Forever Young Marcel Danesi, Director of the Program in Semiotics and Communication Theory Marcel Danesi, PH.D., 2003-01-01 The excessive worship of adolescence and its social empowerment by adult institutions is the deeply rooted cause of a serious cultural malaise So argues semiotician Marcel Danesi in Forever Young an unforgiving and controversial look at modern culture's incessant drive to create a teen aging of adult life Written for the general reader and based on five years worth of interviews with over 200 adolescents and their parents Danesi begins by asserting that one of the early causes of this crystallization of adolescence as an age category can be traced back to theories of psychology at the turn of the twentieth century Since then the psychological view of adolescence as a stressful period of adjustment has become a self fulfilling prophecy This in tandem with the devaluation of the family by the media and society at large has led to a maturity gap a fissure in family dynamics that is eagerly and ably exploited by the mass media Unlike many academic digressions into the

malaise of modern culture Forever Young provides concrete answers on how the forever young syndrome can be addressed One solution is to dispel the myth that experts and professionals are the people best equipped to give advice on raising children The second is to recognize the value of family in all its different combinations as the primary institution of child rearing The third is to challenge the pervasive notion that teen culture is a sophisticated endeavour that for example pop music can claim to have produced some of the best musical art in the world surpassing Mozart or Bach By laying bare the misguided tenets that have brought about and continue to promote a forever young mentality Marcel Danesi demonstrates that the teen aging of culture has come about because it is simply put good for business Teen tastes have achieved cultural supremacy because the western economic system requires a conformist and easily manipulated market and has thus joined forces with the media entertainment oligarchy to promote a deterministic forever young market *5 secrets to lose weight and not gain it back* Daniele Esposito,2018 *Dieting Makes You Fat* Geoffrey Cannon,2019-05-16 Dieting Makes You Fat is the explosive authoritative answer to the multibillion dollar dieting industry The dieting industry is booming So is obesity in children as well as adults Obesity causes diabetes heart disease and cancers as well as misery for those who suffer The experts are baffled and the dieting industry is no use because dieting makes you fat Geoffrey Cannon explains the science and the global politics that are making the world fat Including seven golden rules for achieving life long good health and wellbeing as well as to shed body fat Dieting Makes You Fat is also a handbook for anyone committed to good quality delicious food and drink fairly traded and socially economically and environmentally sustainable If you want to lose body fat if you or anyone you know is or has been on a diet if you care about the obesity crisis then this is the book for you *Fat Talk* Mimi Nichter,2009-07-01 The result of a study that followed hundreds of teen aged girls for three years this book reveals the subtleties the complexities and the realities of girls ideas about their shapes eating habits and physical ideals Nichter uses an engaging narrative style to explore the influence of peers family and media on girls sense of self *Full Circle* Katrina Covington Whitmore and Betty Lipscomb Walker,2021-11-26 Jenna Thompson the child of a healer is herself a healer She longs to become a registered nurse to combine her healing skills with the science of medicine using the best of both worlds to create a third world Her dream will take her far from the small segregated town where she was born and raised in 1950s South Carolina encountering friendships that will last a lifetime Five men will play a major role in Jenna s life Henry Lloyd and Sidney two of her six brothers one a best friend a confidant and the other her guide in the spirit world Michael Edwards has loved Jenna all his life Her unexplained disappearance shrivels their blossoming feelings Curtice Brooks ignites the passion and fire of first love but his fierce battle for civil rights ends in tragedy Branson Radcliffe is a handsome brash arrogant doctor accustomed to getting what he wants especially women He has desired Jenna for years so when the opportunity arrives he seizes it trapping her in a loveless marriage with a mother in law who is the stuff of nightmares Will Jenna s journey lead her back to where it all began bringing her Full Circle to the love that has been waiting a lifetime
