Sketches In Clay For Projects By Gian Lorenzo Bernini:

Sketches in Clay for Projects by Gian Lorenzo Bernini Harvard University. Art Museums, 1999 Bernini was the greatest sculptor of the Roman baroque This book analyzes the modeling techniques gilding and latent fingerprints and composition of the clay in 15 of his works in Harvard's Fogg Art Museums **Sketches in Clay for Projects by Gian Lorenzo Bernini** Ivan Gaskell, 1999 *Material Bernini* Evonne Levy, Carolina Mangone, 2016-04-14 Bringing together established and emerging specialists in seventeenth century Italian sculpture *Material Bernini* is the first sustained examination of the conspicuous materiality of Bernini's work in sculpture architecture and paint The various essays demonstrate that material Bernini has always been tied whether theologically geologically politically or in terms of art theory to his immaterial twin Here immaterial Bernini and the historiography that sustains him is finally confronted by material Bernini Central to the volume are Bernini's works in clay a fragmentary record of a large body of preparatory works by a sculptor who denied any direct relation between sketches of any kind and final works Read together the essays call into question why those works in which Bernini's bodily relation to the material of his art is most evident his clay studies have been configured as a point of unmediated access to the artist's mind to his immaterial ideas This insight reveals a set of values and assumptions that have profoundly shaped Bernini studies from their inception and opens up new and compelling avenues of inquiry within a field that has long remained remarkably self enclosed **Gian Lorenzo Bernini** Charles Avery, 2010 **Cardinal Pietro Ottoboni (1667-1740) and the Vatican Tomb of Pope Alexander VIII** Edward J. Olszewski, 2004 Examines the commission of the Vatican tomb of Pope Alexander VIII Ottoboni by his great nephew Cardinal Pietro Ottoboni Although neglected for centuries the Ottoboni monument occupies the most strategic liturgical position in the complex of tombs in the Vatican basilica It is impressive in scale offers a commanding presence on the path from the papal entryway to the apse main altar with a majestic papal effigy a visually compelling narrative relief carving symbolically important allegories Using unpublished archival documents in the Vatican Lateran archives this study discusses in detail the 30 year campaign for the construction of the tomb identifies the artists artisans responsible for the project The monograph is comprehensive in its stylistic analysis exploration of iconography discussion of liturgical practice consideration of studio procedures beginning with patron artist architect sculptors sculptor artisans reveals why the project required three decades to complete A well written informative important monograph And in the process he has expanded our understanding of contemporary workshop practice and art making in the Rome of the later Baroque period There are sections where the author's meticulous care insightful reconstruction of events gives the reader a sense of being there in the day to day process of work on the site These parts make for especially exciting and engaging reading An absolutely wonderful piece of work *Bernini at Saint Peter's - The Pilgrimage* Irving Lavin, 2012-12-31 Bernini at Saint Peter's may be a unique case in history a single artist in charge of a grandiose monument in a continuous state of creativity under constantly changing patrons and a

variety of projects for nearly six decades This book argues that a continuous thread of thought may be discerned underlying and connecting the vicissitudes of this spectacular display From first to last Gianlorenzo Bernini conceived of Saint Peter's as a pilgrimage church a kind of pilgrimage of human life his own and of the believers who visited the basilica to worship and give testimony Irving Lavin is professor emeritus in the School of Historical Studies at the Institute for Advanced Study in Princeton He is one of the most distinguished and honoured art historians in the United States Professor Lavin is best known for his series of fundamental publications on the Baroque artist Gianlorenzo Bernini 1598-1680 These include new discoveries and studies on the master's prodigious early life his architecture and portraiture his invention of caricature his depictions of religious faith and political leadership his work in the theatre his attitude towards death and the role of the artist in the creation of a modern sense of social responsibility

Paintings and the Past Ivan Gaskell, 2019-05-13 This book is an exploration of how art specifically paintings in the European manner can be mobilized to make knowledge claims about the past No type of human made tangible thing makes more complex and bewildering demands in this respect than paintings Ivan Gaskell argues that the search for pictorial meaning in paintings yields limited results and should be replaced by attempts to define the point of such things which is cumulative and ever subject to change He shows that while it is not possible to define what art is other than being an open kind it is possible to define what a painting is as a species of drawing regardless of whether that painting is an artwork or not at any given time The book demonstrates that things can be artworks on some occasions but not necessarily

on others though it is easier for a thing to acquire artwork status than to lose it That is the movement of a thing into and out of the artworld is not symmetrical All such considerations are properly matters not of ontology what is and what is not an artwork but of use that is how a thing might or might not function as an artwork under any given circumstances These considerations necessarily affect the approach to paintings that at any given time might be able to function as an artwork or might not be able to function as such Only by taking these factors into account can anyone make viable knowledge about the past This lively discussion ranges over innumerable examples of paintings from Rembrandt to Rothko as well as plenty of far less familiar material from contemporary Catholic devotional works to the Chinese avant garde Its aim is to enhance philosophical acuity in respect of the analysis of paintings and to increase their amenability to philosophically satisfying historical use Paintings and the Past is a must read for all advanced students and scholars concerned with philosophy of art aesthetics historical method and art history *Visible Spirit* Irving Lavin, 2006-12-31 As early as the 1950s Professor Irving Lavin was recognized as a major voice in American art history His sustained production of seminal scholarly contributions have left their mark on an astonishingly wide range of subjects and fields Bringing these far reaching publications together will not only provide a valuable resource to scholars and students but will also underscore fundamental themes in the history of art historicism the art of commemoration the relationship between style and meaning the intelligence of artists themes that define the role of the visual arts in human communication Irving Lavin is best known for his array of fundamental publications on the Baroque artist Gian Lorenzo Bernini 1598 1680 These include new discoveries and studies on the master s prodigious childhood his architecture and portraiture his invention of caricature his depictions of religious faith and political leadership his work in the theatre his attitude toward death and the role of the artist in the creation of a modern sense of social responsibility All of Professor Lavin s papers on Bernini are here brought together in three volumes The studies have been reset and in many cases up dated and there is a comprehensive index *St. Peter's in the Vatican* William Tronzo, 2005-08-29 This volume presents an overview of St Peter s history from the late antique period to the twentieth century **Melchiorre Caffà** Alessandra Anselmi, Melchiorre Caffà, 2006 This publication is the first truly collective attempt to study the work of Melchiorre Caffà In a variety of studies it discusses specific and synoptic issues related to his oeuvre The book also presents a check list of works by or attributed to the artist this check list aims at establishing a critical repertory of his oeuvre *Whose Muse?* James Cuno, 2018-06-05 During the economic boom of the 1990s art museums expanded dramatically in size scope and ambition They came to be seen as new civic centers on the one hand as places of entertainment leisure and commerce on the other as socially therapeutic institutions But museums were also criticized for everything from elitism to looting or illegally exporting works from other countries to exhibiting works offensive to the public taste *Whose Muse* brings together five directors of leading American and British art museums who together offer a forward looking alternative to such prevailing views While their approaches differ certain themes recur As museums have become

increasingly complex and costly to manage and as government support has waned the temptation is great to follow policies driven not by a mission but by the market. However the directors concur that public trust can be upheld only if museums continue to see their core mission as building collections that reflect a nation's artistic legacy and providing informed and unfettered access to them. The book based on a lecture series of the same title held in 2000-2001 by the Harvard Program for Art Museum Directors also includes an introduction by Cuno and a fascinating and surprisingly frank roundtable discussion among the participating directors. A rare collection of sustained reflections by prominent museum directors on the current state of affairs in their profession this book is without equal. It will be read widely not only by museum professionals trustees critics and scholars but also by the art loving public itself. Il Marmo spirante Joris van Gastel, 2013-06-28 The sculptors of the Roman Baroque including masters such as Gian Lorenzo Bernini Alessandro Algardi and Giuliano Finelli managed to achieve an unprecedented vivaciousness in their works. And yet the apparent life of these sculptures is persistently obscured by their materiality. Soft undulating flesh dramatic movements and fluttering draperies are captured in hard and lifeless marble. Thus sculpture challenges the beholder is cause for confusion or frustration. Taking the manner in which the beholder's engagement with sculpture is played out in contemporary poetry and other sources as a point of departure and also introducing ideas from modern day psychology this study explores the various ways contemporary viewers dealt with sculpture's double character. As a result a new light is shed on some of the unquestionable masterpieces of European art. Die Bildhauer des römischen Barock darunter Meister wie Gian Lorenzo Bernini Alessandro Algardi und Giuliano Finelli erreichten eine beispiellose Lebendigkeit ihrer Werke. Dem augenscheinlichen Leben widerspricht jedoch beharrlich die harte Materialität dieser Skulpturen. Weiches bewegtes Fleisch dramatische Bewegungen und flatternde Stoffe sind in hartem leblosem Marmor gefangen. So fordert die Skulptur den Betrachter heraus und sorgt für Verwirrung oder auch Enttäuschung. Anhand zeitgenössischer Poesie und anderer Quellen welche die Interaktion zwischen Betrachter und Skulptur reflektieren untersucht diese Studie wie Zeitgenossen mit diesem Doppelcharakter der Skulptur umgingen. Dabei werden auch Ansätze der modernen Psychologie miteinbezogen. Das Ergebnis ist ein neuer Zugang zu einigen der höchstgeschätzten Meisterwerke europäischer Kunst. *The Life of Gian Lorenzo Bernini* Domenico Bernini, Franco Mormando, 2012-01-31 A critical translation of the unabridged Italian text of Domenico Bernini's biography of his father seventeenth century sculptor architect painter and playwright Gian Lorenzo Bernini 1598-1680.
