S. Graham and Lyric Self-Consciousness Sam Buchan-Watts,2025-01-31 This book examines the lyric poetry of the late modernist W S Graham By listening closely to his body of work it exposes the capacity of a poem to describe itself being made in the mind of a reader The study locates an idea of lyric self consciousness not only at the level of ego but as a process of form Archival material including worksheets manuscripts and notebooks is used to examine Graham's spatial conception of verse in the context of his industrial background and his dialogue with artists The book offers close readings of the adjacent poetics of William Empson and Veronica Forrest Thomson and concludes with a sustained analysis of Denise Riley's long term engagement with Graham's poetry which suggests how Graham's lyric experiments can be politicised Famous
