Japan in the Muromachi Age John Whitney Hall, 1977-01-01 The Muromachi age may well emerge in the eyes of historians as one of the most seminal periods in Japanese history So concluded the participants in the 1973 Conference on Japan The proceedings as edited for this volume reveal this new interpretation of the Muromachi age 1334 1573 which was among the most neglected and misunderstood chapters in Japanese history Both Western and Japanese scholars looked upon the period chiefly as an interlude between a classical era the Heian period and an early modern age the Tokugawa period the interim being regarded as a time of social confusion and institutional decay As they learned more historians saw the Muromachi age giving rise to new patterns that became important elements in a distinctly Japanese tradition e g the arts of *noh* drama *suiboku* painting landscape gardening and the tea ceremony were perfected during Muromachi times The volume brings together the work of Japanese and

American specialists and shows that many features of Edo period culture were anticipated by Muromachi developments. Although the volume was first published nearly three decades ago it remains of great interest for anyone wanting to know more about Japan's historical development. *The Journal of sacred literature*, ed. by J. Today Yoshimasa is remembered primarily as the builder of the Temple of the Silver Pavilion and as the ruler at the time of the Onin War 1467-1477 after which the authority of the shogun all but disappeared. Unable to control the daimyos provincial military governors he abandoned politics and devoted himself to the quest for beauty. It was then after Yoshimasa resigned as shogun and made his home in the mountain retreat now known as the Silver Pavilion that his aesthetic taste came to define that of the Japanese. The no theater flourished, Japanese gardens were developed and the tea ceremony had its origins in a small room at the Silver Pavilion. Flower arrangement, ink painting and shoin-zukua i architecture began or became of major importance under Yoshimasa. Poets introduced their often barely literate warlord hosts to the literary masterpieces of the past and taught them how to compose poetry. *The Journal of Sacred Literature and Biblical Record*, 1859. *The Journal of Sacred Literature*, 1853.
