Sir Gawain's Little Green Book Mark J. Mitchell, 2000-11-30 *Sir Gawain's Little Green Book* retells two of the classic stories about one of King Arthurs foremost knights The Green Knight takes its title and its story from the Middle English poem *Sir Gawain and the Green Knight* In *The Green Knight* Sir Gawain reminisces looking back on his life from his point of view as an aging legend He recalls his youth when he was much greener and his first adventure the only one that has remained his through all the centuries One Christmas the knights of King Arthur are waiting for the Yuletide banquet Arthur as is his custom will not start a meal on a great feast until some wonder has been seen or miracle performed This Christmas he is rewarded by a huge green giant riding into his castle on his green horse carrying a huge green axe The giant proposes a simple game an exchange of blows One knight gets to try to chop the giants head off with the green axe In a year and a day that knight will seek out the Green Knight offering his neck for a return stroke No one is eager to take up this challenge and just when it looks like it will fall to Arthur Gawain and the kings nephew volunteers He takes the green axe and neatly and completely slices off the head of the green giant The intruder walks over to where his head had fallen picks it up and it announces that he is the knight of the Green Chapel and that is where Sir Gawain should seek him in a year and day to receive his return blow He then remounts his horse and carrying his head rides away For the rest of the year Gawain dallies He wants to ride out in search of the Green Knight but Arthur keeps him close to court out of love Spring become fall and Gawain finally sets out In the course of his journey he meets several different types of people A peasant wife a knight guarding a ford and a wild man of the woods None of them have ever heard of a place called the Green Chapel Finally just before Christmas he finds himself before a great castle He is welcomed and made much of as a famous knight from a great court He is told that the Green Chapel is very nearby His host proposes a game Gawain should rest until New Years Day when he must keep his appointment In that time he would exchange whatever he won around the castle with the lord of the castle for whatever he got in the course of a days hunting Each morning for the next three days when Gawain awakes the lady of the castle is in his room She throws herself at him asking for lessons in love Gawain is honorable and does not give in He does accept kisses from her Meanwhile her husband is hunting first deer then a boar then a fox Each evening Gawain gives the host kisses in return for his hunting prizes On the final morning Gawain weakens While he doesnt give in to the ladys demands for love he does accept a gift from her a green belt that she tells him will keep him from being wounded in any way When that nights exchange takes place Gawain doesnt mention this prize Finally Gawain sets out for the Green Chapel It is a cold and gray day The page sent along to guide tries to scare him off but Gawain goes on alone He descends into the valley where the Green Chapel is said to be but doesnt see anything Eventually he hears the sound of a sharpening wheel Then the Green Knight makes himself known vaulting down to the valley floor on the haft of a new axe Gawain true to his word opens his collar and offers his neck to the giant The knight takes his swing but Gawain flinches The giant tries again

but it is a feint Finally a third blow comes which nicks Gawains neck causing just a scratch Gawain leaps back ready to fight but the Green Knight just stands laughing at him The Green Knight then reveals himself as the lord of the castle that had harbored Gawain He had been changed into this form by Gawai Arthurian Literature XXII Keith Busby, Roger Dalrymple, 2005 Selection of the latest research in Arthurian studies The essays in this volume present the most recent fruits of Arthurian scholarship on texts from Perlesvaus to Albrecht s J ngerer Titurel and the Prose Brut Chronicle together with a detailed examination of the role of Micheau Gonnot s Arthuriad in the evolution of Arthurian romance The volume also includes an investigation of Arthurian prophecy and the deposition of Richard II It is completed with an encyclopaedic treatment of Arthurian literature art and film produced between 1999 and 2004 acting as a continuing update to The New Arthurian Encyclopedia Contributors BEN RAMM FANNI BOGDANOW ANNETTE VOLPING HELEN FULTON JULIA MARVIN RAYMOND H THOMPSON NORRIS J LACY A Bibliography of Modern Arthuriana (1500-2000) Ann F. Instead, each entry provides an in-depth essay on the life and career of the individual concerned. Essays commence with a quick reference section that provides basic facts on the individual's life and achievements. Tolkien, Self and Other Jane Chance, 2016-11-21. This book examines key points of J. R. R. Tolkien's life and writing career in relation to his views on humanism and feminism, particularly his sympathy for and toleration of those who are different, deemed unimportant or marginalized, namely the Other. Jane Chance argues such empathy derived from a variety of causes, ranging from the loss of his parents during his early life to a consciousness of the injustice and violence in both World Wars. As a result of his obligation to research and publish in his field and propelled by his sense of abjection and diminution of self, Tolkien concealed aspects of the personal in relatively consistent ways in his medieval adaptations, lectures, essays, and translations, many only recently published. These scholarly writings blend with and relate to his fictional writings in various ways, depending on the moment at which he began teaching, translating or editing a specific medieval work, and simultaneously composing a specific poem, fantasy or fairy story. What Tolkien read and studied from the time before and during his college days at Exeter and continued researching until he died, opens a door into understanding how he uniquely interpreted and repurposed the medieval in constructing fantasy.

Nature in the Middle Ages and the Early Modern Times Albrecht Classen, 2024-07-01. The study of pre-modern anthropology requires the close examination of the relationship between nature and human society, which has been both precarious and threatening, as well as productive, soothing, inviting, and pleasurable. Much depends on the specific circumstances, as the works by philosophers, theologians, poets, artists, and medical practitioners have regularly demonstrated. It would not be good enough, as previous scholarship has commonly done, to examine simply what the various writers or artists had to say about nature. While modern scientists consider just the hard-core data of the objective world, cultural historians and literary scholars endeavor to comprehend the deeper meaning of the concept of nature presented by countless writers and artists. Only when we have a good grasp of the interactions between people and their natural environment are we in a position to identify and interpret mental structures, social and economic relationships, medical and scientific concepts of human health, and the messages about all existence as depicted in major art works. In light of the current conditions threatening to bring upon us a global crisis, it matters centrally to take into consideration pre-modern discourses on nature and its enormous powers to understand the *topoi* and *tropes* determining the concepts through which we perceive nature. Nature thus proves to be a force far beyond all human comprehensibility, being both material and spiritual, depending on our critical approaches.

Pearl Sarah Stanbury, 2001-12-01. Pearl resists identification by author, date, occasion, or place of composition; still, it is almost unanimously hailed as one of the masterpieces

of our literature so skilled is its author so eloquent its language It is a story according to Sarah Stanbury of crossing over the stepping out from the ordinary life into a parallel universe where things operate by different natural laws down the rabbit hole through the wardrobe or looking glass across the ocean to be shipwrecked on Prospero s island or more recently across a bridge to the island of Willow Springs in Gloria Naylor s haunting novel *Mama Day* where the crossing over moves into a place of memory and hope the nostalgic space of home as well as Beulah or Eden the earthly paradise *Beowulf to Blake* Paul Robert Lieder,Robert Kilburn Root,Robert Morss Lovett,1928
