Ray Canterbury,2010 **The Making of the Economy** Till D ppe,2011-11-16 How did modern man come to believe in the object of the economy What hopes made us accept scientific authority about this illusive thing What kinds of persons were attracted by objective knowledge in economic discourse And how does this knowledge guide our economic life The Making of the Economy tackles such questions surrounding the modern notion of the economy with a fresh look from phenomenological philosophy In a historical narrative of economic discourses Till D ppe shows that only due to the scientific culture of economics we speak of an economy Economic science made the economy Our economic experiences alone do not trigger an interest in the economy which makes Husserl s case for the forgetfulness of the life world D ppe s historical narrative focuses on the emergence of formal economic analysis out of a series of successive life worlds or concrete historical situations an approach which generates a new substantive understanding of both the history of economics and the current discourse of crisis surrounding economics The book will appeal to historians and philosophers of the social sciences as well as scholars of history philosophy and economics Misbehaving: The Making of Behavioral Economics Richard H.
