now stands at the sesquicentennial of that event and its citizens attempt to arrive at an understanding of what that event meant to the past present and future of the nation Few states had a greater impact on the outcome of the nation's greatest calamity than Georgia Georgia provided 125 000 soldiers for the Confederacy as well as thousands more for the Union cause Also many of the Confederacy's most influential military and civilian leaders hailed from the state Georgia was vital to the Confederate war effort because of its agricultural and industrial output The Confederacy had little hope of winning without the farms and shops of the state Moreover the state was critical to the Southern infrastructure because of the river and rail links that crossed it and connected the western Confederacy to the eastern half Finally and perhaps most importantly the war was arguably decided in North Georgia with the Atlanta Campaign and Lincoln's subsequent reelection This campaign was the last forlorn hope for the Southern Republic and the Union's greatest triumph Despite the state's importance to the Confederacy and the war's ultimate outcome not enough has been written concerning Georgia's experience during those turbulent years The essays in this volume attempt to redress this dearth of scholarship They present a mosaic of events places and people exploring the impact of the war on Georgia and its residents and demonstrating the importance of the state to the outcome of the Civil War **A Fever in the Heartland** Timothy Egan, 2024-06-04 NEW YORK TIMES BESTSELLER A Washington Post Notable Work of Nonfiction An NPR Best Book of the Year A Kirkus Reviews Best Book of the Year A Chicago Review of Books Best Book of the Year A New York Public Library Best Book of the Year A Goodreads Choice Awards Finalist With narrative elan Egan gives us a riveting saga of how a predatory con man became one of the most powerful people in 1920s America Grand Dragon of the Ku Klux Klan with a plan to rule the country and how a grisly murder of a woman brought him down Compelling and chillingly resonant with our own

time Erik Larson author of *The Splendid and the Vile* Riveting Egan is a brilliant researcher and lucid writer Minneapolis Star Tribune A historical thriller by the Pulitzer and National Book Award winning author that tells the riveting story of the Klan's rise to power in the 1920s the cunning con man who drove that rise and the woman who stopped them The Roaring Twenties the Jazz Age has been characterized as a time of Gatsby frivolity But it was also the height of the uniquely American hate group the Ku Klux Klan Their domain was not the old Confederacy but the Heartland and the West They hated Blacks Jews Catholics and immigrants in equal measure and took radical steps to keep these people from the American promise And the man who set in motion their takeover of great swaths of America was a charismatic charlatan named D C Stephenson Stephenson was a magnetic presence whose life story changed with every telling Within two years of his arrival in Indiana he'd become the Grand Dragon of the state and the architect of the strategy that brought the group out of the shadows their message endorsed from the pulpits of local churches spread at family picnics and town celebrations Judges prosecutors ministers governors and senators across the country all proudly proclaimed their membership But at the peak of his influence it was a seemingly powerless woman Madge Oberholtzer who would reveal his secret cruelties and whose deathbed testimony finally brought the Klan to their knees A FEVER IN THE HEARTLAND marries a propulsive drama to a powerful and page turning reckoning with one of the darkest threads in American history
