Comande,2024-10-02 Halley s Comet circles our sun on an average of every 74 79 years with many orbits being closer to 76 years Most people get a once in a lifetime chance to see it while there are the fortunate few who have the opportunity to experience seeing Halley s Comet twice in a lifetime In December of 2023 as Halley s Comet was approaching the far reaches of our solar system and its

furthest distance from our sun after it last rounding it in 1986 Nick Comandé discovered the notes he kept when tracking Halley's Comet during its 1985-86 visit. He decided to share his observations and excitement from the 6 months he followed the comet during the different stages of its journey in what he now calls *My Comet Tales*.

Featherland How the Birds lived at Greenlawn Manville Fenn George, 2023-11-01 *Featherland* by George Manville Fenn is a first-rate journey book for kids that pulls readers into the tale of Roy and Gladys Ransome, two brothers who turn out to be in a stunning land inhabited with the aid of clever speaking birds. The story starts off evolved when the children find a hidden route of their grandfather's aviary that leads them to a world known as Featherland. In this exceptional international world, the birds communicate to each other in human language, developing a society that looks and acts like ours. Roy and Gladys meet many distinctive varieties of birds, each with its very own character and developments. They turn out to be friends and work through difficult problems collectively. While exploring Featherland's colorful and sundry surroundings, they learn about the people who live there and their traditions. Fenn crafts an exciting story that combines adventure, friendship, and ethical classes. This mix appeals to younger readers with the aid of combining creativity with instructions about existence. Through the Ransome siblings' memories in Featherland, the story emphasizes cooperation, bravery, and information. It additionally gives younger readers an exceptional and spellbinding adventure into a world in which birds play human-like roles, which helps them appreciate nature and its wonders even greater.

How to Use Your Eyes James Elkins, 2007-08-20 James Elkins's *How to Use Your Eyes* invites us to look at and maybe to see for the first time the world around us with breathtaking results. Here are the common artifacts of life, often misunderstood and largely ignored, brought into striking focus. With the discerning eye of a painter and the zeal of a detective, Elkins explores complicated things like mandalas, the periodic table, or a hieroglyph, remaking the world into a treasure box of observations, eccentric, ordinary, marvelous.
