A JOURNEY OF DISCOVERY

The Japan We Never Knew A Journey Of Discovery

R Sandford

The Japan We Never Knew A Journey Of Discovery:

The Japan We Never Knew David T. Suzuki, Keibō Ōiwa, 1997-01-01 David Suzuki and Keibo Oiwa's reflections on their travels through Japan revealing its people, their ideas and their values in a new light and showing a side of Japan we never knew

The Japan We Never Knew David Suzuki, Keibō Ōiwa, 1996 David Suzuki a Canadian biologist and environmentalist of Japanese descent and Keibo Oiwa an anthropologist raised in Japan but of Korean descent journeyed through Japan in 1995 interviewing people known for their grassroots activities in peace, human rights and the environment. They discovered a Japan more diverse than the monoculture they initially envisioned. *The David Suzuki Reader, 2nd Edition* David Suzuki, 2014. In this revised and expanded edition of his collected writings David Suzuki continues to explore the themes that have informed his work for more than four decades: the interconnectedness of all things, our misguided elevation of economics above all else, the urgent need to deal with climate change but with an increased emphasis on solutions to the myriad problems we face, his inspiring vision for the future and the legacy he hopes to leave behind. There is also more emphasis on the personal as he recounts episodes from his childhood and early adulthood and speaks eloquently about old age, death and the abiding role of nature and family in his life. Written with clarity, passion and wisdom, this book is essential for anyone who is an admirer of David Suzuki who wants to understand what science can and can't do or who wants to make a difference. Published in Partnership with the David Suzuki Institute. *Tokyo Notes and Anecdotes* Bruce McCormack, 2000. *Tokyo Notes Anecdotes* Natsukashii is Bruce McCormack's story of living and working for ten years in tumultuous Tokyo, Japan. How he came to terms with it and with his gaijin/foreigner self is informative, funny and poignant.

Japan's Ainu Minority in Tokyo Mark K. Watson, 2014-03-14 This book is about the Ainu, the indigenous people of Japan living in and around Tokyo; it is therefore about what has been pushed to the margins of history. Customarily anthropologists and public officials have represented Ainu issues and political affairs as limited to rural pockets of Hokkaido. Today, however, a significant proportion of the Ainu people live in and around major cities on the main island of Honshu, particularly Tokyo. Based on extensive original ethnographic research, this book explores this largely unknown diasporic aspect of Ainu life and society. Drawing from debates on place-based rights and urban indigeneity in the twenty-first century, the book engages with the experiences and collective struggles of Tokyo Ainu in seeking to promote a better understanding of their cultural and political identity and sense of community in the city. Looking in depth for the first time at the urban context of ritual performance, cultural transmission and the construction of places or hubs of Ainu social activity, this book argues that recent government initiatives aimed at fostering a national Ainu policy will ultimately founder unless its architects are able to fully recognize the historical and social complexities of the urban Ainu experience.

Into the Light Melissa L. Wender, 2010-09-30 *Into the Light* is the first anthology to introduce the fiction of Japan's Korean community. Zainichi Koreans to the English-speaking world. The collection brings together works by many of the most important Zainichi Korean

writers of the twentieth century from the colonial era Into the Light 1939 by Kim Sa ryang to Full House 1997 by Yu Miri one of contemporary Japan s most acclaimed and popular authors Although diverse in style and subject matter all of the stories gathered in this volume ask a single consuming question What does it mean to be Korean in Japan Some stories record their contemporary milieu while others focus on internal turmoil or document social and legal discrimination More generally they consider the relationship of Korean ethnicity to sexuality family culture politics and history Thus the stories provide a fascinating window into the human experience of modernity in Japan and Korea not only enabling us to track the ways in which grand concepts such as nation language empire economy and gender have shaped the human imagination but also entreating us to ask how individual authors have sought to provide insight or even guidance on the path that grand history might follow The volume includes stories by Chong Ch u wol Kim Ch ang saeng Kim Hak yong Kim Sa ryang Kim Tal su Noguchi Kakuchu Yi Yang ji and Yu Miri

Subverting Exclusion Andrea Geiger,2011-11-29 Concerned with people called variously eta burakumin buraku jumin buraku people outcastes or the lowest of the low this book examines how their experience of caste status based discrimination in 19th century Japan affected their experience of race based discrimination in the West of the US and Canada in the 19th and early 20th centuries

Japan's Open Future John Haffner,Tomas Casas i Klett,Jean-Pierre Lehmann,2009-03-01 In the fast changing modern world where does Japan fit in and how should it relate to the United States and China Three foreign commentators make a provocative and persuasive argument that the time has come for Japan to help build a stronger Asian community and to become an engage and conscientious global citizen

Language and Truth in North Korea Sonia Ryang,2021-05-31 In this innovative and persuasive volume Sonia Ryang offers new ways to think about North Korea and how truth emerges over decades from within a dominant discourse It explores four discrete yet mutually related domains of discourse North Korea s literary purge of the 1950s 1960s its state initiated linguistic reforms of the 1960s 1980s stories from a people s chronicle more than one hundred volumes in length documenting interactions with the Great Leader Kim Il Sung and the multivolume memoirs of the Great Leader himself published in the 1990s These texts are heterogeneous in terms of authorship style purpose and genre and many have never

before been explored in Anglophone studies of North Korea. All have contributed to consolidating a North Korean regime of truth, bringing into existence a set of assumptions and shared understandings that have been regarded as true over the last half century. Basing her work on a study of these linguistic and discursive domains, Ryang explores the ways in which power, truth, and self are indissolubly connected by function as well as efficacy, and how language plays a key role in sustaining their validity. The Kim Il Sung era from 1945 to Kim's death in 1994 forms the basis of the book, but the way truth emerged and was sustained during these decades provides important insight into how we can comprehend North Korea today. Rather than view the country as an ideological entity in order to expose its falsehood, so to speak, thinking critically about what it sees as true yields a far more productive outcome for scholarly analysis as well as general understanding. *Language and Truth in North Korea* will find a ready audience among those interested in North Korea from a wide variety of disciplines, including the social sciences, history, philosophy, and theology.

The Japan We Never Knew A Journey Of Discovery Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be much more evident than ever. They have the capacity to inspire, provoke, and ignite change.
