

The Japanese Prime Minister And Public Policy

Christopher Philip Hood

The Japanese Prime Minister And Public Policy:

The Japanese Prime Minister and Public Policy Kenji Hayao, 2014-08-09 Despite the undeniable importance of Japan in world affairs both politically and economically the office of the Japanese prime minister has received far less attention from scholars than have the top political offices in other advanced industrialized democracies This book is the first major systemic analysis of the Japanese prime minister's role and influence in the policy process Kenji Hayao argues that the Japanese prime minister can play a major if not critical role in bringing about a change in policy In Japan the prime minister's style is different from what is considered usual for parliamentary leaders rather than being strong and assertive he tends to be reactive How did the role develop in this way If he is not a major initiator of policy change how and under what conditions can the prime minister make his impact felt Finally what are the consequences of this rather weak leadership In answering these questions Professor Hayao presents two case studies educational reform and reform of the tax system involving Nakasone Yasuhiro to see how he became involved in the policy issues and how he affected the process Hayao then examines a number of broad forces that seem important in explaining the prime minister's role in the policy process how a leader is chosen his relationships with other important actors in the political system the political parties and the subgovernments and the structure of his inner staff and advisors

Handbook of Public Policy in Asia Ora-orn Poocharoen, Piyapong Boossabong, Pobsook Chamchong, 2025-09-10 This expansive Handbook provides a detailed comprehensive and current study of Asian public policy and governance Exploring inequalities across the continent it outlines policy knowledge production shedding light on sustainability innovation inclusive development well being and climate justice in Asia

The Politics of Modern Japan: The prime minister and change

Christopher Philip Hood,2008 Owing to the changing nature of Japan and its role within the world more needs to be known of the dynamics of Japanese politics This timely set brings together key articles on the most crucial issues facing Japanese politics today and the relationship between Japanese politics and the main institutions including big business the bureaucracy and the media This is an area that has been studied by leading academics for a number of decades but whose work has yet to be given sufficient notice or credit With more and more students enrolling at universities to study Japan there is a demand for books which bring comprehensive and key articles under one umbrella To date there have been few books which have dealt with Japanese politics Most have been on issues which are covered in articles contained in this collection

The Prime Ministers of Postwar Japan, 1945-1995 Akio Watanabe,2016-04-29 This book examines the lives and times of Japan s postwar prime ministers covering the period from 1945 to 1995 Written by Japan s leading scholars it is the first English language biographical portrait of these twenty three individuals who helped lead Japan on its road to recovery its return to the community of nations and its subsequent prosperity Each chapter brings out to varying degrees the larger political and historical environment party dynamics and personality traits of the prime ministers In addition the book discusses not only the policy choices the prime ministers made but how those decisions were made and what the consequences were for the country ruling party and the individual who made them The Prime Ministers of Postwar Japan 1945 1995 fills a large void in the literature on postwar Japan by introducing the actual people who made the decisions during these important years rather than simply discussing the theories and institutions in which those decisions were made

The ^AOxford Handbook of Japanese Politics Robert J. Pekkanen,Saadia Pekkanen,2021-10-11 Through more than 40 chapters by leading specialists the Oxford Handbook of Japanese Politics examines major aspects of both domestic politics and international relations In addition to providing a broad overview of contemporary Japanese politics the chapters are united by a shared question what is the nature and quality of Japanese democracy Contributors consider this matter alongside their individual subjects which together comprehensively address the central research topics of the field

Japanese Politics and Government Alisa Gaunder,2023-02-27 The revised 2nd edition of this successful textbook explores Japanese politics in the postwar era from theoretical and comparative perspectives After providing historical context it offers an in depth exploration of postwar political institutions political reform in the 1990s the policymaking process and the politics of economic growth and stagnation By delving into Japan s international relations the book sheds light on Japan s security and foreign policies and Japan s role in Asia The textbook concludes by addressing what has changed since party alternation in 2009 the triple disaster in March 2011 and the global Covid pandemic Themes and questions addressed throughout the text include How and why did Japan modernize so successfully when so many other countries fell prey to colonialism and authoritarianism What explains the Japanese economic miracle and its subsequent economic stagnation What accounts for Japan s successful democratization In the international realm why has Japan achieved economic superpower

status without achieving political superpower status What is the future trajectory of Japanese politics Connecting Japan to larger themes in comparative politics and linking Japan's history institutions policymaking process and international relations to experiences and structures in other countries this book is essential reading for students of Japanese or Asian Politics

Contemporary Prime Ministerial Leadership in Britain and Japan Tina Burrett, 2023-09-14 This book analyses prime ministerial leadership in Britain and Japan since 1980 Exploring the interplay between personal skill institutional resources and situational context in explaining the varying power and agency of different British and Japanese leaders it asks whether the skills strategies and circumstances needed for effective leadership are converging across liberal democracies Comparing Britain and Japan reveals leadership trends that might otherwise go unobserved The book addresses questions important to aspiring politicians as well as scholars including What accounts for the short tenure of most Japanese prime ministers Does comparison with Japan explain the rapid turnover in British prime ministers since 2016 How is the influence of party factions on prime ministerial power evolving in Japan Are British political parties more factional than commonly acknowledged And how do changes in media technology affect leadership opportunities and constraints The book draws on the author's experience as a political researcher in both the British and Japanese parliaments and on interviews with over 40 politicians and political journalists working in both countries

Yasukuni Shrine and the Constraints on the Discourses of Nationalism in Twentieth Century Japan Joshua Safier, 1997 The Yasukuni Shrine Japan's national memorial enshrining the spirits of Japanese soldiers killed in domestic and foreign wars occupies a peculiar chapter in Japanese history Originally designed as a sanctuary to house the spirits of those who died in overthrowing the Tokugawa Regime Yasukuni was nurtured by the state and then the military into a powerful religious and iconographic center to promote Japanese ultranationalism Following the close of World War II the Shrine became the subject of intense politico religious debates as the Japanese with the assistance of the international community consigned themselves to the task of finding a place for Yasukuni as they worked on their postwar project of reinventing nationalism and cultural identity This thesis provides a narrative review of Yasukuni's history from its inception to the present focusing on the critical years of 1985 1986 when Prime Minister Nakasone Yasuhiro sanctioned a commission to settle the Yasukuni problem This study also represents one path in a quest toward a deeper understanding and definition of postwar Japanese nationalism and identity

Handbook of Politicization and Political Patronage B. G. Peters, Colin Knox, Francisco Panizza, Conrado Ramos Larraburu, Katarina Staroňová, 2025-06-09 This expansive Handbook discusses key conceptual and theoretical issues in politicization and patronage With contributions from leading academics across the globe it presents diverse perspectives on politicization and patronage practices exploring the positive and negative implications of both concepts
