Excerpt from *The Jews of Spain and Portugal and the Inquisition* It was also stated that Nebuchadnezzar made conquests in Spain and sent captives from the vanquished kingdom of Judah to colonise them These legends fanciful as they are and entirely unworthy of credence were studiously kept alive by the Spanish Jews of later times Certain it is however that Jews very early found their way to the Peninsula and that when 011 the fall of the Roman Empire the Goths and Vandals conquered the country large numbers of them were already established in various districts throughout the land Even under Roman rule the first restrictions against the Jews were promulgated at the Council held at Elvira Iliberis near Cordova soon after the year 300 but the general confusion which followed the irruption of the barbarians and the toleration of the earlier Gothic kings who were Arians afforded a period of comparative repose for more than two centuries About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Inquisition (1877) Frederic David Mocatta, 2019-04-13 When the Moors conquered Spain Mocatta writes they included in their train numbers of African Jews who greatly prospered and multiplied but were later persecuted and expelled during the Inquisition Very thoughtful and instructive his pages thrill the most indifferent his conclusions are eminently fair Celebrities 1881 Accurate and scholarly many readers of Mr Mocatta's book will be surprised The Academy 1877 An interesting sketch The Saturday Review 1877 The position of the Jews in Spain and Portugal during a great part of the middle ages forms an exceptionally bright spot in their dark and chequered history and developed some striking intellectual and moral features in an age when a great part of what now constitutes Civilisation was wrapped in mental darkness The favoured position of the Jews in the Peninsula induced a vast Hebrew population to settle there and their prosperity attracting as it did the jealousy of the bulk of the people would lead to their ultimate ruin The object of Mocatta's 1877 book The Jews of Spain and Portugal and the Inquisition is in the first place to shew the position of the Jews in the Peninsula during the Middle Ages and secondly to describe the means adopted for purging Spain and Portugal of Judaism notably by bringing into play the fearful agencies of the Inquisition It commences by recounting the antiquity of Jewish settlements in the Peninsula the incipient persecutions of the Roman rulers the milder sway of the Arian princes and afterwards the rabid intolerance of the later Gothic kings Then follow the conquests of the Moors bringing in their train numbers of Oriental and African Jews the establishment of the Moorish Universities in Cordova Seville the consequent revival of Hebrew literature the cultivation of philosophy medicine astronomy grammar biblical criticism and poetry and a cursory notice of the many eminent Jews who distinguished themselves in these various branches It reviews further the services rendered by the Jews in translating the works of the Arabic philosophers into Latin and generally assisting in the great work of disseminating science and learning the retention of Jewish scholars at the Courts of the Christian princes the ability of the Jews in matters of trade and finance which caused many of them to be appointed to some of the highest offices of the State and the gradual absorption of wealth by them owing to their administrative talents and thrift Having traced the effect of the pursuit of wealth upon the Jews themselves it notices the persecutions which steadily set in towards the end of the 14th century all ending in a wholesale simulated conversion effected under terror of a large number of the Spanish Jews Their covert attachment to the practices of Judaism called forth the stringent animadversion of the clergy which culminated in the introduction of the Inquisition into Spain The working of this tribunal in the two countries is shortly described together with its baneful effects on the New Christians as well as on the general population themselves The various crinating processes dungeons and tortures are also sketched out The Essay winds up with a short account of the gradual absorption of the New Christians in the mass of the population of the Peninsula and of the fate and destiny of the vast numbers who escaped into more tolerant countries and who established communities in the various centres of European civilisation and elsewhere Frederick David Mocatta 1828 1905 was an English financier and philanthropist from a notable Anglo Jewish family supposed to have come from the East with the Moors into Spain settled

in that country until the expulsion of the Jews by Ferdinand and Isabella
