Extra Sensory Brian Clegg, 2024-03-26 Extra Sensory is a pop science look at the untapped abilities of human beings from ESP to Telekenesis and other real life sciences that are currently being studied today from physicist Brian Clegg We d all love to have psi abilities like telepathy telekinesis and remote viewing But is there any solid evidence to back up these talents or are they nothing more than fantasy We still only understand a small percentage of the capabilities of the human brain and we shouldn t dismiss such potential powers out of

hand Although there is no doubt that many who claim these abilities are frauds and no one has yet won James Randi's 1M prize for demonstrating ESP under lab conditions we still have a Nobel prize winner suggesting a mechanism for telepathy serious scientists researching the field and university projects that produced potentially explosive results What's the verdict By looking at possible physical mechanisms for ESP and taking in the best scientific evidence the reader can discover if this is all wishful thinking and deception or a fascinating reality The truth is out there *The Paranormal Surrounds Us* Richard Reichbart, 2019-01-02 Shakespeare Tolstoy Joyce E M Forster and Ingmar Bergman all made the paranormal essential to their depiction of humanity Freud recognized telepathy as an everyday phenomenon Observations on parapsychological aspects of psychoanalysis also include the findings of the Mesmerists Jung Ferenczi and Eisenbud Many academicians attribute such psychic discoveries to poetic license rather than to accurate understanding of our parapsychological capacities The author a practicing psychoanalyst and parapsychologist and a lawyer familiar with Navajo culture argues for a fresh appraisal of psi phenomena and their integration into psychoanalytic theory and clinical work literary studies and anthropology

medium is put to the test concerning its potentials and trustworthiness Around 1800 experts were asked if a modern secular institution would be capable of inspiring domesticating or excluding trance mediumship This question has stayed with us ever since and the answers have remained inconclusive That is why the past and present of mediumship may be asked to elucidate each other
