The Making Of A Feature Film Pelican S:

Fred Zinnemann Neil Sinyard, 2010-06-28 Director Fred Zinnemann was one of the most honored and revered directors of Hollywood's golden age. Peter Ustinov said: "Working with him was a permanent lesson in integrity. Zinnemann will always be remembered for such award-winning classics as *High Noon*, *From Here to Eternity* and *A Man for All Seasons*, and for his direction of such stars as Marlon Brando, Montgomery Clift, Rod Steiger, Spencer Tracy, Gary Cooper, Burt Lancaster, Audrey Hepburn, Robert Mitchum, Jane Fonda, Meryl Streep, and Sean Connery. Above all, he deserves to be appreciated for raising the intelligence of popular cinema, making individualist dramas of conscience that could appeal to mass audiences without condescending to them and without compromising the director's vision." This book, the first single-author survey of Zinnemann's career, draws on the author's personal interviews with Zinnemann and reveals the coherence and subtlety of the director's work. The first part of the book deals with Zinnemann's struggle to make films of his own choosing in his own way up to his breakthrough with *The Search*. The remainder of the text discusses Zinnemann's post-*Search* films according to major themes, including the ravages of war, the sovereignty of selfhood, character as destiny, the outsider in society and politics, and the liberal conscience. A list of Zinnemann's awards is provided. **Movie/TV Soundtracks and Original Cast Recordings**

Film Gerry Boehme, 2018-12-15 Hollywood movies, television shows, and YouTube videos all have one thing in common: they start with a big idea. The producer takes that idea and brings it to the screen. The more complicated the project, the more skills a producer needs. Today, technology makes it easier for more people to take on the role of producer. Digital cameras, smartphones, and the internet help students and others produce their own videos. This book describes the production process and includes advice from industry experts, teachers, and young professionals to help students complete their projects successfully and safely while developing valuable skills that help build great careers in other fields. **Cinema News**, 1916
