monolithic Soviet Empire This revised and updated second edition features an expanded final chapter on the Last Empire assessing not only its patent strengths and hidden weaknesses but also its much publicised vices and rarely acknowledged virtues New documentation that has only become available in the last five years has been incorporated to provide a fuller retrospective historical judgement on the Soviet regime across Eastern Europe *The Left In History* Willie Thompson,1997 Essential and rather chastening reading for anyone who believes left values need to have some effective public resonance and political impact and wants to learn from the few victories and many defeats experienced over the 20th century Socialist History One of the most accurate comprehensive and stimulating histories of the left New Times *The British Study of Politics in the Twentieth Century* Jack Hayward,Brian Barry,Archie Brown,2003-05-01 The distinctive strength of political science in Britain is revealed in this indispensable guide to modern British scholarship in the field As well as charting the development of the discipline the essays examine the innovative contributions to the study of nationalism totalitarianism and authoritarianism and the influential British approach to international relations The fourteen distinguished authors have provided a major contribution to our understanding of the contemporary state of political science *The Politics of Multinational States* Don MacIver,2016-07-27 The events of recent years have demonstrated beyond doubt not only that ethnic pluralism presents major problems for the management of political systems but that it is also a major cause of their failure and disintegration This timely and topical book discusses the general issue of ethnic pluralism and considers a range of types of multi ethnic society within a common analytical framework It then examines the responses of governments to the problems of ethnic diversity and assesses the effects of ethnic conflict on the development and viability of states **History for the IB Diploma Paper 3 The Soviet Union and Post-Soviet Russia (1924-2000)** Allan Todd,2016-04-14 Comprehensive books to support study of History for the IB Diploma Paper 3 revised for first assessment in 2017 This coursebook covers Paper 3 History of Europe Topic 16 The Soviet Union and post Soviet Russia 1924 2000 of the History for the IB Diploma syllabus for first assessment in 2017 Tailored to the Higher Level requirements of the IB syllabus and written by experienced IB History examiners and teachers it offers authoritative and engaging guidance through the topic The Burdens of Freedom Padraic Kenney,2013-04-04 From Estonia to Macedonia this book is a history of 15 countries as they negotiate their transition from communism For some the story ends happily with triumphant entry into the European Union in 2004 Others are caught in limbo destroyed by nationalist politics war and genocide or crippled by corrupt political practices The Burdens of Freedom considers the effects of revolutionary change the resurgence of nationalism and the painful examination of the past It looks at the process of building stable democratic states and their integration with international structures Most of the countries have established admission to the EU as a national objective but many of them have also been active participants in the American led occupation of Iraq Domestically each has seen a divide emerge between winners and losers All are moving forward simultaneously to democracy unity and prosperity but also to national
