Reincarnation and the Law of Karma William Walker Atkinson, 1908 By Reincarnation we mean the repeated incarnation or embodiment in flesh of the soul or immaterial part of man s nature The term Metempsychosis is frequently employed in the same sense the definition of the latter term being The passage of the soul as an immortal essence at the death of the body into another living body The term Transmigration of Souls is sometimes employed the term being used in the sense of passing from one body into another But the term Transmigration is often used in connection with the belief of certain undeveloped races who held that the soul of men sometimes passed into the bodies of the lower animals as a punishment for their sins committed during the human life But this belief is held in disrepute by the adherents of Reincarnation or Metempsychosis and has no connection with their philosophy or beliefs the ideas having sprung from an entirely different source and having nothing in common There are many forms of belief many degrees of doctrine regarding Reincarnation as we shall see as we proceed but there is a fundamental and basic principle underlying all of the various shades of opinion and divisions of the schools This fundamental belief may be expressed as the doctrine that there is in man an immaterial Something called the soul spirit inner self or many other names which does not perish at the death or disintegration of the body but which persists as an entity and after a shorter or longer interval of rest reincarnates or is re born into a new body that of an unborn infant from whence it proceeds to live a new life in the body more or less unconscious of its past existences but containing within itself the essence or results of its past lives which experiences go to make up its new character or personality It is usually held that the rebirth is governed by the law of attraction under one name or another and which law operates in accordance with strict justice in the direction of attracting the reincarnating soul to a body and conditions in accordance with the tendencies of the past life the parents also attracting to them a soul bound to

them by some ties in the past the law being universal uniform and equitable to all concerned in the matter This is a general statement of the doctrine as it is generally held by the most intelligent of its adherents

The Druze and their Faith in Tawhid Anis Obeid, 2006-07-06 As a small sect that emerged from Islam over a thousand years ago the Druze religion and society has long been cloaked in a tradition of secrecy. Veiled from the outside world the religious tenets have been vulnerable to distortion misunderstanding and misrepresentation. In this book Dr. Anis Obeid, a Druze layman, provides a penetrating analysis of Druze scriptures and beliefs. Tawhid: Presenting a chronological narrative of the foundation and development of the faith, he explains the historical conditions and religious rationale behind this closed religion. The Druze faith is the product of Abrahamic monotheism as it coalesced with other philosophies belief systems and political structures of the West and the East and as Obeid maintains should be recognized for its core monotheism and not fundamentally different from Judaism Christianity or Islam. He argues convincingly with examples and translations from the Druze scriptures only now accessible to a non-initiate public that Tawhid is a progressive and dynamic spiritual process based on freedom of choice. This rich exploration of their faith the author's appeal for a sincere cultural dialogue will resonate with a wide audience in the West and in the Middle East.

The Spiritual Writings of William Walker Atkinson William Walker Atkinson, 2014-03-11 William Walker Atkinson was one of the spiritual leaders among the New Thought pioneers. His writings also touch the topics of occultism divination psychic reality and the nature of man. This edition contains the following works: Practical Psychomancy And Crystal Gazing Reincarnation And The Law Of Karma The Law Of The New Thought. [The Theosophical Path](#) Katherine Augusta Westcott Tingley, 1920 **Divine Justice** Cathelife, 2021-07-21 Faced with the question that many ask themselves: does Divine Justice exist in a world where there are so many differences? Some are happy while others are unhappy some life smiles on them

while others are not some are successful rich and intelligent while others suffer limitations miseries and problems of all kinds So the question arises as a believer in a supreme being isn't he fair and treats all of his children equally The Answer could be found in Reincarnation which would justify the evils of the present existence the fruits of undue causes and great injustices sown by all in their previous lives and that now in the present come to produce their due effect since it is harvested only if it was sown It would be the reason why some die young or are born with physical defects and limitations while others enjoy full health abundance and happiness only Reincarnation would explain a visible injustice of an invisible Justice
